Recreation Council Stresses Inclusion Of West Side In Recreational Activities

The Scratch Pad

By Eileen Griggs

Here and There, 'Tis Learned . . . Jean Young, now an apprentice seaman in the Waves, in training at Hunter College, writes that she has made the choir . . . one in 40 out of 1500 girls in the new regiment to receive such an honor . . . hats off to Ed Planck who took Curt Wilcox' gift of a toy machine gun in such good spirit . . . reports still coming in from those receiving cigarettes that were bought by the HBMA contribution drive last October . . . H. B. Feight of Newark, O. writes a local couple that he received a carton while stationed in Scotland . . . and the boy who found the RECORD in a German vacated Italian house, (reported in last week's paper) read, for the first time, that his sister was the proud mother of a baby boy . . .

Young Bill Stokes will leave tomorrow after a short furlough with his parents on S. Wayne-av . . . Jack Mitchell who was inducted into the Navy several months ago, has received a medical discharge and you'll be seeing him 'round and about . . . Also home on short leaves is John Jenkins, West High grad, who has been stationed in Raboul . . . and John Hipple and his wife are home from North Carolina . . . Mr. and Mrs. Fred Cruise, on Westwood-dr, were pleasantly surprised Tuesday p. m. by the arrival of their son, Hemp, who is home for the first time in two years—he is a radio operator on the Pan American Airways and lives in Seattle, Wash. . . .

J. W. Toomey has been in Fla. with A. C. Keidel for the past week but is expected home this week-end . . . the Toomey's have sold their home on S. Westgate and expect to make their home in Fla. in the near future . . .

V-Mail Always Gets There

There is a real danger that overseas mail may be rationed. We are sending 34,000,000 letters a week to our men on the fighting fronts and simply haven't enough cargo space for this. Very often there has to be a choice between sending bags of mail or plasma. It is unfair for us to force this choice on the postal service.

The solution to this important problem is an easy one. Use V-Mail. Forty-nine letters sent the V-Mail way occupy the same space as one letter sent in the ordinary way. If you haven't been availing yourself of this convenience it is time to start. If you don't know how to use it ask about it in your post office where you can also get V-Mail paper. There is no mystery about it. It is simple. Furthermore, V-mail letters always reach their destination. Letters mailed in any other way are far less certain. Two hundred million V-mail letters have been delivered and not one has been lost!

We all know that letters from home are the greatest comfort that the men have. We cannot risk cheating them out of any part of the happiness they get in this way.

It is patriotic to use V-mail.

Valley Has Definite Part In Youth Organization

"The West Side valley section is definitely a part of the recreation program," stated Jerry Spears, president, at a noon luncheon meeting held at Schmelzer's Restaurant Wednesday. The policy committee of the Recreation Council, which is composed of Dr. Alberta Turner, of the Bureau of Juvenile Research; E. B. Graham, principal of John Burroughs School; Clyde Moore, of the Ohio State Journal; Walter Grenell, state probation officer; Mrs. P. B. Benton, a civic leader; Rev. C. P. Mitchell, pastor of Hilltop Lutheran Church; and the elected executive officers Jerry Spears, president; Mrs. Leo Uridil, vice-president; Henry Geshwilm, treasurer; and Robert Nash, secretary, were agreed that the juvenile program can be worked out to the best advantage by the cooperation of the school, the church, the home and all civic activities.

The program had a remarkable start in providing recreation for the teen-age group with the success of the weekly Teen-Canteen dance which has had as many as 500 in attendance. This dance is held in the West High School gymnasium from 8:15 to 11:15 p. m. each Saturday night. Dancing ceases early enough to permit those attending to arrive home around midnight, the usual teen-age curfew.

Other phases of the recreational activities will be the opening of the playgrounds, both city and school, and making the schools and churches available for additional facilities.

Mr. Spears stated that it is not the purpose of the group to interfere with any other civic organization, but to cooperate and lend a hand where needed. Each organization can combine and offer all sans independent self-activity.

There is *No* juvenile delinquency but *There Is* parental and community delinquency.

The number of children and young people of all age groups reaches nearly 5000. Facts, regarding this number, were presented by E. B. Graham. In the elementary age group there are 2616 children, including those in parochial schools. The number attending the seventh, eighth and ninth grades, total 1236, while the senior group adds up to 1089.

In the West Side Valley section there is the Starling Jr. High School which has grades one through nine, pupils numbering 3580.

In view of the great number of children, the need is great indeed to offer them recreational facilities heretofore not opened. Nominated on the committee to investigate what is available from the church and the school are Rev. Mitchell and Mr. Graham.

Facts of what the city, county and state are doing toward this problem, will be presented by Dr. Turner.

What the university student can do to aid the extension of the school program will be ascertained by Mr. Nash and Mr. Grenell, while the recreational facilities for the elementary aged students will be under the direction of Mrs. P. B. Benton and Mrs. Eileen Griggs.

Next regular meeting of the group will be held Monday, Apr. 3.

Popular Name Bands To Play For Coming Teen-Can-Teen Dances

Feature Percy Lowery; Don Crawford; Chuck Selby; Wells Ross; and Others

"Lucky seven" coming up, with the return of Leo Phillips as emcee at this week's Hilltop Teen-Canteen dance, the seventh to be held in the gymnasium of West High School, tomorrow night, starting at 8:15.

Percy Lowery will swing out for the jivesters and hepcats who attend, numbering nearly 500. So if you feel hep, and are in your teens, join in the fun by attending the 'lucky seven' night of dances.

The floor show will feature Jim Blackwell accompanied by boogie-woogie pianist Tommy Beatty; a dance team—Donna Raymond and Betty Knodel; and vocal soloist Phyllis Weber.

Name bands to appear in the near future will be Don Crawford, Chuck Selby, Wells Ross and others.

Winners of last week's jitterbug contest were 'Pinky' Bolin and Shirley Kentzman who will vie for honors at the Chittenden Hotel Curtiss-Wright dance tonight, when they will compete with winners from the Clintonville Canteen and the YMCA Club Co-ed. Prizes to the winning team will be awarded by downtown merchants.

Mrs. Leo Uridil and Bill Edwards are co-chairmen of the local dance. They, together with Mr. and Mrs. Henry Geshwilm, Mrs. Bill Edwards, Mr. and Mrs. Charles Maus, Margaret More, Evelyn Baden, Robert Nash and Mr. and Mrs. Otto Best, have been in attendance for each night. Others are needed to volunteer their services. If you desire to help, please contact Mrs. Uridil.

Also, if anyone has a piano they would like to give to a good cause, they should contact Mrs. Uridil or Mr. Edwards, 91 N. Hague-av.

Pre-Easter Services At Glenwood M. E.

Rev. Joseph B. Shellhaas, pastor of Glenwood Methodist Church, will conduct a two-weeks pre-Easter service beginning Monday, Mar. 27 at 7:30. Services will be held each evening except Saturday.

Sermon topics for the first week are as follows:

"Jesus in the Experience of Men"

Monday, Mar. 27, "War With the Demons;" Tuesday, Mar. 28, "Is There Divine Justice?"; Wednesday, Mar. 29, "Saviours and Salvation;" Thursday, Mar. 30, "The Lamb of God;" Friday, Mar. 31, "The Forgiveness of Sin."

Service Paper Reaches Hilltop Record Office

A copy of the service mans paper published in New Guinea, came into the Record office early this week. On the heading it carried the wording "In the Field" —not for sale. It brought word from Jack Freda who has been there for two years.

From its contents it was learned that the boys down under knew on Feb. 15, the date of publication, these facts taken from headlines in the paper:

"Allied forces stand firm on Anzie Beachhead"; "Travelers from Berlin say crackup inside Hitlers Reich is not in sight." "Murder Inc. planned to kill Dewey"; "Russians battling way across marsh lands near Estonian border"; Snowstorms in New England cause eight deaths."

Evidently the boys are getting news from all parts of the world as quickly as those here at home.

The want ad section is called a service section and in it appears one notice about a lost wallet, another fellow wanting to trade some 16 mm Kodochrome film and another, to trade a seven-jewel waterproof watch for a 35 mm camera.

A poll taken shows they do not want prohibition.

Jack's brother, Ted, is now in Italy and their parents, former Hilltop residents, now live in Louisiana.

Legion's Memorial Hall Plans Complete

Parade To Open Drive For Funds; Vaudeville Show To Be Given Apr. 28

Secrecy surrounding the plans of Camp Chase Post's memorial to World War II veterans was lifted Thursday, Mar. 23 when announcement was made by the committee that a Veteran's Memorial Hall is contemplated.

Edgar G. Planck, chairman, states: "For years it has been the dream of war veterans of this community that Camp Chase Post might have a permanent home available to veterans and the community alike. Now we have decided it must become a reality. Realizing it is our responsibility to help rehabilitate the veterans of World War II, we feel such a home is one of the first steps in this task. Planned by veterans of World War I and dedicated to the honor of veterans of World War II, it will not only be the home of Camp Chase Post No. 98, but will also be available to all community, civic, religious, patriotic and other veterans' organizations."

With every member of the post actively engaged in the project, Saturday, Apr. 1, has been set as the opening of the drive for funds. At 7 p. m. that evening a parade made up of the post and its auxiliary, the Columbus Drum and Bugle Corps, the West High Band, marching units from several Legion posts, and scores of other groups such as scout troops, civilian police, air raid wardens, Red Cross units, girl scouts, church groups, etc., will proceed from post headquarters at Brinker-av and West Broad-st, down through the Hilltop business section.

Following the parade the post will continue activities on the vacant lots next to the Hilltop Bank, and will serve refreshments free to everyone making a pledge toward the new building, and varied entertainment will be provided during the evening.

Plans call for subscription booths to be set up in several prominent locations on that day, and a special effort will be made to start the campaign with hundreds of pledges.

As set up by the post, pledges must be made in the form of ten dollar certificates, payable over 60 days in two installments if desired, with all payments made directly to the Hilltop Office of the First Federal Savings & Loan. Further safeguarding of funds has been made with the trust department of the Ohio National Bank by having all funds collected by the building and loan company paid into this trust fund with the proviso that unless sufficient funds are raised and the building constructed within two years after the war's end, every cent each subscriber has paid in will be returned intact.

An old-time vaudeville and radio show will be given in West High School Auditorium, Friday, Apr. 28. General admission tickets are now on sale at 75c each. These may be exchanged for reserved seats by the additional payment of 25c each, at a date to be announced later.

Tickets for the forthcoming show may be purchased at the following businesses establishments: Campbell's Drug Store, Schmelzer's Restaurant, Spillers, Shank and Saunders, Kent's Modern Market, Riepenhoff Cleaners, West Side Motors, Hilltop Record, Goodwin's Pharmacy, Budd's Barber Shop, Hauntz Market, Frownfelter's Delicatessen (formerly Claggett's), Murphy's Service Station and Jos. M. Briggs Insurance Office.

Don't Forget!

Don't forget! Sunday, Mar. 26, is the ONLY day on which your waste paper will be collected.

With a goal of 1200 tons, which is a minimum of 30 pounds of drastically needed waste paper per family, you are asked to tie newspapers and magazines into bundles small enough to be handled easily. Place loose pieces of paper in a container and tie it shut. Flatten and tie empty cartons together.

Trucks will pick up all salvage paper.

Red Cross Drive Is Over Top

The local Red Cross drive went over the top by $133.87. Goal was $5500 and the total collected was $5633.87, the largest amount ever subscribed in any drive on the Hilltop.

Results of what the Red Cross is doing abroad is revealed in the following letter from a German prisoner of war, Lt. Eugene (Dude) Grubbs, to his parents, Mr. and Mrs. Forrest Grubbs, 111 N. Hague-av. His letter follows:

"This is the first letter I've written for nearly a month. We weren't allowed to write because of the Christmas rush. I wish you could send some of your letters Air-Mail as they get here much quicker.

"Our Christmas was fairly enjoyable considering the circumstances. We had plenty to eat, a little beer. Also, we had our combine (similar to a room) decorated with gifts from the *Red Cross*. I don't know what we'd do without the *Red Cross*.

"Christmas eve we had a barracks party and the band came over and played until 12 o'clock.

"Each combine contains approximately eight men. There are two other boys in my combine from Ohio. One from Bellefontaine, the other from Springfield. A fellow from North Carolina in our combine, received notice several days ago that he was the father of a baby girl last July.

"I'd like to have seen Barbara (that is his baby girl, aged one) Christmas. I'll bet she was swamped with ifts. Don't forget her birthday for me.

"I received a notice from the *Red Cross* that I've a parcel coming soon, my first. Have received 22 letters so far.

"Send cigarettes."

If you have not been contacted for a contribution and wish to do so, you may contact either Mrs. Leonard Wisdom, RA. 4978 or Mrs. Henry Whipple, RA. 4894, co-chairmen of the local drive.

The West Side valley section also went over their quota which was set at $2250. The total amount collected was $2659.25, making a total of $409.25 over the top. This was for the residential section only as business establishments are listed under a metropolitan quota.

Mrs. Harold Kay, 91 Schultz-av, was colonel of the valley section.

Mrs. Donald J. Malone, the former Evelyn Bercaw, is recuperating from a major operation at her home at Fort Warren, Cheyenne, Wyo. She is the wife of Lt. D. J. Malone. Her mother, Mrs. Hazel Bercaw, 78 S. Richardson-av, is owner of the Bercaw Beauty Salon, 2842 W. Broad-st.

Five Girls From Tandakota Group End Four and One-Half Years Work Together

The Camp Fire Girls of the Hilltop and West Side will hold their annual Birthday Council Fire, Sunday, Mar. 26, at 3 p. m., at the Glenwood M. E. Church. They will display the work they have done in the past year.

Tandakota Group

The Tandakota Campfire group have five members who have worked together for four and one-half years of campfire activities and have received each rank together. Mrs. Elmer Adair, 131 N. Powell-av., is the guardian of the group.

The girls who have passed this final rank, "Social Leadership," which corresponds with that of "Eagle Scout" in the Boy Scout work are Phyllis Adair, 131 N. Powell-av; Vivian Bishop, 195 N. Powell-av; Doris Evans, 2589 Elliott-av; Bettyann Keidel, 38 N. Westmoor-av; Lillian Walker, 99 N. Huron-av. They will receive awards at the combined Council Fire.

Other guardians participating in the Council Fire will be Mrs. Page, Mrs. Taylor, Mrs. Weese, Mrs. Nebel, Mrs. Emrich, Mrs. Morgan, Mrs. Beason, Mrs. Waters, Mrs. Huston, and Mrs. Chenowath of Grove City.

Guy B. Myers, a veteran of World War I, had the unique experience of signing the first Legion membership application from a girl veteran of World War II, his daughter, Mrs. Joan Myers Dowd.

Naval Training Station, Bronx, N. Y., and was assigned to duty as laboratory technician at U. S. Naval Hospital, San Diego, Calif. During her training period Miss Myers met and married Raymond J. Dowd, of Atlantic, Ga, who is now PM 3 c, stationed at Oceanside, Calif.

She was honorably discharged from the WAVES last Jan. 18, and applied for membership to the Post Feb. 1.

Surviving are another daughter, Mrs. Francis Gunning; five sons, Michael, Alfred and Raymond Tonti, all of Columbus; William of Woodbury, N. J., and Capt. Edward A. with the quartermaster corps in North Africa; 20 grandchildren and four great-grandchildren.

Last rites were held Monday morning in St. Aloysius Church, followed by interment in St. Joseph's Cemetery.

Union Lenten Services End

Close of the mid-week Lenten services sponsored by the Hilltop Ministerial Association will be union services to be held at the Hilltop Church of Christ, Wednesday, Mar. 29. Rev. Enoch G. Smith will occupy the pulpit for this final service.

"A" Coupons Still Good For Three Gallons

Last Wednesday, Mar. 22, A-11 gasoline coupons became valid for three gallons. This series must last three months instead of two months as in the past.

Theo. Webb, chairman of the West Side War Price and Rationing Board, said that some motorists have the mistaken idea that the value of A coupons has been cut. They are still good for three gallons but they must last you a month longer. This is an average of two gallons a week, instead of the three you have had.

Motorists who have been using A-book rations for occupational driving will have to make application to their local boards to recover in supplemental allotments the amount of occupational mileage lost through the most recent reduction.

Effective Apr. 1, R coupons for non-highway users will not be valid at filling stations. Therefore, non-highway users who purchase at service stations, should, before Apr. 1, exchange their R for one-gallon E coupons at their local War Price and Rationing Board.

Sons Send Souvenir From South America

Sgts. Walter and Wilbur Thompson, twin sons of Mr. and Mrs. Clifford E. Thompson, 68 S. Harris-av, have sent their mother a llama rug as souvenir of the Galapagos Islands, where they are serving in the U. S. Air Forces.

The rug is designed like a wheel. In the hub is a likeness of a white llama. The spokes are variable shades of brown, with a white and tan rim.

The Thompson twins, who are 23, enlisted Jan. 18, 1942, and left for foreign service a month later.

House Clean To Reduce Home Fires

It may seem odd that the fire department is interested in every housewife doing a good job of spring house cleaning BUT the fact is that the old adage "A clean house seldom burns" is still true, and with the fire fighting forces so terribly undermanned due to retirements and men entering the armed services we can't afford to have a single unnecessary fire.

Housewives can help the manpower shortage by eliminating the fire hazards that accumulate in practically every home during the winter months. Accumulated papers and rags if they do not start a fire by spontaneous combustion, will add to the spread of a fire starting from some other cause.

This same material — papers and rags—useless to the housewife, can be used in making cartons and packing cases to ship supplies to our boys overseas. Rugs, especially, are needed to make blueprint paper and it takes a carload of blueprint paper in the building of one battleship. Getting rid of the above mentioned materials—rags and paper—will definitely reduce the danger of having a fire.

Here are a few other fire safety suggestions that should be included in the spring housecleaning:

Clean out the furnace flu pipe and replace the flu pipe if it appears to be defective.

If the furnace has been smoking have it inspected by a competant furnace repairman.

Replace worn electric cords.

Don't do home dry cleaning with explosive cleaning fluids.

Keep matches in a metal container, and out of reach of children.

Place ashes in metal containers.

Avoid building bonfires. Have rubbish hauled to the dump.

Careful observance of the above suggestions, will reduce the chances of having a fire later on.

Fashion Decrees Apron's Return

Styled for Every Occasion They Conserve Dresses

The once humble apron is coming back into fashion, not only for kitchen wear but for a proud appearance in the living room. Many factors have influenced this return. The apron requires only a small amount of cloth. It takes less time to put on than a house dress when Mrs. America comes home from her war-industry job, in slacks or coveralls. On top of all that, an apron is quickly laundered and quickly ironed, so it conserves all around.

For kitchen wear, the substantial cotton apron is still tops. It can be made of practically anything, from the tails of discarded shirts to fine chambray or percale. Criss-cross shoulder straps, or pinafore tops with narrow ruffles are two popular styles. When buying or making aprons, the important thing is to put the accent on simplicity so that ironing will not be a chore.

When the apron goes into the parlor, as it now so frequently does, it is usually made of a "fancier" though equally washable fabric. Bright plaid rayons, or daintily sheer lawn trimmed with bright appliques, are used to create sophisticated "cocktail aprons," which are just as fetching at the tea table.

The dressy aprons, though launderable, need the same treatment in the tub as other articles made of dainty fabrics. Lukewarm water for washing and rinsing is essential. A little starch for the lawns and organdies, but none for the rayon. Iron carefully with an iron that is moderately warm.

Revival In Progress

Revival meetings now in progress at the Highland Avenue Friends Church will continue throughout next week. Rev. Albert J. Fryhoff of Alliance, and former pastor of this church, is the evangelist. Music is in charge of the pastor, Herbert A. Handy. Services each evening at 7:30.

SCOOP FOR SOAP

A little sugar-scoop kept on the shelf with the packaged soap proves useful when making a small amount of suds for a few dishes or for a few pieces of laundry. If the soap is merely shaken out of the box a great deal more than is needed for the job may pour out, and go to waste.

Remember—next Monday, make all your twos, threes. That is, when you put postage on your letters.

— Letters — To the Editor

(EDITOR'S NOTE: The following letter was received from overseas early this week, from R. M. 3/c Jack C. Wilson, son of Mrs. C. B. Wilson, 234 N. Hague-av.)

March 12, 1944

Dear Friends:

"I know that I have never had the pleasure of meeting any of you personally. But to get to the point I have been one of the lucky fellows in the service who has been receiving your paper. To my estimation nothing makes a fellow feel better than to read the good 'ole paper from home. So far I have received four copies. Of course I cannot say where I'm at but you can rest assured that wherever it is I'll always look forward to your paper."

Hot Suds, Clean Towels, Banish Dishwater Bacteria

"YOU can't do business with dishwater bacteria. They don't understand polite hints. Banish them!"

That's the advice to housewives given by Marjorie Griffin, Home Editor of Capper's Farmer, a publication of national circulation.

"Sparkling china and gleaming silver may be beautiful homes to many families, even unto the millionth generation—of bad little bacteria," writes Miss Griffin. "The gentle hints of half-way dishwashing just encourage the squatters. They thrive and multiply in lukewarm water, on dishcloths and dish towels.

"They'll go on making themselves at home, spreading colds and other contagious diseases until their unwilling hostess puts an end to them.

"If she's wise, she'll use plenty of hot, suday water, the cleanest of clean dishcloths and towels and scalding water. She will change the water before it gets cold and gray."

Students at Washburn University who studied supposedly clean dishes under a microscope found colonies of bacteria—all descendants from early settlers left living on a cup washed by ordinary methods.

The easy way with dishes is the systematic way. Scrape, rinse and stack dishes in an orderly arrangement. Use 2 dishpans or 1 dishpan and drain basket unless you have a divided sink with stoppers. In one pan have hot, sudsy water. Keep boiling water at hand for rinsing.

Wash glasses first; a dish mop is handy for cleansing inside them.

Silver should be thoroughly washed, rinsed and placed on a folded towel, or pad to avoid scratching. Kitchen silver may be placed in the drain basket or rinse pan.

BRICKER FOR PRESIDENT

Hurrah, hurrah, for the voice of OHIO
A ticket that has the pull,
At last a man catering to no clan
Not affiliated with John Bull.
A business man, who can calculate
(There isn't any one quicker)
Three times Governor of our great state
The honorable J. W. Bricker.

We the people are now galley slaves,
We have war and rumours of war,
Millions of our boys in foreign graves
And we do not know what for.

So go to the poll, vote against a dole
(Don't let our country get sicker)
Sever the shackles binding body and soul
By electing J. W. Bricker.

Legion's Memorial Drive Opens Tomorrow

THE SCRATCH PAD

By Eileen Griggs

He Needed Help

A postmaster recently was slightly disconcerted at the following note which a rural carrier found in a mail box on his route:

"Dear Mailman—Attached is a check for $5 for which will you kindly get me a stamp to make our flivver a legal means of transportation for the purpose of going to the ration board for a permit to get gas to have our machine inspected so that we may visit the ration board to get authority to buy a new tire so that our car may be in suitable condition to go pay our withholding tax."

When you stop to think, don't forget to start again.

Call off the bombing for today,
Wheel out an army ship.
Hold up the war for Eleanor—
She's taking another trip!

Immobilize a fighting plane,
Fetch oil and gas, galore,
For the old gal is off again
For some enchanted shore.

For twenty-thousand miles she goes
To have her weekly fling.
And rub her nose against the nose
Of some unknown zulu king.

'Twas by design (and not by quirk)
She chose this distant shore.
The only place she hadn't stuck
Her prominent nose before.

Now having rubbed the royal nose,
She crossed another sea—
To scare the natives (I suppose)
And watch them plant a tree.

This happy thought occured to me
As homeward bound she sped.
"Why couldn't they have shipped the tree,
And planted her instead?"

"C" for Columbus

From "Sunny" Italy, by the writers' own phraseology, comes word from buddies in the W. E. Keepem Flying outfit. They state:

"W. E. write in behalf of a native of your fair city, namely Sgt. Emmett Minshall, now and for over two years, a member of our squadron.

"Sgt. Minshall has dragged his weary body throuh the dust of Africa and the mud of Italy, but his heart has ever remained enshrined in Columbus, Ohio.

"The sergeant is none other than the originator of the famous "V" haircut but W. E. are in high dudgeon over his sad case. Because of the scarcity of mail from Columbus, his anxious mind is centered completely on nostalgic thoughts of fair Columbus to the utter exclusion of all else. Consequently his famous "V" haircut has disintegrated into a no less patri-

Pre-Easter Services Planned By Several Local Churches

Pre-Easter services are planned by several local churches. Communion services will be held in all churches next week, Holy week. Most of them will conduct such services several times during the week to take care of the large number of worshippers.

Good Friday services will also be observed in many of the churches. Glenwood Methodist Church will present the choir in the Cantata, "Olivet to Calvary," which program appears on page 8 of this issue of the Record.

Those announcing their services for the coming week are as follows:

Hoge Memorial

Two Communion services will be held at the Hoge Memorial Presbyterian Church Thursday and Friday evenings, Apr. 6 and 7, at 7:30 o'clock. Both services will be identical and open to all strangers in the community who may temporarily be without a church home.

Reception of new members will be held at the morning service on Palm Sunday. To this service children may also be brought for baptism.

Hilltop Lutheran

With two special Palm Sunday services, the Hilltop Lutheran Church, W. Broad-st, at Terrace-av, will begin a series of pre-Easter Holy Week services which will end with a special communion service at noon Saturday, Apr. 8, for those who work nights.

The Palm Sunday services include the regular morning worship hour beginning at 10:30, at which time new members will be received. There will also be an early morning worship hour beginning at 7:30, identical to the 10:30 service except that confirmation of the 1944 class will take place during the early service.

Holy Week vespers will include two identical worship services on Maundy Thursday, the first beginning at 7 and the second at 8:30 p. m. The Sacrament of the Holy Communion will be administered during both of these Thursday services. The traditional Good Friday service will be held at 8 p. m., following which there will be another Communion service for those unable to attend either of the Thursday services.

Sermon topics for these Palm Sunday and Holy Week services are as follows: Palm Sunday services, "Beware of Kadesh;" Holy Thursday, "The Way of All Flesh;" and Good Friday, "A Tale of Two Cities."

Hilltop Ministerial

A two hour service sponsored by the Hilltop Ministerial Association will be held at the Burgess Avenue United Brethern Church on Good Friday from 1 to 3 p. m. Short devotional talks

RECREATION? What Else Besides The Dance

By Jerry Spears
(President of the Recreation Council)

Yes, there are many phases of recreation in our thinking in addition to the "Teen Canteen."

The Community Recreation Council is assigned to a really huge task. The purpose is to enlist all of us of the Hilltop and downtown West Side to create, or re-create as the case may be, that wholesomeness reflected by health and happiness.

The "Teen Canteen" seemed to answer part of the questions, although the committee in charge recognizes that this activity is limited both to season and to a small number of young people whom the community desires to serve. It will require much thinking and a great deal of effort to initiate plans and discover facilities so that the thousands of young people and children may find constructive means of expression to the end that their potentialities may become actual. We assure you that we are just beginning to work at this project and that we shall from time to time give full information regarding the progress that is made by the Council.

It is the purpose of the executive committee, and I am sure it is your desire also, to plan a long-range schedule that will still function after this emergency of war shall have passed. This involves accounting for ativities that will not only offer a place to play but also to help young people find a place of gainful occupation in the right atmosphere. Many young people desire to work during leisure hours, and many business men desire such help, but neither one knows how to find the other. The Council can in such cases become the clearing house and, therefore, assist that boy or girl to reach the desired goal. Human differences both in desires and needs necessitate a versatile approach and much real understanding. God's gift to each child born into the world is "self realization," and we are convinced that the means of attaining it is "independent self activity."

11th Ward G. O. P. Club To Announce Committees Thursday

Local Pastor's Daughter Dies In Fire

The daughter and three grandchildren of Rev. and Mrs. J. L. Dean, pastor of Hilltop Community Church, 194 N. Roys-av, lost their lives in a fire which destroyed their one-story, three-room home in the Blacklick section, five miles east of Gahanna early Wednesday.

The dead are 29-year-old Mrs. Grace King, wife of Elsworth King, who is employed on the night shift at Curtiss-Wright; and their children, Merrill, 3; Shirley, 2; and Edward L., two weeks old.

Two other children, Ronald, 8, and Olive, 5, who were in the house at the time, ran to the home of a neighbor after the fire broke out.

King, who farms by day, left his home at 12:30 a. m. for his work at Curtiss-Wright. He received word of the fire at 3:15 a. m.

Exact cause of the fire was undetermined, but it was believed that the oil cook stove might have exploded or something caught on fire while Mrs. King, who returned from a hospital a few days ago, was preparing milk for the two-weeks-old baby.

Apparently Mrs. King tried to beat out the flames, and when she saw they were getting out of control, unlocked the back door. Ronald and Olive ran barefooted to the home of Ott Geiger, a neighbor, and told him their mother was fighting the flames. Geiger went to the King home and called Joseph Feder, another neighbor, to aid in fighting the fire. Emma Sager, also a neighbor, telephoned the Gahanna fire department.

The baby, Shirley, and Olive were sleeping in the front room and Merrill and Ronald in the back bedroom. Mrs. King was found on a davenport in the front room.

The house burned to the ground. Only the chamiley was left standing. A tank outside the home which held gasoline for a new tractor did not explode during the fire although the tractor was damaged. Two old automobiles, near the house were also damaged.

Kin said that he and his family had expected to move into larger living quarters soon.

Mrs. King is survived besides her parents, two brothers, Paul and Warren Dean, and two sisters, Mrs. Genevive King and Martha Dean, all of Blacklick.

The King address is 3491 Waggoner-rd, Blacklick.

Zero Hour Approaches For Opening Gun ---

Pledge Stations Set Up On Sullivant Ave. and Broad St.; Parade; Refreshments To Pledgees; Program Continues Thru Sunday.

All is in readiness for the opening gun of the Memorial Hall campaign. Starting tomorrow morning, eight pledge stations will be available to residents for making their contributions to the Veterans' Memorial Hall fund. These have been set up in the banking room of the First Federal Savings & Loan Association, lobby of the Rivoli Theatre, the Hilltop Furniture Co., Gray's Drug Store, Seiller's, Jos. M. Briggs Insurance office, Koontz Drugs, and Russel's Drugs. Manned by campaign workers, the goal will be to write 1000 pledges during the first day of the drive. It is emphasized that pledges only are asked, payment to be made any time during the 60 days following at the First Federal Savings & Loan Association only.

Picture of Proposed Memorial Hall

For those who will be unable to attend the 'opening' ceremonies, tune in to the 10:30 broadcasts Saturday night, of Jim Cooper of WBNS and Walter Furniss of WCOL. They will report the progress of the first day's drive for funds at that time.

As a highlight of the campaign opening, a procession made up of representatives from every organized group on the west side will move from post headquarters at 3184 W. Broad-st through the business district, and disband at Highland-av. West High's marching band and the Columbus Drum and Bugle Corps will head the parade, while members of many Legion posts and auxiliaries, civilian police, air raid wardens, Red Cross workers, boy scouts, girl scouts, Campfire Girls, P-TA representatives, and church groups, will appear in the procession.

The committee is making a special request of every family with boys or girls in the service to march in the parade as proxy. The parade slogan is "Everybody in the procession,—no one on the sidewalks!"

World War II Soldiers Wanted In Parade

John H. Kirkpatrick, parade marshall, has issued a call to all World War II service men or women now discharged or on furlough, to join the community parade tomorrow night which opens the drive for a Veterans' Memorial Hall. All wishing to participate should report to Belford Lane, World War II veteran, at 3184 W. Broad-st, Saturday evening at 6:45 p. m.

Army Food After Parade

Preparations have been made on the lot adjoining the Hilltop Branch of the Ohio National Bank to serve sandwiches and coffee from army field ranges installed for the occasion. Every person making a pledge Saturday will be given a ticket entitling him to his share in this activity.

Red Cross Participating

Co-operating in the drive for blood donors, the committee has arranged for an exhibition of Red Cross canteen wagons and mobile units which will be parked on the lot. At each pledge station a Red

'April Fool's' Dance At Teen Canteen

It will be an "April Fool's" dance, but those attending won't be fooled when they dance to the strains of the 12-piece band of Don Crawford's at the Hilltop Teen Canteen dance tomorrow night in the gymnasium of West High School. Featured vocalist will be Margery Allen and tenor sax and romantic baritone Bob Hyatt will also "give out" with several selections from the Hit Parade.

Winners of the local jitterbug contest became city "jitterbug" champions at a contest given at the Swing and Sway club at the Chittenden Hotel last Friday. They were 'Pinky' Bolin and Shirley Kietzman who received a placque for their school, West.

A variety show, given by the pupils of Dorothy Bloom of the Beaux Art School of Dancing, will be the floor show. Those taking part will be Susie Johnson, Phyllis Lanane, Betty Cyre, Roxie Plet, Barbara Vance and Alice Jean Vance, Elaine Ginsberg, Mazie Cohen and Nancy Benjamin.

Dancing is from 8:16 to 11:15 and price of admission remains the same, with tickets available at the door.

Man Injured As Cars Collide

When his auto collided with another car at Lechner and Fairmont-av late Friday, J. R. Rushin, 45, 284 Wrexham-av, suffered head injuries and a possible ankle fracture. At Mt. Carmel Hospital, his condition is described as fair.

Officers said the other car involved was driven by George C. Lehmkul, 25 S. Ogden-av.

All Frozen Fruits and Vegetables Made Point-Free, Effective Sunday

All frozen fruits and vegetables today were made ration-free, effective Sunday, and present low-point values on popular cuts of beef, veal, pork and lamb were ordered continued through Apr. 29.

Frozen fruits and vegetables technically stay on the list of rationed foods but have a "point-free" rating. The move, OPA explained, was taken to make as much cold-storage space as possible available for meat. The action was requested by the War Food Administration.

The April ration table keeps butter at 16 points a pound, but reduces some ready-to-eat meats and processed foods.

Canned peas, available in large supply, were put on the point-free list, dropping to zero from the present value of three points for a No. 2 can, while carrots in No. 2 cans were given a new value of three points, cut from five.

Because of relatively small supply on hand, all canned fruits were continued at the present high-point standards, but canned tomato juice in sizes through 14 ounces was reduced one point. Present values range from two to five points.

Space occupied by these products and by a record quantity of meats is needed, it was explained, for butter, eggs and other perishable commodities soon to come into peak seasonal production.

OPA said that about 1,180,000,000 pounds of meat will be available for civilians in April as compared with 1,266,000,000

News And Views Of Proposed Veterans' Memorial Hall . . . .

Do you know, we like those Legion men? They rush in here, take over the Record office, tell us where to get off, and we love it! With pep and drive like that, we believe this Memorial Hall campaign is in the right hands. We're for it 100%!

By actual count, 65 committee meetings, countless conferences with Hilltop business men, many consultations with bank officials and attorneys, have been held in an attempt to perfect this Memorial plan. It is the concensus of opinion that it covers every angle, and safeguards the interests of everyone concerned.

The committee states there are no blueprints of the proposed building in existence. Months of research and study will be required before that is possible. However it will have a main auditorium with a minimum of 5000 square feet, and a basement banquet room of 3000 square feet, with smaller rooms for offices, committee rooms, museum or library purposes. No site has been selected, although it is hoped suitable ground may be found on Route 40, somewhere on the site of old Camp Chase, from which the local post takes its name.

An artist's conception, in color, of the interior of the Memorial building, is being shown by the committee. If you miss seeing it Sunday at their party, watch for it in next week's issue of the Record!

No fooling,—people were lined up in front of the First Federal last Monday morning, wanting to make pledges, a week before the drive opens. What will it be like tomorrow morning? Next week names of the first to pledge at each station, will be printed.

Do you get hungry during the evening? Here's a tip! If you make a pledge to the Memorial fund tomorrow, you will be given a ticket good for some refreshments over on the lot next to the Ohio National Bank. We hear they are to be cooked army style,—on field ranges—whatever THEY are!

We are told the Red Cross is joining the parade in style! There will be three mobile units, a station wagon filled with pretty "Red Crosses," and three new rolling kitchens in the line-up. These units will be parked on the lot next to the bank, and opened for inspection before and after the parade. They are "out for blood," so be sure to sign up before they leave. Every one should give at least ONCE!

Ever been in a parade? Always been a "looker?" Here's your chance! Camp Chase Post wants everyone IN the parade, no one on the sidewalks LOOKING at it! Why not honor a boy who can't BE here to parade, and take his place? If you haven't anyone in the service, march ANYWAY and show where your heart is! Go to *3184 W. Broad-st* tomorrow at 6:45 p. m.! They will have a spot for you. Old, young, man, woman, boy or girl—that means you!

Do you like tea? Movies? Music? War relics? You do! Then be sure to attend "open house" at Camp Chase Post headquarters Sunday afternoon from 2 to 6. Sounds like a grand party. Take the family along! We'll see you there!

Is your son worth *$10.00*? Sounds silly, doesn't it? But that is all it takes to have your son's or daughter's name forever inscribed on the walls of this new memorial building. And for the same *$10.00* they will put your name as sponsor on the opposite wall. Sounds like something you wouldn't dare stay out of! Buy a share for every member of the family, they will want their names included, we know.

Heard about the variety show coming in April? It is a 10-act old time vaudeville, all professionals, and it sounds like SOMETHING! Of course it must be at West High, the new memorial auditorium isn't built yet—worse luck! But there'll come a day when it IS available if you pitch in with those pledges. Get busy!

The community spirit of the Hilltop is running high! The committee tells us the telephone rings constantly with offers of aid in this drive. Many mothers of veterans insisted the parade route should be much longer, so every person on the Hilltop would see them marching for their boys!

The Army now marches on its stomach in capsule form! If you attend the open house Sunday afternoon you will see the new rations K, D and C. Sometimes the boys subsist for weeks on these concentrated foods.

Know what hari kari means? In the Army display they will show a knife used for this purpose, taken from the hand of a dead Jap who departed this earth in the approved manner.

Ever see a World War ace at first hand? Sunday afternoon, Captain Harold Spears, U. S. Marine Corps, will attend the open house party and speak of his experiences. He has shot down 15 enemy planes, and 10 others were seen on the ground in flames, but not officially credited to him.

Movies showing the use of blood plasma at the front, and training films crowded with action are on the program for Sunday. These come directly from the Army's library of films.

Did you know 4500 boys and girls from the greater west side are now in service? The Red Cross blood bank insists it is up to the West Siders to donate a pint of blood for each man in service. Have you signed up with them?

ZERO HOUR—

(Continued from Page 1)

Cross nurse will be stationed during late afternoon and evening to take applications from blood donors. The call is urgent and every red blooded individual should arrange to visit the blood bank.

Program Continues Through Sunday

On Sunday the committee has arranged a program of entertainment for the general public. From 2 to 6 in the afternoon, a continuous program featuring moving pictures, music, and exhibition of relics and souvenirs from World War II, and short talks from veterans just returned from fighting fronts, will be presented. Tea will be served to guests by the Ladies' Auxiliary. Every member of every family is invited to attend this "open house" at post headquarters, 3184 W. Broad-st.

Equipment On Hand

Have you ever wondered what a jeep looks like? Or a scout car? And are you still in doubt what a half-track is, even though your boy has explained it to you? These, and others, will be in the parade; on the lot afterwards for your inspection; and at the post headquarters on Sunday.

Also, you can see what your boy eats in the form of K, D and C rations.

Capt. Harold Spears, nephew of Jerry Spears, recently returned from active duty, will be there to relate several of his experiences. He is a native of Ironton, O.

Rev. Glendon Herbert, pastor of Hilltonia U. B. Church, wants to rent 5 rm. house for 3 adults. Preferably located near church. 522 Columbian-av. Call RA. 9160 or 503 Hilltonia-av.

Don't Risk Roof Leaks

BAD weather quickly locates the weak spots in roofs. New leaks develop, and old ones get worse. Wise property owners refuse to take chances—they have risky roofs put in good condition or replaced before any damage occurs.

When new roofs are needed, we can supply the right type of Carey Shingles or Roll Roofings at the right price. We'll gladly furnish a free estimate on these time tested roofs.

Veterans' Memorial Campaign

Artist Joe Leazenbee's conception of our proposed Veterans Memorial Hall.

Starts April 1st

$100,000.00 To Be Raised For Veterans' Building

Today

Over There

That son of yours TODAY may be a dogface in a foxhole in New Guinea, pushing a bomber cart, Berlin, manning a ship at Bougainville, storming a beachhead at Anzio, driving a tank in Italy, training a company in Texas, toughening up in boot training, — wherever he is, he has no time to plan for his future.

Tomorrow

Over Here

But YOU have! At this very minute we must direct all our efforts to prepare your boy for peace times ahead. When he comes home of course he'll want his fill of shower baths, lots of mother's cooking, chit-chat with Alice, Lucille and Hazel, weeks of do-nothing-whatever,—but after that is out of his system you will discover he is a man grown! Do you remember after the other war,—those jobless years —apple sellers—bonus marchers—disinterest — forgetfulness? The public FORGOT THOSE BOYS! THOSE boys, now members of Camp Chase Post, are not going to forget YOUR boys!

Sit down in family conference THIS MINUTE, discuss this thoroughly and fairly, then ALL of you come down on Broad Street tomorrow night and make your pledges! You will go away from that pledge stand with heads up, shoulders back, hearts bursting with pride! You will have done your share, that is all we ask.

State Dept. Approves Step

To Camp Chase Post No. 98 The American Legion

Dear Comrades:

I only recently learned that Camp Chase Post No. 98 is planning to erect a building as a Post Home.

A home owned by the American Legion Post, whose motto "For God and Country," and "The Spirit of Devotion to Mutual Helpfulness," will be regarded as a memorial to the veterans of all wars, and an asset to the community.

From the records in Department Headquarters, Camp Chase Post No. 98, has fulfilled its obligation to the veteran, and to the community, through its program on Americanism, Rehabilitation, Junior Activities, National Defense, and in the program of Prevention of Juvenile Delinquency.

The American Legion, Department of Ohio, congratulates Camp Chase Post No. 98 on its effort to provide a permanent home for the Post, which will keep alive the memory of those who gave their lives to preserve the American principles, and ideals.

Camp Chase Post Sponsors Project

Our Plan

To construct a living memorial—a veterans' building—is our goal! Camp Chase Post members, as former war veterans, feel it is their obligation to take the initiative, organize, activate and bring to a successful conclusion this worthy project.

Its members believe the funds for this building should come, not from the pockets of a small group of friends and wealthy patrons, but from literally thousands of Hilltop and West Side contributors. Every soldier's father, mother, sister, brother, relative and friend should have a part in this project, participating because their heart dictates, creating a structure that will radiate the air of affection, love and community respect for those boys soon coming home. Only by such means will it accomplish its purpose.

Your Part

We have made it possible for everyone in our community to participate. The minimum pledge is $10.00, which amount will in turn honor that relative or friend in service. Each individual pledge will assure placing that soldier's name forever upon the walls of the memorial, and in turn, the name of the donor upon the roll provided within the building. With each pledge the post provides a card describing the project, bearing the sponsor's name, and planned for mailing to the sponsored soldier. Can you imagine the pleasure, the pride, the feeling of security that soldier will experience when he receives YOUR card. Can you imagine his feelings when he receives three, five, a DOZEN cards from his relatives and friends? We can think of no better way to maintain morale. That is YOUR part in this plan! Make your pledge at once, start those cards through the mail NOW!

Your Contribution Safeguarded

Camp Chase Post will handle no money in this campaign. Our solicitors will take your pledge, but all payments will be made directly to the First Federal Savings & Loan Assn., which will in turn place the funds on deposit in the Ohio National Bank, where they will be invested and held in trust until the war is won. If, for any reason, the project is not undertaken within two years after hostilities cease, every cent you have contributed will be refunded. All moneys contributed will be held intact for the purpose of erecting or acquiring a Veterans' Memorial Hall. ALL COSTS OF PROMOTION are being paid privately by Camp Chase Post.

Making A Dream Come True

Subject: The Veterans' Memorial Hall
To: All citizens of West Columbus
Dear Friends:

Since its formation 15 years ago, Camp Chase Post has dreamed and worked toward a permanent home for the post, which would also be available for community gatherings. Twenty-five years after World War I, that dream remains unfilled.

Now, in the year 1944, those veterans of 1917-18 hereby make solemn pledge that veterans of World War II shall not carry on under a similar handicap. Camp Chase Post has set itself the task of making that dream come true, too late perhaps for their own use, but READY for the new veterans when they return.

You, as citizens, as neighbors, as relatives of men now in the armed forces are urged to join with us in bringing this worthy project to a successful conclusion.

Sincerely,
Horace J. Swain,
Post Commander

Zero Hour Set

Saturday, April 1 is the date set for opening the campaign for a veterans' memorial hall. On that date pledges will be accepted at both Hilltop banks, and during the day and evening several Hilltop stores will maintain stations at which pledges can be made. From that day forward pledges will be accepted by, all post and auxiliary members in addition to the two banks.

Parade To Open Drive For Funds

Forming at 7:00 p. m. at post headquarters, 3184 W. Broad Street, a procession including post and auxiliary members from various units, civilian police, air raid wardens, Red Cross units, boy scouts, girls scouts, Camp Fire groups, church and fraternal units, etc., will march through the business district, heralding the opening.

A Parade In Reverse!

Although honoring soldiers and war veterans of this war, the parade will have only a small number of veterans in its line-up. Some person in private life will be marching in his place. You are urged to march and represent your son who cannot be present.

Blood Donors Wanted

4500 West Side boys now in service — **4500 pints of blood needed from West Side**

Nearly every home has someone in the armed forces, called to protect his country. Perhaps tomorrow your boy might need the life-saving blood plasma.

It is up to the folks back home to see that it is always available! Have you done your part? Camp Chase Post has promised the Red Cross its aid in reaching this goal of 4500 donors. Tomorrow afternoon and evening Red Cross workers will be stationed at all pledge booths to take donor applications. Be sure to do your share. Soldiers are asked to give their lives, a pint of your blood might save a life. SIGN UP TOMORROW!

Invitation

Camp Chase Post No. 98 and its Auxiliary invites your entire family to be their guests at an "open house" Sunday afternoon, April 2, between the hours of 2 and 6 at post headquarters, 3184 W. Broad St.

Home Canning Sugar Available

Sugar for home canning will be made available to consumers at the same rate as last year, and in much the same way, the Office of Price Administration announced early this week. The maximum amount of sugar available for home canning purposes for the entire year is not more than 25 pounds per person.

Home canning sugar is made available as follows:

As previously announced, five pounds of sugar for home canning may be bought with Sugar Stamp 40 in War Ration Book Four. The remainder—a maximum of 20 pounds of sugar per person—will be granted on application to the local War Price and Rationing Board, 33-10, Franklinton School, Sandusky and Broad-st, any time.

Application for additional sugar beyond that allowed on Sugar Stamp 40 is to be made on a simple form (OPA-R323) and the entire transaction may be handled by mail. A single application may be filed for all persons living at the same address.

Spare Stamp No. 37 from War Ration Book 4 for each person for whom application is made must be attached to the application. Consumers are urged to estimate their home canning needs carefully and apply only for as much sugar as you are sure you will need. If a consumer under-estimates his canning needs, he may apply again at the same board providing the amount received totals not more than 20 pounds per person.

Spare Stamp 37 will not be honored at your grocery for sugar. It is only used for purposes of identification at your local board and must be attached to the application form for each person applying for canning sugar.

The only stamps valid at your grocery for sugar are Sugar Stamp No. 30, and beginning Apr. 1, Sugar Stamp No. 31, each good for five pounds indefinitely. Sugar Stamp No. 40, made valid Feb. 1, is for canning sugar to take care of the early southern fruit.

FOODS for Fighting Trim

SCOTCH LIMAS

Though busy doing her share of Red Cross and Civilian Defense work, the American homemaker must provide her family with wholesome nutritious meals. Here's a dish which is simple to prepare, yet contains most of the ingredients for a balanced meal. It is:

Scotch Limas
6 tablespoons margarine, melted
2 cups dried lima beans
4 cups water
1 onion, chopped
1/3 cup brown sugar
2 teaspoons salt
⅛ clove garlic
¼ cup diced celery or
2 tablespoons crushed dried celery leaves
3 strips bacon

Cover lima beans with 4 cups water. Add margarine, brown sugar, onion, salt, garlic and celery. Cover and cook until beans are tender. Place in a well-margarined casserole and cover with strips of bacon. Time: bake 20 minutes, or until bacon is cooked. Temperature: moderate oven, 350° F. Yield: 6 servings.

Other favorite recipes are found in a full-color, 32-page cookbook, "Foods for Fighting Trim." Send to National Cotton Council, Box 18, Memphis, Tennessee.

FOR SALE OR TRADE

What are those books in the window
Are they for sale or trade?
The sad man inside quietly replied
They tell me how to spell a spade.
There's Rogets, a rhyming dictionary
What in the world are those?
The sad man inside quietly replied
A few reasons I wear old clothes.

Those things hanging around everywhere
They look a little like poetry?
The sad man inside quietly replied
Those are treaties on geometry.
The traveler left, talking to himself.

Buy every book standing on the shelf
And write poetry about the war."

17-Year-Old May Join Navy, Yet Finish School

Seventeen-year-old youths in their final semester of high school may now enlist in the Navy, and be placed on inactive duty to finish high school and receive their diplomas, according to Lt. F. A. Duffy, officers in charge of the Columbus Navy recruiting district.

Young men meeting the age and school qualifications can be examined Monday through Friday at the Navy Recruiting Station in the Old Post Office Building.

If found qualified on all points, they will then be sworn into the Navy and returned to their homes on inactive duty to complete the school year. These boys have complete assurance their high school education will not be interrupted and they will not be called to active duty until after graduation.

THE SCRATCH PAD

By Eileen Griggs

The things that money can't buy would make a long list. As the editor of the Saturday Evening Post, the late George Horace Lorimer, once wrote: "It is a good thing to have money and the things that money can buy, but it is good, too, to check up once in a while and make sure you haven't lost the things that money can't buy." Here are some of them:

Money can't buy real friendship — friendship must be earned.

Money can't buy a clear conscience—square dealing is the price tag.

Money can't buy the glow of health—right living is the secret.

Money can't buy happiness—happiness is a mental condition and one may be as happy in a cottage as in a mansion.

Money can't buy inward peace—peace is the result of a constructive philosophy of life.

Money can't buy good character — good character is achieved through decent habits of private living and wholesome dealings in our open contacts with our fellow men.

Money **cannot buy** some of the most valuable treasures life has to offer.

If you lose your temper, it is a sign that you have wrong on your side.

A Fifth Freedom!

Can there be a fifth freedom—freedom of enterprise? Perhaps and it is best explained with the following definition:

The power to choose the work I do,
To grow and have the larger view,
To know and feel that I am free.
To stand erect, not bow the knee.
To be no chattel of the State,
To be the master of my fate,
To dare, to risk, to lose, to win,
To make my own career begin.
To serve the world in my own way,
To gain in wisdom, day by day.
With hope and zest to climb, to rise,
I call that Private Enterprise.

Theodore Roosevelt once said:
"The best executive is the one who has sense enough to pick good men to do what he wants done, and self-restraint enough to keep from meddling with them while they do it."

• • •

The National Anthem—

One of the opening scenes in the recent moving picture, "Song of Russia" showed Robert Taylor conducting an orchestra playing our National Anthem. Because this was a part of the story, there seemed to be a hesitancy in the audience toward giving the anthem the usual respect, by standing. This scene *was* unusual, but the correct procedure would have been to have stood at attention during the orchestration of the number.

A good safe rule to follow in order to show proper respect, would be to come to attention and stand if in a public place or in a group of three or more people at any time, when the anthem is played. If alone, it wouldn't hurt to pause a moment during these days of war and confusion, and say a prayer for our boys, fighting for OUR democracy.

Never be asked to stand when the anthem is played—rise and come to attention as soon as the music is recognized — you will always be correct.

The circumstances under which the anthem is played has no bearing on the degree of respect shown it.

You Should Register

"Why you should register and vote in the primaries" has been written by Francis Dunn, and I thought it worthy of presentation to you, the voter.

Sketch Of Main Hall For Proposed Memorial Building

This is an artists conception of an interior view of the proposed Veterans' Memorial Hall to be erected somewhere on the site of old Camp Chase. Although the building is not even in the blueprint stage, the committee announced the building would contain a main hall as shown with a minimum floor space of 5000 square feet, a dining hall with a minimum area of 3000 square feet, and numerous smaller rooms available for offices, committee rooms, trophy and museum, library, music, etc. The committee pointed out months of study would be required before the actual needs of the community could be determined and plans drawn that would assure a building suited to its purpose.

Buy Auto License At Koontz' Drugs

Columbus motorists this week were asked by the State Bureau of Motor Vehicles to remove from their cars their 1942 metal licenses and their 1943 windshield stickers. In the case where both the old 1943 license and the new 1944 license are the same, some motorists are leaving their 1943 license on the front of the car, bureau officials said, although such practice is discouraged by both the state highway department and the state highway patrol.

Licenses are on sale the year around by Henry Koontz, at his drug store, Eureka and Sullivant-avs.

In marking gasoline tickets, OPA officials said that 1944 license numbers should be used on coupons issued after Mar. 31. All A tickets should have been marked with 1943 tag numbers at the time the coupons were issued, and the new 1944 number written on the cover of the book.

Headed by a police escort the parade marched down through the business district to Wheatland-av, stopping en route to do honor to the 28 Hilltop soldiers who have given their lives in this war with the sounding of taps by a member of the West High Band. Activities continued on the lot adjoining the Hilltop Branch of the Ohio National Bank with an intensive drive for campaign pledges.

Young Brother Wins "Joking" Bet

Robert

Mary

When Bob and Mary Cornwell enlisted in the Navy within a month of each other, a year ago, they made a verbal joking bet on who would receive his or her rating first.

Last week, Bob notified his parents, Mr. and Mrs. David R. Cornwell, 356 S. Roys-av, he had received the rating of Coxswain 3/c. Recently stationed at an amphibious base overseas, he is now at sea.

Mary recently took examination for a special rating and passed her exams, but due to the complement of officers at her base, Anacostia, Washington, D. C., being full, she failed to get the rating. She could have requested a transfer, but rather than leave the base which she considers "the finest air station in the Navy," she decided to waive her chance for petty officer rating for the present.

Bob, 18, joined the service in February, 1943 and Mary, 22, joined a month later, in March.

At a candlelight service at 7:30 o'clock on Thursday, Feb. 29, in Glenwood Methodist Church, Miss Jeannette Elora Sharpe, daughter of Mr. and Mrs. A. Sharpe, 164 N. Powell-av, exchanged nupital vows with Alvane F. Maxwell F. C. 3/c son of Mr. and Mrs. D. R. Maxwell, 179 S. Richardson-av.

The double-ring ceremony was read by Rev. Jos. B. Shellhaas.

The bride wore a white net gown with shirred bodice and elbow-length sleeves. Shirred ruffing ran down the front of the skirt which fell into a circular train. Her finger-tip veil of illusion was of a heart-shaped bonnet. Her only jewelry was a gold friendship pin centered with a single diamond, worn by Mrs. Arthur Boehning, the former Camille McKee at her marriage. She carried a colonial bouquet of white roses, sweet peas, and carnations.

Miss Alice E. Sharpe, bridesmaid and sister of the bride, was gowned in a shirred frock of delicate pink marquisette and lace with a sweetheart neckline. She carried a colonial bouquet of violets, pink sweet peas and white carnations, and wore a cluster of white carnations in her hair.

The flower girl, Marilyn Nell Maxwell, sister of the groom, was in a floor length frock of pink taffeta carrying a basket of shattered pink carnations.

Robert Maxwell attended his brother as best man.

Usherettes were Miss Esther Faith Childers, of Dayton, cousin of the bride and Miss Ann McKinley, who lighted the tapers prior to the ceremony. They were attired in identical gowns of white flowing marquisette and wore colonial corsages of violets and pink carnations with clusters of shattered pink carnations in their hair.

Pink carnations fashioned the corsages of both the mothers, who were attired in navy blue with matching accessories.

Miss Kay McKinley, vocalist, accompanied by Mrs. Fern Johnson at the organ, presented a program of nuptial music.

A reception for the immediate families followed the ceremony at the home of the bride's parents.

Home Nursing Class Organizes

On Wednesday morning, Apr. 12, from 9 to 11, Mrs. Rush Robinson, Jr. registered nurse, will organize and instruct her third home nursing class, in West Broad Street elementary school, according to Mrs. Myron Seifert, sponsor.

This class will meet for a two hour period, once a week, for 12 weeks.

The study of home hygiene and the care of the sick in the home, enables home makers to relieve the heavy demands on doctors and nurses. If ever an emergency should arise, the woman who takes this course is prepared to do much to aid in such a situation.

Donating her services again is Mrs. F. P. Brown, registered nurse, 64 N. Powell-av, who will entertain the children of mothers taking the course, in a nearby room, where blackboard, low tables and chairs are available for their use.

There are no educational requirements, no age limit and no cost for the instruction, except a nominal fee for the textbook.

To register, call Ma. 6841, Home Nursing office.

icance in the general elections when we decide whether the state or nation goes Democratic or Republican.

"This habit of depending on the other fellow to select the candidates during the primary election has often resulted in having both the Republican and Democratic candidates coming forth with the same phrases, the same points of view and representing the same people.

"This is not intelligent citizenship—if our nation is to survive and if the people of America want candidates who will really represent the peoples' interests, then Mr. Average Citizen must register and go to the polls and select his candidate during the primary election.

"This is just good business sense. Before a well established firm engages a man or a woman for a position, they look first into his background and experience. If he or she comes up to the qualifications set by the firm the individual is probably hired.

"One hundred and thirty million people of the United States are the employers of our public officials. Our taxes pay their salaries and if the people make a mistake in choosing a public official, this mistake comes out of our pockets. In order to avoid a mistake of this kind we must see that the right candidate is nominated to represent the people from both major parties.

"That is our job. To inform ourselves about the candidates running for office within our party and support them in the primaries. This is the only guarantee we have that good honest men will be on the ballot during General Election in November.

"Register before April 9th so you can vote in the primaries, May 9th."

Jack Bellar was fortunate enough to see Bob Hope and his radio show when they were in the South Pacific, and he reports that the last thing Hope said before leaving was, "Well, boys—I hope the next time I see you, it'll be in your local theatre on the main street of your own home town." This brought the morale of the boys up 100%.

Ohio Honors Army; Bricker Sets April 6

Gov. John W. Bricker recently proclaimed April 6 as Army Day to "pay tribute to the courage and the heroism of our men and women who are carrying the colors of this republic forward to victory."

He urged all citizens to observe the day by displaying the American flag at their homes and places of business, by purchasing War Bonds, by writing letters to those in the service and "by re-dedicating ourselves to the cause of liberty."

A Prayer for Peace
A Promise of Victory

OUT OF THE DARKNESS of sacrifice and sorrow, the blessed certainty of Easter . . . out of the storm of war, the promise of Victory!

This year, of all years within living memory, the real spirit of Eastertide is working in the hearts of men—its Hope, its assurance of the Triumph of Good over Evil.

All over the civilized world . . . in great cities, in the bombed, ruined towns of England, France, Italy, in jungle chapels, free people are coming together to celebrate the greatest miracle of mankind's history. All over the world men and women are assembling to pray for Victory and Peace.

Come to Church this Easter! Join with your neighbors, your friends, your boys and girls overseas to express the prayer in your heart. Come to Church to pray for Peace . . . to worship the Prince of Peace . . . to ask for a speedy Victory.

Black-out Kit for Baby

The song of the siren in the night . . . the curtains drawn quietly . . . the lights flicked out . . . people moving surely, swiftly to the safety zone. It's only a practice, but it ought to be perfect. Everyone should know his role; everything should be prepared. Specially when there is a baby in the house. For to assemble, in the last minute confusion, all the equipment needed to move a babe from bed-and-bunting, would be impossible . . . besides being bad for baby.

To avoid this scramble and assure a complete collection of everything your baby needs, why don't you pack a special air-raid practice kit and keep it handy? An ordinary suitcase or a fitted week-end bag will do. This can be filled with all the items your child could use in several hours, if need be. For the art of equipping babies with essential staples has been so perfected lately—in fully prepared . . . skillfully wrapped . . . ready-to-use products—that even a very young child could live as comfortably out of a well-stocked shelter kit as though he had never been transplanted from the nursery.

His food, his clothes, his bedding can all be arranged for and packed away ahead of time. If at all possible it would be wise to anticipate your stay and install a few pieces of baby furniture permanently in the shelter. Though it is by no means necessary, a bed, or at least an ample basket, and a play pen would be pleasant. A small tub or wash basin is a great convenience, too, along with a covered bucket of water for soiled clothing and diapers.

Even baby's food will present no special problem, for, if he is still on a formula you can quickly transfer to a kooler keg or chilled thermos jug some of the filled milk bottles stocked in the refrigerator. If your baby has reached the strained foods stage you are doubly lucky, for these foods, packed in convenient cans, are perfect emergency rations as well as ideal daily fare for infants. They are all fully prepared and ready to be used. No fuss or bother is entailed in serving them—just open, heat to lukewarm, and serve. In the shelter this heating can be done over a hot plate, or, in case of a real gas-electricity emergency, over "canned heat" just as well.

It will be a comfort to know you have—sealed in those spotless sanitary cans—the makings of many meals for baby. And there is variety a'plenty, too, so that baby can be fed happily for quite some time from the contents of the kit. These foods include a complete assortment—from soups through cereals, vegetables, and fruit desserts. For the older baby, too, there is an even wider range of junior foods to complete a hearty and nutritious meal: soups and stews, chopped vegetables and creamed combinations, fruit puddings and flavorful desserts. Here is a list of the items it would be well to pack:

TO BE PACKED:
1 small bed pad
1 sheet
Package paper diapers—disposable type
blankets
pair rubber pants
shirts
Extra suit
Cake soap
Box swabs
Baby oil
Powder
1 can strained foods
1 can junior foods
1 bottle plus nipple
1 bottle plus nipple in bottle warmer
Comb
Brush
Toy.

The room should be prepared ahead of time and contain some permanent pieces of furniture: a bed—possibly a play pen with a few favorite toys—a hot plate on which to warm food and possible bath water (if the stay were long enough to warrant one)—a small tub or wash basin—and a covered bucket of water to place soiled clothing, diapers. A shelf should be stocked with a good supply of strained foods, junior foods, tomato juice, and milk.

SHOULD TAKE WITH YOU OR, IF POSSIBLE, HAVE ALREADY INSTALLED IN THE SHELTER ROOM:

Feedings: If the baby is still on formula. Generally these are prepared ahead of time. Some method of keeping the bottles refrigerated must be provided.

Bottle warmer.

Sterile water: For drinking—in nursing bottle.

Extra sterile nipples: This would depend on type of bottle used.

Feeding dish and spoon: For solid foods. (This might be omitted. Feed baby out of tin).

Any other food baby might be receiving. This will vary with the child.

Change of:
Bed sheets, 2
Bed pad, 1
Diapers, 6
Shirts, 2
Suits or dresses.
Quantity would of course depend on the length of the stay.
1 wash cloth.
Absorbent cotton or swabs.
Safety pins.

Apr. 17 Deadline For Garbage Fee

Columbus utility firms Monday were placing the city's new 5 per cent utility tax on all bills sent out to consumers inside the city limits, as officials also prepared to enforce the new $6 a year garbage collection charge, effective Apr. 17.

The utility consumer's service charge recently enacted by Council to balance the city budget and put city operating funds on the average family from 50 cents to $1 a month or more, besides the recently added 5 per cent hike in telephone tax rates added by the federal government.

Almost 4000 cards had been sold yesterday for the garbage collection service charge by City Auditor R. P. Barthalow. The rates are $5 for garbage cans up to 20 gallons; $6 for cans up to 25 gallons and $7 for those up to 30 gallons.

Mayor James A. Rhodes ordered Service Director Elmer Keller to begin enforcement of the collection ordinance Apr. 17.

Don Fouche Gets Purple Heart

Pfc Donald G. Fouche, son of Mr. and Mrs. Rufus Fouche, [illegible] W. Broad-st, has been awarded the Purple Heart for wounds received in action when the USS Chicago was sunk early in 1943. Donald was 17 at the time of the fierce Solomons battle, and had been in the Navy only five months, having enlisted on his 17th birthday in August, 1942. A student at West High School, the sailor has been in the South Pacific about 18 months. While in a New Caledonia Hospital about the only remark he made about the four-day Solomons battle was: "Of course, I was scared but you soon get over that."

'WAVES' Do Not Lose Allotment

Married women enlisting in the Navy's WAVES do not lose dependency allowances they are receiving from their husbands in service, according to a new ruling of the Navy department and announced by Navy officials.

A WAVE can be married to a man in either the Army or Navy, providing he is below the rank

Dick Hoover, Ex West Star, Named At Great Lakes

Dick Hoover, West High School southpaw mound-man and Cowboy forward for the past three years, was home recently on leave from Great Lakes, Ill. Dick returned to Great Lakes Mar. 22.

Hoover first entered West Jr. in 1940 and gained a starting berth on the West Jr. basketball team at forward. When baseball season arrived Hoover burnt-up the league taking four league games in four starts, giving West Jr. the championship.

In 1941 he came up to the Sr. High ranks, where he played first string reserve basketball at forward.

In baseball, former Coach Williams, now in the Navy Reserve, strengthened his mound staff by adding Hoover.

Hoover hit limelights the next year, playing a regular forward for the Cowboys in the 41-42 season, and earning a spot at the forward position on the Cager team.

In baseball Hoover and Bob Swisher shared the pitching chores to give West another championship.

West was a strong contender for the 1942-43 basketball championship. Hoover then helped to knock off Central twice in the city league which games proved to be his most exciting. West finished in 2nd place.

In the spring, he again set a fierce pace for opponent baseballers. To help Hoover, Geo. Ours, right-hander, hurled four victories, to help win the city championship for West.

Hoover has flung West to the championship the last two years, and earned the attention of big league scouts. He was signed to the New York Giants last June and was farmed out to a minor league club for seasoning at Bristol, Tenn., but would have been in the big leaguers training camp this spring, had he not joined the Navy.

He resides at 142 S. Ogden-av, with his parents, Mr. and Mrs. Lloyd Hoover, and his two sisters, Joan and Judy. His dad formerly played semi-pro ball.

Sugar Available For Canning

Housewives who are planning to can early fruits and vegetables and make their year's supply of jellies and jams, may now obtain their five pounds of sugar from their grocers for this purpose by using sugar stamp number 40 in War Ration Book Four.

This stamp will be valid through Feb. 28, 1945. The estimated supply of sugar available for canning purposes will entitle housewives to a maxium of 25 pounds per person. This includes the five pounds secured with stamp number 40. To secure this extra quantity, application to Local War Price and Rationing Board, Franklinton School, Sandusky and Broadsts, may be made any time.

This year's application is made on a new and simplified form and can be mailed to the Local War Price and Rationing Board. A single application may be used for all members of a family living at the same address. The application must furnish the names of the persons for whom sugar is requested, and the name of the person making application, (usually the housewife); along with the estimated number of pounds (up to 20 pounds per person) needed for the canning of fruits and vegetables and for jams and jellies (in units of five pounds).

In allotting this amount of sugar for home canning, in spite of the limited supply available for civilian use, the Office of Price Administration recognizes the importance of the production of home canned foods in this country's overall wartime food program.

Home canning of fruits and vegetables added an estimated three and a half million jars of foods to the total supply of processed foods available for civilians in 1943—along with approximately 500,000 jars of preserves of all kinds.

Best Advice FILL YOUR BIN NOW FOR NEXT WINTER with Jackson's BONDED COALS
Despite OPA announcement of no coal ration at present, householders should take a lesson from the past and "play safe." A bin full of our finer Ohio, Kentucky or West Virginia BONDED for quality coal is a better investment now than the cost in money earning interest in a bank. We can now assure better selection and delivery.

THE SCRATCH PAD

By Eileen Griggs

Here and There . . . Gladys Lamb who journeyed to Chicago last weekend and the weekend previous to see Navy hubby Loel, reports this sign in Waukegan: 'Navy haircuts REPAIRED' . . . Robert Wunderlin, former Record editor, was recently inducted into the Army . . . just who was it who presented Margie Hibbs with that lovely orchid for Easter . . . it is reported that when a call was flashed on the Rivoli screen for an R. C. Jones to appear at the box office, 'real estate' man W. E. mistook the call for him —you'll have to ask him the rest of the story . . . and what about this diamond that manhater Katherine Fleishner is sporting? . . .

New Garbage Tax

Maybe you don't like the law, maybe you do, but the fact remains that you owe the city of Columbus at least $5.00 and possibly $7.00 for the garbage collection tax for the coming year.

Delaying payment for any reason whatever will simply complicate matters and eventually cost more of the money that should be applied to clearing up the old debt, as any form of forcing collection will necessarily take many man hours and man hours cost money.

In the interest of saving money which we need to get our affairs straightened out, all Hilltoppers are asked to get their garbage tax paid quickly. If and when the tax is paid and when we have done our share and obeyed the law as it stands —then and only then do we have a right to kick.

Pay your Garbage tax now.

An Appeal For Volunteers

Knowing that there are many women who want to do volunteer Red Cross work, yet who are unable to leave their homes for even several hours at a time, Mrs. W. W. Matchneer, chairman of Red Cross production in Franklin County, is making an urgent appeal to all women who sew to assist in making the remaining 6,000 kit bags of the original 28,000 assigned. Shipment of the kit bags to the Army must be made as soon as possible.

Material and instructions for the easily made kit bags are available at the Red Cross Volunteer Center, 85½ E. Gay-st, or at the local dressing unit at West Broad School. The cut material can be taken home to be made and then returned to the unit from which it was obtained.

Finished kit bags are filled with comfort articles at Volunteer Center then shipped to Army and Navy depots for distribution to servicemen at points of embarkation.

Information regarding the days and hours that these units are open may be had by calling Red Cross Volunteer Center, MA. 7421. Volunteer Center is open Mondays through Fridays, 9 a. m. to 4 p. m.

West Wins Opener

By Bob Busick

Behind sensational hurling by Carl Hosler, and timely hitting on the part of his teammates, the Cowboys opened their season Thursday, Apr. 6, with a 9 to 2 victory over the North Polar Bears on the local diamond.

While Hosler was handcuffing the Polar Bears with two hits, the Cowboys had little trouble with the offerings of Bill Donnelly, Willis Anderson, and Joe Fink, as they opened the first inning by scoring four runs. They secured their first run in the fifth inning, when Hosler walked in Warschauer with the bases loaded.

Dick Gilmore opened the season for the Bucks by securing a double, followed by singles by Shade and Bell, three hit batsmen, and a walk produced the first runs of the season off Donnelly. Having scored two more runs in the fourth, the Cowboys retaliated with three runs in the fifth off the offerings of Willis Anderson, who seemed to have less control than the previous pitcher.

Tiring in the seventh inning, Hosler became wild and preceded to walk four hitters, producnig

EASTER THOUGHTS

By Rhea Halliday

Easter, 1944, is now of the past. On that day many attended the church of his choice to celebrate the resurrection of the Lord. These churches were beautiful with green palms and lilies.

While the people were attending these beautifully decorated churches; across the seas, in forgeign lands, their sons, husbands, or the boys next door who are fighting to preserve the democracy with its freedom and equality, were hearing fox-hole services. In one place in Europe, the boys were so close to the Germans, that the chaplain was able to wish their foes a 'Happy Easter.'

Fifth-av, New York, had nothing on the Hilltop, as between showers, many of its residents were parading in their Easter bonnets, which for the most part consisted of flowers and veiling. Pastel colors predominated in the spring suits and coats and if milady had on a spring suit and a hat of flowers, she was considered tops in style.

Mr. Easter Bunny had his own problems this year, as his supply of chocolate eggs and bunnies was limited and it was necessary to supplement decorated cookies in order to fill the quota of baskets.

Even though the world is in a turmoil, Easter here at home went on in its usual trend.

She can reel off the technical terms, piebal . . . theodolite . . . velocity . . . AerM3c . . . air sounds, meterology, etc . . . better than most can speak good English. Safety Congress Exhibit To Be Given April 18, 19, 20

Division of Safety and Hygiene, Industrial Commission of Ohio, will hold its 15th annual all-Ohio Safety Congress and Exhibit, Apr. 18, 19 and 20.

"The main objective of the Congress," said Amos R. Whipps, safety engineer in charge, "is to stimulate interest in accident prevention as a means of conserving the manpower now sorely needed for the production of armament for our men at the front. The general sessions will be given over to the discussion of the basic principles of safety, but in the section meetings, the specific problems of industrial groups will be considered.

"While we are in the third year of the war, our losses in battles on the various fronts throughout the world do not begin to equal the casualties on the home front. This is true of both our state and the nation.

"Since the Congress is free to all and attendance and participation is entirely without cost or obligation," concluded Mr. Whipps, "it will profit all interested in industrial safety to attend."

Easily chosen the outstanding star of the day, Carl Hosler was followed by Ira Blackwell, who raced deep into centerfield to pull down a tremendous drive by Jennings, then in the fifth inning he stole home. Gene Shade was the outstanding hitter for the Bucks with a double and a single to his credit in three trips to the plate.

THE SCRATCH PAD

By Eileen Griggs

A Worthwhile Project

One of the most worthwhile projects to come to my attention is a non-profit organization which is providing employment for the handicapped people of our community, who have a desire to be self-supporting. It is the Goodwill Industries which is located at 94 N. 6th-st.

Many of the handicapped include vision, speech, organic, age, infirmities, social and emotional, are, for the first time in their lives, self-supporting. Needless to say, they are much happier now than when they were a burden on the county, relatives or friends. Over half of the workers now are receiving an additional three days as they are having a part in the 100% war work which Goodwill is doing.

The people are being given vocational and spiritual guidance. Vocational training is given in such trades as furniture repairing, refinishing and upholstering, electrical appliance repairing, and other trades. Many who received their training at Goodwill are now in business for themselves.

To carry on its work, contributions of discarded household articles are gladly accepted. The articles they report they need include furniture, electrical appliances, clothing, shoes, toys, books, magazines, newspapers, dishes and other household articles of all kinds. A truck from their firm will call at your home for your contribution.

If you desire to contribute you may feel happier to know that such contribution will play a two-fold part in helping those less fortunate than yourself. First, the handicapped worker will be able to earn wages, self-confidence and self-respect. Second, persons of limited means and those in distress will be supplied with necessary articles at reasonable prices.

Although this is the only firm of this type in the city of Columbus, the Goodwill Industries also have 90 other such industries all over the country.

What People Once Threw Away

Yes, it is WASTE PAPER! It is practically everywhere—in files that are long since dead, forgotten in cellars, attics, factories and warehouse. It accumulates daily. Once nobody paid much attention to it. Now it is needed to win the war and keep business going.

You probably have some and getting rid of it will be a benefit. It will certainly be a benefit if you intend to use new paper, because without waste paper, enough new paper can't be made.

Don't slow up the war effort or business activity! Get that WASTE PAPER to a regularly established Waste Paper Dealer!

An Aid to the Recreation Problem

A pal of the five-to-twelve-year-old boys on Clarendon-av is desirous of organizing a Clarendon-av. Club. Last summer they just got together and had a lot of good times, but this year they wish to organize.

The plan is, all the fellows on Clarendon-av. who are five years old and not over twelve, to have a Recreation Club—to go on hikes—go on sight-seeing trips—have business meetings just like Dad—have parties in their own back yards on hot evenings—go on picnics—play baseball—and a number of other things that are good for boys' minds and bodies.

Although the activities in this club will not start until May 20, it is a good idea for others, not only on Clarendon-av, but in other sections of Hilltop, to form a like club for five-to-twelvers in their neighborhood.

The pal on Clarendon-av—M. M. Banks.

Help Needed To Make 633,600 Dressings

An urgent appeal for volunteers to help make an emergency assignment of 633,600 surgical dressings for the Army and Navy by July 1 is being issued Saturday by Mrs. W. W. Matchneer, chairman of the Franklin County Red Cross production corps.

Production of bandages in the 16 units in the county must be stepped up to capacity to meet this goal, largest ever asked here. More workers than ever before are needed and those women who have been helping meet current quotas of dressings are asked to double the time spent in the war work.

Last autumn, when an emergency quota of surgical dressings was assigned to this chapter, the women of Franklin county responded generously. At that time 198,000 dressings were made for the Army and Navy in one month, besides the usual monthly quota for the Red Cross Blood Donor Center and the local military hospitals.

They now have 633,600 dressings, or an average of 256,000 per month, to be made by July 1. This is in addition to 100,000 sponges per month for the Blood Donor Center and 25,000 per month for military hospitals.

Volunteers may call the chairman of the unit nearest to them or telephone the Red Cross Volunteer Center, Ma. 7421.

The surgical dressing workroom for the Hilltop is located at the West Broad Street School, at Broad-st and Hague-av. Those desiring to donate her services may contact Mrs. Carl Wisker, chairman of the unit, RA. 1564.

"Uncle Ben And His Hired Hands" To Star In Coming "Vaudeville And Radio Revue"

Jitterbug Contest To Be Held On West High Stage

Hilltoppers who attend the "Old Time Vaudeville and Radio Revue" next Friday night, Apr. 28 in West High School auditorium will discover what a 'Teen Canteen looks like.

As a feature of the show one act will depict our own West High canteen with a jitterbug contest in full swing on the stage. Jerry Spears, chairman of the local Recreation Council, has provided prizes of albums of swing records to be awarded the winners, and Irwin Johnson, the Early Worm of WBNS, will act as master of ceremonies and conduct the contest.

Calling upon the audience to act as judges with their applause, the Early Worm hopes to settle for all time the question of who is champion of jitterbugs in this area. All but one contestant are from the Hilltop and include the following: Lorna Brandt, 99 S. Eureka-av; Don Volz, 130 Guernsey-av; Shirley Keitzman, 190 N. Warren-av; Dick (Pinky) Bolin, 325 Nashoba-av; Dick Jennings, 468 N. Hague-av and Leatrice Fleming, 442 E. Beck-st.

Uncle Ben and His Hired Hands
Left to right Snook Neal, Jerry Langst n, Miriam Langston, Fritz Hummel
Inset, Uncle Ben (Ray Roese)

Many Hilltoppers may not know that Uncle Ben of WBNS is also a Hilltopper. Known to his neighbors as Ray Roese, Uncle Ben has lived for a number of years at 62 S. Sylvan-av. He and his " Hired Hands" will appear in the "Old Time Vaudeville and Radio Revue" to be given in the auditorium of West High School, Friday, Apr. 28. Curtain will go up at 8:15 p. m. with a galaxy of acts.

One of the pioneers in radio, Uncle Ben started his career 17 years ago over the air when the Entrekin Electric Co. opened a station across from University Hospital, upstairs over a garage. Operating at that time for two hours twice a week, the station used Uncle Ben as a singer. Since that time Uncle Ben has been on the Columbia system, and recently was heard on Al Pearce's program as a singer when he visited Hollywood. Starting the Uncle Ben characterization eight years ago, Roese estimates he has appeared daily except Sunday over WBNS, for the last 3000 days

"Hired Hands" Include

Included in his act are Jerry and Miriam, husband and wife, both with years of experience in radio work. They journeyed here from Pennsylvania. Jerry specializes on the guitar, Miriam is an accordionist.

Most versatile of the group is Snook Neal, leader of the WBNS orchestra. In addition to arranging all music, Snook plays trumpet, vibraharp, piano and bass fiddle, but will use only the first two instruments in the Hilltop show. Snook has had nine years of radio work, coming here from Hollywood several years ago. One of his comedy specialties is impersonating Jimmy Dorsey on a 10-cent toy trumpet.

A new addition to the group is diminutive Doris Lee, singer of sweet songs. With her voice, her appearance and her personality she is quite an entertainer. A veteran of the radio in Cleveland, she appears in Columbus since her husband is stationed at Ft. Hayes, where he is arranger for the Fifth Service Command Band.

Nit-Wit Act Added

Another act has been added in the person of Mel Marcus, the all-American nit-wit. Remember those tumblers in the circus who pile table upon table, climb to the top and rock back and forth until you are a nervous wreck? One of his specialties is piling three soda pop bottles on top of each other, top this with a table, and then do a hand stand from the table.

"Sugar" stamp 37 has not yet been validated OPA officials said, as they called attention to the delay involved when the wrong stamp is forwarded.

Don't Destroy Tire Inspection Records!

Tire Inspection Records will still be needed even though compulsory periodic inspections of tires has been discontinued; according to Harold T. Welch, District Mileage Rationing Officer of the Office of Price Administration.

OPA officials caution motorists that the tire inspection records will be required for the renewal of gasoline rations and must be submitted to local boards upon application of supplemental rations. In addition, when a car owner wishes to replace a tire, he will need his tire inspection record to check serial number of the tire before replacement can be made. Before the local board can issue a certificate to purchase a new tire, an authorized tire inspector must certify the need for replacement.

Easing of inspection requirements for passenger cars does not affect the truck tire inspection program.

Cowboys Win Two More League Games

By Bob Busick

The Cowboys, behind Carl Hosler's four hit pitching, won their second game of the season last Thursday afternoon by outwitting the Aquinas Terriors on on the local diamond. Score was 6 to 1. The game started out as a pitchers' duel between Hosler and "Duke" Simpson.

Jumping into an early lead in the first inning, the Bucks scored a run. Gilmore walked to open the game, stole second base, preceded to third as Litzinger, the catcher, threw the ball into centerfield and then scored as Blackwell forced Shade at second base.

Aquinas scored their only run, in the sixth inning, on consecutive singles by Oskey, Litzinger and Simpson.

The Bucks retaliated to score two runs in the fifth and sixth, to ice the game. Chosen as outstanding performers were Carl Hosler who limited the Aquinas to four hits. "Duke" Simpson led the way for the Terriers by holding the Bucks to three hits.

West Lost to Springfield

Last Friday afternoon the Bucks suffered their initial defeat as they fell before the Springfield Wildcats, 5 to 4, on the Wildcat diamond. The Bucks were unable to hit in the clutch and thus led to the downfall of "Shug" Haines, who twirlled seven-hit ball.

Beat South Nine

Ineffective pitching and loose playing almost led to the downfall of the Bucks last Tuesday afternoon as they defeated a determined South nine, 11 to 7.

While the Cowboys were pounding Dick Scott and Carter for 10 hits, the Bulldogs were having a field day on the offerings of Carl Hosler as they secured 12 hits.

Leading 5 to 4 going into the sixth inning, the Bucks scored six runs to the Bulldogs' three in the top half of the seventh and thus came out winners.

Stars for the Bucks were Ira Blackwell who secured two singles and a double and Carl Hosler who won his third game with the help of Bob Phelps who relieved him with none out in the seventh inning.

Play East Today

Cowboys will play the East Tigers this afternoon at 4 o'clock on the Tiger diamond.

POTATOES ARE STILL Abundant

Hashed Browned Potatoes

Slice or chop cooked potatoes into small pieces. Heat a very little fat in frying pan, then add the potatoes. For a crisp crust add about a quarter of a cup of water for four cups diced potatoes. Cook over low heat without stirring until there is a golden brown crust on the bottom.

THIS IS THE SEASON FOR EGG DISHES

Scalloped Eggs and Macroni

Six hard cooked-eggs, 2 cups cooked macroni, 2 cups whitesauce, chopped onion to taste, ½ cup grated cheese, 1 cup bread crumbs, 2 tbsp. melted fat. Cut the eggs into quarters, mix the macroni with the whitesauce. Add onion and grated cheese. Add the eggs and flour into a greased baking dish, mix the bread crumbs with the melted fat and bake in moderate oven.

NEW SUPPLY OF GREENS

Green Lettuce

The greener the better, is either the foundation for a spring salad or it may be the entire salad itself. Green outer leaves are richer in vitamins, iron and calcium, then the bleached inside leaves. The thinner and greener the leaves the more iron and carotene.

THE SCRATCH PAD

By Eileen Griggs

Question:
Do you know the draft board's theme song?"

• • •

Make Use of Sirens!

So many who have sons, brothers, husbands in the service are waiting for that biggest event of the war—INVASION. Too many are tense awaiting the moment when these loved ones will rush into the thick of battle and they do not want to miss the exact moment this event occurs.

City officials could ease the minds of those waiting faithfully, hopefully, prayerfully at home. How?

Why not make a city wide announcement of this invasion, by the use of the sirens? The push of one button, day or night, would release the siren blast in every section of town, and would inform those not wanting to miss the start of this most important event.

Did You Work Today?

Because of the increased demand for vitally needed war and civilian materials and because the pool of available Columbus workers is reaching its lowest ebb, the period from Apr. 23 to May 13 has been designated by a proclamation of Mayor James A. Rhodes for a "Presenteeism—Stay on the Job" campaign.

Sticking To Our Posts and being On The Job Every Day are two of the most powerful weapons you, on the Home Front, can wield in helping solve our critical manpower problem and in keeping supplies rolling on to the fronts.

Remember . . . that the fighting men in the South Pacific . . . the Mediterranean . . . and on the Continent **Worked Today! Did You?** . . . Perhaps, your brother or your buddy may be "missing in action" just because you failed to be **On The Job** to help produce that hand grenade . . . that bombsite . . . that flare he needed to save his life. Let's not gamble with the lives of our fighting men. When the word, "cease firing" is passed on, let's know that we've played our part in hammering out an Unconditional Surrender by "vigilance to war posts."

They will have a Spring dinner-dance way up north at the Beechwold . . . Snyder family from down S. Answer:
"Do Nothing Till You Hear From Me."

Sgt. Link Killed In Italy On March 28

Sgt. 1/c Woodrow "Woody" Link, former West High athlete and operator of a service station at Hague and Sullivant-avs, was "killed in action" somewhere in Italy, according to word received by his mother, Mrs. Emma Link, 484 Wilson-rd, Monday of this week. Sgt. Link enlisted on Feb. 8, 1943 and had seen action in the African campaign before going to Italy where he was serving with an Air Ammunition Corps. His death occurred on March 28, according to a War Department telegram. More complete information is expected to follow in a few days.

When Camp Chase Post American Legion opened its financial drive to raise funds for a Veterans Memorial Hall, Mrs. Link stood in line at the office of the First Federal Savings and Loan Association and had the honor of being the first official contributor to the fund at that office little realizing that a gold star would so soon take the place of the service star in her window.

Was West Athlete

"Woody" was married three years ago to Millie Willison, who now resides at 972 S. 15th-st. He held down a regular tackle position on the West football team later playing for Ohio University. He later attended Ohio State University for three years studying agriculture and education. He operated a Pure Oil Service Station on the Hilltop for several months and before his enlistment was still with that company working out of Newark.

Surviving in addition to his wife and mother are a sister, Mrs. Thelma Deglmann, Cleveland; a half sister, Mrs. J. D. Williams, Huntington, W. Va.; and two half brothers, Harold F. Link, Lexington, Ky., and Curtis Link, 384 Fisher-rd.

Revivalist

Rev. A. B. Carey

A two weeks revival campaign begins Sunday morning at 10:30 at the Warren Avenue Church of the Nazarene, with Evangelist A. B. Carey of Beacon, New York.

Rev. Carey is said to be a great Bible expositor, author and soul winner. He has been doing evangelistic work for more than 30 years throughout United States and Canada. This will be his second revival in this church. Services will be held each evening at 7:30 through May 14.

Rev. Harris B. Anthony, pastor of the local church extends an invitaton to everyone to attend these services.

Cowboys Leading Circuit

By Bob Busick

The first round of play in the city high school baseball circuit will have been wound up Thursday or Friday afternoon when the West High Cowboys clash with Central. At this stage of play the Cowboys will have a commanding lead if not an undefeated record having toppled over all opposition until this game. Uncertainty as to the day on which the game would be played hinged on the weather. An effort had been made to set the game up one day from Friday to Thursday because of the football clinic at Ohio State University.

Wednesday afternoon West won over St. Charles in a non-league encounter by a score of 3 to 1. Don Haines allowed the visitors only 3 hits while his teammates gathered a like number which coupled with four errors by St. Charles accounted for the 3 runs. Renick Parkey caught the game and connected for one of the Cowboy's two doubles of the afternoon.

Virgil Crawford likewise connected for a two-bagger. Duffy and Dallo made up the battery for the vistors.

Defeat Linden McKinley

The Cowboys were handed the scare of their lives last Tuesday afternoon as they downed the Linden McKinley Presidents 7 to 6.

Carl Hosler, on the mound, was as wild as could be, while his teammates had the jitters in the field and were unable to maintain their batting power against Perry Reall.

With the score at three to two in the Cowboys favor, the Bucks shoved across four runs in the bottom half of the fourth. In the top of the fifth for the Presidents: a hit batsman, a walk and three errors scored four for the Presidents and thus ended their scoring for the day.

Outstanding for the Bucks were Dick Gilmore who drove two runs in with a triple and secured

List Branches of Recreation Council

At a meeting Monday noon at Schmelzer's Restaurant, 3178 W. Broad-st, of the Community Recreation Council, it was agreed to change the name of the group to "Hilltop Community Council", with the same executive staff in charge, which includes Jerry Spears, president; Mrs. Leo Uridil, vice-president; Henry Geshwilm, treasurer; and Robert Nash, secretary.

This staff will work directly with the committee on policy made up of chairmen and co-chairmen of the following branches of the council: public relations and co-ordinating; community recreation houses; finance; playgrounds; juvenile court and police; schools and churches; and entertainment (which includes teen-canteens).

Also in direct contact with the committee on policy will be a youth committee which will have at least one young person on each of the above named branches.

Purpose of the different branches of the Council are:

Public relations and co-ordinating: 1. Survey and encourage 100% activity of existing community groups. 2. Work with other similar groups in city. 3. News releases. 4. Public contact.

Community Recreation Houses: 1. Survey existing facilities. 2. Coordinate program with city recreation department. 3. Plan for additional facilities. (Glenwood Park is the only park which has complete facilities for local community recreation).

Playgrounds: 1. Survey existing facilities. 2. Coordinate program with city recreation department. 3. Plan for additional facilities. It is the desire of the group to endeavor to secure more playgrounds and a swimming pool in this locality. There is a definite need for local leadership and volunteer help when the playgrounds open for the season.

Juvenile court and police: 1. Include court and police, and coordinate and cooperate with existing officials for preventive program. Members of this group will act as a go-between the offender and authority.

Schools and churches: 1. Plan with schools and churches for additional work. The schools will be enjoined to supply more supervised summer use of school playgrounds.

Entertainment: 1. Planning program. 2. New programs and locations. There will be plans for recreation above and below the teen-age groups.

In the near future there will be a public meeting called, and those desiring to join in this worthwhile community project, should attend.

"Vaudeville And Radio Revue" To Appear On West High School Stage Tonight, 8:15 P.M.

Adding a comedy touch to the Legion Memorial Hall show to be presented tonight at West High Auditorium are members of the cast of a 15-minute radio skit entitled, "Our Corn Is Green." Shown above are Belford G. Lane, William Hoare, Robert Schroiflet and William Frank. Lane and Hoare are Hilltoppers.

Gladys Little, popular blues singer just returned from New York appearances, likewise a performer in tonight's big entertainment honoring Hilltop servicemen, is pictured at right. This will be her first appearance in Columbus since her "big city" engagements. She will give out with "easy to listen to" versions of popular blues favorites.

Parking Ban Starts May 4

"NO PARKING" signs were being erected on all cross streets between Hague and Oakley on both sides of Broad Street to the first alley and the same distance on either side of Sullivant Avenue and between Hague and Midland. The "no parking" ban will go into effect on May 4 with auxiliary policemen being posted on duty several days to direct parkers away from the

Both the Hilltop Business Men's Association and the Camp Chase Post of American Legion had been working toward this end for several months as a safety measure. It has been pointed out that congested traffic near these main intersections constitutes a hazard to driver and pedestrian alike in addition to making it difficult for fire trucks to turn into these streets when making emergency runs.

The ban will go into effect at midnight on May 4. Parking will not be permitted at any time in the restricted areas.

Get The Official Receipt

In spite of the fact that Hilltoppers have been repeatedly advised to get an official receipt and to pay money only to representatives who can prove their identity, several people have claimed to have given unauthorized solicitors various sums of money and either received no receipt at all or one written on a plain piece of paper.

The Hilltop Record will not be responsible for any payments made except where the official receipt is taken by subscriber but cooperation will be extended to all Hilltoppers in stopping this unauthorized solicitation if information is given this office. Call RA. 1125.

Koontz Is Slated To Post

The Hilltop was virtually assured of an additional seat in City Council this week as the name of Henry Koontz, 485 Hilltonia-av, was mentioned prominently as being slated to get the appointment to the unexpired term of Councilman John Benson, Democrat, who received a naval commission Tuesday. While announcement of Benson's successor is not likely to be made for a few days it was understood by prominent Republicans that Koontz was the organization's choice.

If the appointment is made it will again place the position of having two representatives on the seven-member board. For several years Ray Hauntz, also a Republican, and Wyatt Millikin, a Democrat, served together from this area. Hauntz was re-elected last fall and is now serving.

Koontz, who operates a drug store at Eureka and Sullivant-avs, has long been active in party politics having come within 186 votes of election to council in 1935. He has served as committeeman from the Tenth Ward for several years.

Millikin Seen As Possible Rent Director

The name of Wyatt L. Millikin, 53 S. Warren-av, former Democratic councilman from the Hilltop, was being mentioned as a possible successor to Cal Lyon, OPA rent director for this area. John H. Summers, district OPA director, said he would take no action on the appointment until he has taken up the matter with OPA rent director at Cleveland.

Meanwhile it was believed that Millikin was one of three persons certified for the job which Lyon leaves on May 1. Arthur P. Lamneck, former congressman and city councilman, who died Sunday, was reported to have been the No. 1 man on the list of eligibles up to that time.

When contacted by the Hilltop Record, Millikin admitted that the announcement came to him as a surprise and that he had no information concerning his chances of getting the appointment.

MAKE CURTAINS LAST

Wash Before Heavily Soiled to Keep Fabric from Rotting

How often curtains should be washed depends on how quickly they get dirty. In the cities they usually need cleaning each month. In small towns or in the country they may stay clean for months if given a gentle weekly shaking to remove light dust. Nowadays, however, washing is not merely a matter of prettying the curtains. It is a means of making them last—of avoiding the need for replacement. The sheerer and more fragile your curtains are, the more necessary it is to protect them by washing them as soon as they need it.

Before putting curtains into cool sudsy water, loose dust should be shaken out. Let them soak for about fifteen minutes, then squeeze out the blackened water and place in fresh lukewarm suds, either in the washer or tub. Run the washer about five minutes for fragile curtains; eight or ten minutes for the more durable ones. Before going into the washer, lacy curtains should be put into thin pillow slips so the agitator will not break fine threads. For hand washing, a light rubbing against the washboard or between the hands may be needed to remove all the grime. Rinse, starch lightly, and dry on a stretcher or by hanging evenly over the line, being sure to square the corners.

Many curtain fabrics, especially those with a net or mesh weave, shrink during washing. This should be taken into consideration when they are purchased or made. If no such allowance has been made and the curtains have shrunk materially they can be re-lengthened by false-facing the top and bottom hems, or by adding fringe to the bottom hem, or by a bias fold of contrasting material.

Father Maloney Officiates At Double-Ring Ceremony In St. Aloysius Church, Apr. 18

Motifs of pearls upon silk mousseline de soie enhanced the lovely wedding gown worn by Miss Elizabeth Jane D'Ambrosio, daughter of Mr. and Mrs. Leonard D'Ambrosio, 2513 Sullivant-av, for her marriage Tuesday morning to James Joseph Rady, petty officer 3/c, USNR, son of Louis Charles Rady of Pensacola, Fla.

The pearls on her wedding gown made a scroll design around the heart-shaped neckline. A very full skirt falling from the fitted bodice terminated in a wide circular train over a taffeta petticoat. A halo of hand-made lace flowers held the bride's fingertip veil of illusion and she carried a cascade arrangements of calla lilies.

Acting as maid of honor and only attendant for her sister was Miss Dorothy Jean D'Ambrosio who wore a Madonna blue marquisette gown styled with a square neckline with self shirring which also outlined the low torso and finished the bracelet-length sleeves. The very full skirt of her gown fell over a taffeta petticoat. Miss D'Ambrosio's small pompadour hat of net matched her gown and she carried a colonial bouquet of red carnations.

Elmer Lee Mitchell, petty officer 1/c, served as best man for the bridegroom.

Following the ceremony, a wedding dinner was served at Presutti's Villa. Mrs. D'Ambrosio chose for the occasion a powder blue crepe gown with which she wore navy blue accessories and a corsage of red

The bride changed to a beige suit, with which she combined yellow patent accessories, for her wedding trip. Upon their return the couple will make their home at 21 Clarendon-av. The former Miss D'Ambrosio is a graduate of West High School while Petty Officer Rady attended Perkinson Junior College at Perkinson, Miss., prior to his entrance in the Navy.

Tomorrow's Fire

Tomorrow a thousand unexpected fires will break out in American homes, destroying property valued at about a quarter of a million dollars, painfully burning dozens of people and killing more than 10 persons. This is the daily average of fires in American homes. It happens day after day, year after year, with the regularity of clockwork. Records indicate where yesterday's fires occured, but no one can foretell where tomorrow's fires will strike.

The average American home is all set for a fire, and only a favorable combination of circumstances is needed to start one. But, by taking intelligent care, any home can be made fairly safe against fire. Though some fires are due to causes beyond the control of the occupants, the great majority of home fires are the direct result of careless home management.

The 800,000 fires that occur in the nation every year can be traced to many causes, but the bulk of the fires and the bulk of the losses are traced to but three or four preventable causes, the smoking habit being the greatest cause.

The smoking habit has increased to where, it is reported, more than 70 per cent of the population over 18 years of age, smoke in one form or another. The increase in smoking is reflected in the increased number of fires caused by careless smokers, having increased from 87,000 in 1942 to 125,000 fires in 1943, with a property loss exceeding $17,000,000.

Smoking, to those who have the habit, is a process akin to breathing. You just do it, without thinking as to why, when or where. The thoughtless smoker will strike a match in an oil refinery or a powder mill. It is an unthinking act, and in discarding the lighted match, cigar or cigarette is also done without mental action of any kind. They are just thrown away without any thought as to where they may fall, and another cigarette fire is started. There is no cure for these habit-forming acts, except that every smoker exert his or her will power and remember to extinguish every match, cigar or cigarette before it is discarded.

COWBOYS—

(Continued from Page 1)

a single also. Dick Slager played good defensively and secured two hits.

The Cowboys will travel to Central this Friday to engage the Pirates.

Tigers Are Victims

The East Tigers became the fourth victim of the rampaging West Cowboys, as they were downed 9 to 6 last Friday afternoon at Harley Field.

Bob Phelps, making his first start in city league competition, had little trouble with the heavy hitting Tigers as he limited them to six hits. The Cowboys pounded two Tiger hurlers for 14 hits including two triples.

The game was tairly even for the first four innings, as each team had scored four runs. Fireworks broke loose in the fifth inning as the Cowboys pushed across two runs and the Tigers secured four after two men were out.

The Cowboys recoiling from the three unearned runs in the fifth for the Tigers, lashed out with a barrage of hits to score four runs and thus make it victory number four.

Outstanding for the Bucks was Gene Shade as he collected three hits out of four trips to the plate.

Butter Points Cut To 12; Beef Points Hiked Sunday

Butter will be reduced to 12 red points a pound effective Sunday, through June 3, Price Administration Chester Bowles announced yesterday.

Butter has been 16 points since October.

The same order cut the ration price of margarine from 6 to 2 red points, also effective Sunday.

Point value for farm or country butter will be reduced to 8 points per pound and processed butter from 6 points to 4. Shortening, lard, salad and cooking oils continue point free in May.

Beef Points Rise

Points for choice cuts of beef go up slightly next month, but lamb and mutton points will be reduced 50 per cent to permit quicker distribution of shipments of light-weight lambs because of drouth conditions. Veal points remain the same and pork about the same as for April.

Lowering the point value for butter is possible because of seasonally increased production which is at the best level since last September, Bowles said, adding:

The anticipated meat supply for civilians in May is 1,414,296,000 pounds compared with 1,233,900,000 pounds in April.

Steak Up A Point

Most steak goes up a point a pound because of demand. Flank steak, however, will be reduced from 12 points to 10. Rib round tip and rump (bone in) beef roasts, go up 1 point a pound, but rump boneless roasts will be 2 points higher. Hamburger will stay at 6 points.

Lamb and mutton steaks and chops will be reduced 3 and 4 points, roast 2 and 3, stews and other cuts 2.

Lamb and mutton breast, flank, neck and shank will be point free for the month.

Spare ribs will go back on rationing at 1 point a pound at the request of the meat trade which reported supplies sold too fast and inequitably while they were point-free.

Variety Meats Down

Variety meats—beef and veal heart, sweetbreads and tongue—will be reduced 1 point per pound.

Types 3 and 4—bologna and frankfurters—go down a point, and some sausage items including head cheese, souse and scrapple become point free. Some ready-to-eat meats will be reduced 1 to 2 points, and dry beef in containers goes from 16 to 12 points a pound.

Shoe Stamp 18 To Expire Sunday

Stamp No. 18 in Ration Book 1, good for the purchase of a pair of shoes, will expire Sunday.

No. 2 airplane stamp in Book 3 becomes valid for a similar purchase Monday.

No. 1 airplane stamp, also in Book 3, eventually valid for shoe purchases until further notice.

School Vacation Jobs Plentiful

Students, teachers and others will find numerous temporary jobs during the summer vacation period, said Ralph E. Gaskie, area manpower director, last week.

A preliminary survey showed that one essential plant, now on the priority manpower list, will have between 200 and 300 job openings in assembly and inspection work, and that many jobs will be open at the Army Service Forces Depot. They can use 30 workers now and will need several hundred by June. The unskilled will receive 89 cents an hour for outdoor work, with the pay on weekly basis. Most of the depot jobs will pay 68 cents an hour for helpers to carpenters, plumbers and other skilled trades.

GOOD TO BE BACK ON HOME SOIL

Well here I am back on home soil (and I do mean soil) after a six months' period down in jungle type Florida. But the period is all too brief. Comes next Wednesday and I'll be on my way to the southland again where I'll resume my post at the Naval Air Station at DeLand, Fla.

The above reference to soil may need clarification to Hilltoppers who have never been Florida way. The situation down there is that there isn't much soil other than just plain sand, sand, sand.

Needless to say it is a lot of fun to be back here and see all the good people of the Hilltop. And more particularly it was a pleasure to be present at the Hilltop Business Men's party Wednesday night where I had an opportunity to see so many Hilltoppers.

While my wife and baby daughter Patty and I have enjoyed the winter climate of the south I think we will all be glad to return to the good old Hilltop, if, as and when the opportunity presents itself.

In my job as aircrew officer I come in contact with all the sailors in training there to become crewmen in dive bombers. As each new class comes along I ask if they are from Ohio. Since last November I have met but four boys from the native state. Of these but one has been from Columbus and he was proud to announced he lived on the Hilltop. He was David Haines and as I recall he lived on S. Hunnesav. So many miles from home it is good to talk with persons who know the back home scenes.

So much for the present and I sincerely hope I'll be seeing you all again soon.

NEW MANAGER

As of May 15 a man who has been well known to Hilltoppers for many years will become associated with the Record. George Hardy needs no introduction. I wish him well in his new position and feel sure the Hilltop will welcome an opportunity to work with him.

To Mrs. Griggs who has resigned the position held in my absence while in the Navy, I extend my sincere best wishes and thanks for carrying this very heavy load as manager and editor of the paper. We wish her well in her new connections.

Bucks Undefeated In Baseball Circuit

Easy comes, easy goes, might well be the slogan of the West Cowboys as they defeated a weak pitching Central nine 14 to 3 to end the first round of play in the city league. This victory leaves the Bucks with a perfect record, having won 6 out of 6 contests.

Bob Phelps, making his second start of the season, was in excellent form as he limited the heavy hitting Pirates to five singles while his teammates were combing and raking three Pirate hurlers for 12 hits.

With the score at one all at the end of the second inning, the Buck's big bats came to life as they scored four runs to open the third. Adding one in the fourth, two in the fifth, and a lone talley in the sixth to lead 9 to 3, the Bucks then reached their climax as they scored five runs with two men out in the seventh.

Dick Gilmore was the star from a hitting standpoint as he hit safely in five trips to the plate including a double and a home run. Renick Parkey also hit a round tripper for the Bucks. Gilmore now leads the city in hitting with a .571 average.

Second Round

Opening the second round of play last Tuesday afternoon the Cowboys downed a determined Aquinas nine by the score of 4 to 3. It was a brilliant pitchers' battle between Bob Phelps and "Duke" Simpson, as the former struck out 10 and the latter nine men.

The Terriers drew first blood as they scored two runs in the fifth on three hits and one error. Bouncing back to score two runs on Renick Parkey's single, the Bucks went into the lead in the seventh by scoring two more thus putting the game on ice.

For the Bucks it was Parkey's three for four including a triple and driving in the tieing and winning runs which made him the outstanding performer of the day. Osky was the hitter for the Terriers when he collected three singles.

The Cowboys will travel to Cincinnati this Thursday and Friday to play three games in two days with Cincinnati Withrow and St. Xavier.

Parking Ban Is Started

The program of restricted parking areas bordering the Hilltop's two principle thorofares went into effect Thursday of this week when Auxiliary Policemen took up the task of educating drivers to the new regulations. Streets on both sides of Broad-st. from Hague to Oakley-avs. were restricted to the first alley as are side streets from Hague to Midland-av on Sullivant.

These areas will be closed to parking at all times according to recent City Council action. "No Parking" signs have been erected on these streets.

Traffic engineers pointed out the difficulty of fire engines being able to turn into side streets in these areas when cars were parked out almost to the corners. Hilltop civic organizations had been seeking the parking ban for several months.

It's Your Vote

AN EDITORIAL

Comes another May and another primary election at which time local electors will be given the opportunity to go to the polls and exercise one of the perogatives our boys are fighting for today . . . the preservation of freedom of the ballot box.

The Record takes this opportunity to urge you to vote. This above all else is important. You owe it to the boys at the front to exercise this opportunity. So next Tuesday take time out and go to the polls and then write your men in the service and tell them of your part in carrying on in their absence.

In a wide field of candidates a few endorsements are in order:

We heartily recommend the nomination of George Matson, a Hilltopper, as a candidate for county commissioner. It goes without saying that he has had a remarkable record in his first term and is deserving of continuing to serve.

Another present officer holder that by all means should be returned to office is J. Arthur Yoder as clerk of courts. Yoder has done an outstanding job in this office and it is our opinion that the voters of the county will be doing themselves the finest of service by re-electing him for another term.

Locally, too, we would like to add a good word for another outstanding Hilltop worker. We urge the nomination of Mrs. Martha Merriman for candidate to the general assembly.

Schools To Collect Scrap Paper Tues.

Next Tuesday will be "waste paper day" on the Hilltop.

At that time pupils from Burroughs, Chicago, Dana, Highland, St. Aloysius, St. Mary Magdelene, Starling, West Broad, West Mound and West Junior High will canvas the community in the interest of the second school waste paper drive.

Proceeds from the sale of the paper will go to the school making the collection, according to W. Harrington Walker, chairman of the paper salvage committee. Money realized from the sale of paper at West Junior High will go toward retirement of stadium bonds.

Recalling that some complaints were heard after the last school drive that school pupils did not call at all homes in their neighborhoods, Mr. Walker urged persons in homes without school children to make sure their paper is collected by taking it to their nearest schools themselves.

As in the past drives, the paper must be properly prepared to be of value. Loose waste paper should be packed and tied in sacks or cartons, and newspapers and magazines should be tied in bundles 12 to 18 inches thick.

Westgate Lodge Service To Honor Dr. L. B. Turner

A special meeting of the Westgate Lodge of Masons Thursday of this week was to have honored the 82nd birthday of Dr. L. B. Turner, one of the Hilltop's most widely known professional men. The birthday celebration, planned as a special recognition of his 60 years in Masonic work, will be observed by raising one candidate to the most sublime degree with the Past masters and charter members in charge of the work.

Dr. Turner

Charter members will be presented with 25-year lapel buttons by Right Worshipful Brother David B. Sharp, senior grand warden of the Grand Lodge of Ohio.

Dr. Turner has been active in the medical profession for the past 52 years and despite his 82 years he is still doing his share by looking after the sick in the community. He graduated from Starling Medical College in 1892 and had his first practice at Bidwell in Gallia County. He came to the Hilltop in 1906 and has had offices on the Hilltop since that time. Last year he moved his office form 45 Midland-av, to 1530 W. Broad-st, where he lives with his daughter, Miss Annis Turner.

In addition to his medical practice Dr. Turner has always found time to take an active part in civic and community affairs. He was one of the first presidents of the old Hilltop Improvement Association and has served as a member of Selective Service Board No. 11 since its organization prior to the war.

He has always devoted much of his time to the interest of Masonic work having been the first past master of Westgate Lodge.

In addition to his daughter he has two sons, Brown and Lauren, both of Columbus. Mrs. Turner passed away 22 years ago.

FOR

Minnesota TESTED SINCE 1870

QUALITY HOUSE PAINT

A Year or so after application this paint has a . . . practical quirk, shall we call it? A rainy day is its washday. MINNESOTA Quality House Paint has the important advantage of very slowly chalking through the years. When Nature showers the painted surface, the chalk floats away carrying with it dust and grime . . . and lo! the paint remains fresh and bright. It's a boon to white houses especially . . . and white is still America's top ranking favorite.

What's more, this slow chalking leaves the surface receptive for repainting . . . when at length the time comes for that.

Frank C. Shearer Is Candidate

Frank C. Shearer, local attorney, is seeking the Democratic nomination to the Ohio legislature on what he calls his "legislative half-dozen," which is the name that he has attached to the 6-point program on which he has planned his campaign.

Included on the program are the following pledges for legislative action if Attorney Shearer is nominated at the polls in Tuesday's primaries:

1—A program of unity of all of the divergent groups of the state toward a "win the war" effort for victory.

2—A more equal distribution of sales tax monies to the cities and the other financially distressed subdivisions of the state, as was the original purpose of the sales tax law, and a distribution of the large and unnecessary state surplus, leaving in the state treasury an emergency surplus fund.

3—The setting up of a post war planning program by the legislature including definite and planned improvements and conservations.

4—A definite and extensive program of veteran rehabilitation, in cooperation with the federal government and a state financial aid program for veterans similar to the federal "G. I." relief bill.

5—A planning and building program for the better care, control and rehabilitation of the mentally ill, of anti-social juveniles and of mentally defective criminals.

6—A planning and building ment and the protection of labor's social gains by the establishment if a state joint labor-management agency, including in its membership only bonafide representatives of labor and management, selected by those groups.

— Letters — To the Editor

Apr. 27, 1944.

Dear Editor:

Since a very good friend of mine presented me with a Christmas gift of a year's subscription to the Hilltop Record I have enjoyed every issue. Deep down in Georgia here, we don't get much news about how the better half (the north) is living, much less good ole Columbus' Hilltop; and believe me, I sure do enjoy receiving my copy.

Sometimes it enables me to find out where some of my pals are in this war, and I am always glad to receive any news about how West is getting along in the City Leagues.

I have been in the service a year and five months now and have covered the south pretty thoroughly. Give me Columbus, Ohio, anytime. It's the only town in the world as far as I am concerned.

Please change my mailing address.

I read in one of the issues of the Record about one of the copies turning up in Italy, and I can appreciate how the fellow felt that found it. It's a part of Columbus all right, and the part we all love and miss most—the Hilltop.

Saturday Meetings To End May 13

The Saturday meetings of the children of the Hilltop Lutheran Church is drawing to a close with but one more meeting remaining. This group meets every other Saturday afternoon from 1 to 4 o'clock, during the regular school year.

At each meeting a worship, citizenship, memory period, lesson period, hand work and a special story hour is included in the program. During these special story periods worthwhile lessons are brought to the children during the year.

Members of the police and fire departments explained the rules of safety and how to turn in a fire alarm. A probate court officer told the class many experiences he has had in handling delinquent children. Two librarians and a member of the story telling group brought interesting stories. Several returned missionaries told of their experiences in other countries.

On Saturday, May 13, Mr. Emrich will show movies. A movie will also be made of the children at work. A picnic has been planned to end the class periods. Offerings of this group go to help support the major boards of the United Lutheran Church.

"It Could Be Worse"

Our condition is bad but it could be worse
For instance riding, one way in a hearse,
And this I think would be considerably worse
Make us men wear dresses, and be an army nurse.
Our condition is bad, but if more we'd make
Twenty hours a day we'd have to stay awake,
And we'd be worse off if we could not sleep
Had to stand on a hillside calling our sheep.

All night on the mountain in sleet and snow
No Mother to guide us and no place to go,
And we shouldn't complain if not well fed
We would be worse off if no roof overhead,
If business perchance should get any worse
I'll see Mr. Shroyer, get a job driving hearse
And there I'll abide, this secret I confide
They don't bury folks who ride outside.
—C. S. Parks, Broad and Dana.

Here's Why You Should Order Next Winter's Coal Now!

War Regulation No. 21 by the Solid Fuel Administration directs that users of coal must put not less than 25% of annual supply in their bins before October 1st or be compelled to use alternative qualities. It means that unless you assure yourself of the kind of coal you prefer, you may have to use what is available.

Our advice is to place your order immediately and be certain of getting your choice. We can make prompt deliveries of high-grade Ohio, Kentucky and West Virginia, backed by our Bond of Quality.

The Spectator
By C. C. Hartley

Notes and Nubbins: Comes a card from Bill Moore, former Record Linotype operator, now stationed at Ft. Leonard Wood, Mo., stating that the army likes him and won't let him go . . . Glad to see my old friend Woody Owens going down Broad street on the last day of his furlough, carrying a quart of milk he was taking home to the new master of the household . . . his son Michael, six months old . . . Understand two friends of Art Bellar have given him a lot in the Jewish cemetery in recognition of his trading ability . . . Gene Sheldon of stage fame, has purchased a home on Powhattan-av . . . Bill Ferguson is home on boot leave from the Navy and will soon go to a new station to take up new duties . . . And this portion of the Navy, the writer of today's column, heads back for DeLand, Florida, shortly after this paper comes out . . . My best wishes to Joe Agee, the new manager of the Record. Joe has a lot of experience back of him working on my papers and I have a lot of confidence in him . . . Edwin Distlehorst of the D. & M. Auto Co., recently suffered a heart attack and is confined to his home . . . Understand Bill Stokes is holding down a day time job with the county and works of evenings at Frownfelter's . . . Kiddingly, the boys at the Ration Board have asked me to advertise for a new board chairman and chief clerk . . . Seems that Barton and Webb have been trying to run the board when they should realize they are only the servants of the rest of the board members . . . Leo Uridil, a member of the traffic commission sampled the chow at the police court by being fined for speeding . . . The former Jane Anderson, on her way to get married, got off the train to take a walk while the train laid over for two hours and by so doing missed the train and waited 12 hours.

Just before press time Thursday afternoon we were told that Dr. C. O. Cramer was a patient at Mt. Carmel Hospital. Seems he brought a patient to the Chillicothe Federal Hospital and while visiting his parents near Hilliard Sunday suffered a heart attack.

Mrs. Arthur Tylee To Speak Sunday

Mrs. Arthur F. Tylee, heard regularly over stations WMBI and WDLM, Chicago, as radio school of the Bible teacher, will speak at 10:30 a. m. and 7:30 p. m., Sunday in the Immanuel Baptist Church, 286 Belvidere-av, according to the Rev. Ralph E. Hone, pastor.

Now a member of the staff of Moody Bible Institute, Mrs. Tylee is a former missionary whose husband and child were slain by South Americans Indians.

After graduating from the Institute in 1922, Mrs. Tylee served for two years as a missionary in Paraguay. Later, after her marriage to Mr. Tylee, she joined him at his station in Brazil.

It was while the Tylees were working with the Nhambiquara Indians in the Matto Grasso region of Brazil that they were attacked. Incited by medicine men, who blamed recurrent epidemics on the missionaries, the Indians assaulted the station. Miss Mildred Kratz, a nurse, Mr. Tylee, and two-year-old Marion Tylee were killed, and Mrs. Tylee was critically injured.

Upon her return to the United States, Mrs. Tylee served as deputation secretary for her mission board until 1935. Since then she has taught in a Bible college and Bible institute, and spent her summers in Bible conference work. Joining the Institute staff in 1941, she also conducts women's Bible classes in the suburban area of Chicago in connection with the Institute's extension program.

Cowboys Open District Play Today

By Bob Busick

West High School's league-leading Cowboys will open turnament play Friday at 4 p. m. against South's Bulldogs with the possible loss of Dick Gilmore, first baseman and leading hitter of the league.

Gilmore is suffering with an ankle inflammation which makes his appearance on Ohio State University's diamond 3 questionable, according to Coach Dale Rose. If this hitting power is lost to the team for only one game, chances of the Bucks playing in the finals at Magley Field may be seriously hampered.

Successful completion of the South game Friday will bring the Bucks against the winner of the North-Bexley tilt. Finals will be run off at the West field Friday.

Either Carl Hosler or Bob Phelps will do the hurling in the South tilt, with Parkey behind the plate.

Springfield Beaten

Coming back for revenge for their initial loss at the hands of the Springfield Wildcats, the Bucks defeated the Springfield nine, 9 to 6 last Monday after noon.

The Wildcats opened the game by securing three unearned runs in the first inning. The Bucks bounced back in their half to score five times, added three in the second, one in the third, while the Wildcats could only garner three from Bob Phelps.

Dick Gilmore led the attack with four hits in five trips to the plate. Ira Blackwell secured three hits and Gene Shade two including a home run.

Called Due To Rain

Leading 12 to four in the fifth inning, the Cowboys' game with the South Bulldogs was called off due to rain. It will be played at South next Monday afternoon at 4 o'clock.

Tournament Play

The Bucks will open their district tourament play this Friday when they meet the South Bulldogs on Ohio State Diamond.

Recreation Program To Accelerate

Jerry Spears and Robert ... representing the Hilltop Community Council, met with members of the City Recreation Commission Wednesday to discuss plans for an accelerated recreation program for this community during the summer months. While decisions on the scope of playground and park facilities were not announced it is understood that proposals by the Hilltop representatives were taken under advisement. Walter Grinell, also a member of the sub-committee, was unable to attend.

Preceding the Wednesday conference a meeting of the Hilltop Council was held Monday noon at West High School Apartment.

Singer Jack Jones and the music of Bert Wendle's orcrestra will feature the entertainment program for the Saturday night get-together of the Hilltop Teen Canteen.

Interest in the weekly dances reached a new high last Saturday night when the largest crowd thus far was in attendance.

Dancing will be from 8:15 to 11:15 o'clock.

Three visiting recreation workers attended the meeting, and discussed local problems with the group. They were Dr. W. C. Batchelor, member of the recreation commission, Dr. H. W. Nisonger, instructor at Ohio State University, also connected with OCD, and Carl Bogart, director of Gladden Community House with OCD connections.

West Band Club To Meet Wednesday

The West High Band Club will meet at the school next Wednesday. Members are asked to note the change in meeting date. Parents interested in providing a means of outfitting the band with new uniforms are asked to be present.

Brown and buff trimmed caps have been placed in stores on West Broad Street and Sullivant Avenue for the purpose of collecting contributions for the uniform fund.

ESPECIALLY for Mother

It hasn't been so long ago
You brushed away my tears.
You kissed and healed my many hurts
And calmed my childish fears.

You made my little dresses;
Tied ribbons on my hair.
You helped me with my lessons;
Filled my days with loving care.

Though my childhood days are gone, Mother
With the dolls and other toys,
You still console me when I'm hurt
And share my deepest joys.

I long to give you everything—
To me there is no other
More dear, more close, the very best

Thursday and Friday, May 18 and 19 in the High School Auditorium at 8:30 p. m.

This play will be under the direction of Mrs. Gilmore and Virena Cleveland, student director.

The production will be given Thursday and Friday, May 18 and 19 in the auditorium under the direction of Mrs. Gilmore and student director, Virena Cleveland. The play will begin at 8:30 p. m.

Although it is a play that arouses thought, stimulates discussion, and presents a novel and optimistic philosophy on the problems of love and death, the many light-hearted comments of the Baron (Fred Rucker) affords much amusement.

This striking drama occurs at Duke Lambert's (Don Davis) castle in Italy where Death, (Bob Edwards) disguised as Prince Sirki, visits and falls in love with another guest, Grazit (Shalmi Springer.) Shown by Grazia's mother, as portrayed by Evelyn Fowler, is the unwillingness to lose a loved one, while Duke Lambert and Corrado (Joe Case) exhibit the terror all humans have for Death.

Other members of the party are not affected by the strange guest. Alda (Pat Goodwin) restless and sophisticated widow of the Baron's son, Rhoda (Martha Colmery) a straightforward English girl, as well as Stephanie (Marge Ruddock) the Duke's wife, are all fascinated while Eric (Eugene Jewell) Rhoda brother, finds the distinguished Prince oddly disturbing. Major Whitread, (Bob Howard) an experienced soldier, realizes a vague and comforting thought at the final release from life.

General admission tickets are now on sale by students ot 30c. Reserved seats will go on sale Monday for 40c.

Raymond Bauschard officated at the nuptial high mass assisted by Rev. Francis Schwendenman, Rev. Albert Culliton and Rev. Joseph McGlynn.

The bride, who was given in marriage by her father, wore a princess-style gown of white slipper satin fashioned with a sweetheart neckline. Insertions of Chantilly lace adorned the dress and formed a graceful train. Her finger-tip veil of illusion was held in place by a coronet of seed pearls. A prayer book on which was placed a white orchid and from which fell a shower of stepantois, was carried by her.

Four sisters of the bride attended her and chose identical gowns fashioned with fitted bodices of lace and full skirts of marquisette in pastel shades with matching short tulle veils. Each carried arm bouquets of assorted spring flowers. Maid of honor, Miss Anne Graham wore shell pink; Mrs. Arthur Mitchell, matron of honor, chose orchid; bridesmaids Miss Mary Graham, apple blossom green and Miss Julie Graham, daffodil yellow. Little Miss Martha Mitchell, niece of the bride, as flower girl, wore a dress of pink taffeta trimmed in blue and carried a colonial bouquet.

Arthur Mitchell attended the bridegroom as best man and Joseph Murnane and Arthur Murphy served as ushers.

Immediately following the ceremony, the bride's parents were hosts at a breakfast held at the Brookside Country Club for the wedding party and immediate families.

The new Mrs. Jackson was attired in a dressmaker suit of biege trimmed in dark brown, combined with brown accessories to which she pinned an orchid corsage for the brief wedding trip, after which they will be at home to their friends at 1308 W. Third-av.

Joseph W. Agee To Manage The Hilltop Record

By C. Carlton Hartley

It all reminded me of the story of Finnigan.

You'll recall that Finnigan was the railroad section boss and it was his duty to send in reports of various train mishaps. But Finnigan was inclined to be verbose. His reports needed condensing and the railroad company so instructed him.

To make a long story short Finnigan made his reports short as per example of this report sent in following a derailment of a train after it had been put back on the track. His message read: "Off again, on again, gone again, Finnigan."

It was the off again, on again, business that I was reminded of last Saturday when I was informed by George Hardy that he was not going to take over the position as manager of the Record, this after it had been announced in last Friday's issue.

But since this kind of employment situation is not a new one these days we might expect anything so immediate steps were started to find another man.

We are happy to announce this week, and I'm certain it will stick, that Joseph W. Agee, a former Hilltop Record employee, will assume management of the paper immediately.

Agee has been associated with me for the past six years, more recently having been employed at The Greenfield Daily Times and Fairfield Times at Lancaster, O.

He married a former Hilltop girl, Rosalie Perkins, and they have a son, Michael, three.

He was a former member of the Burgess Avenue U. B. Church.

It usually takes no longer than that for a friendly Curtiss-Wright interviewer to show how you, the company and our fighting forces benefit when you come to work here and help build Helldiver dive bombers.
You have the satisfaction of doing war work of the most essential kind; we will be better able to meet the new production goals set for us; our Navy fliers will get the Helldivers they need to blast the Jap island outposts and press home the final attack on Tokyo itself.
Curtiss-Wright needs both men and women, skilled and unskilled. Come in and talk it over.

PARKING vs SAFETY

Adoption of the "no parking" ban on side streets on either side of Broad Street and Sullivant Avenue may seem like just another one of the many governmental restrictions that have been invoked during the past decade but we believe that a sane analysis of the situation will indicate otherwise. As a starting point we must recognize the fact that when Hilltop side streets were laid out there was no way of knowing the volume of traffic that would one day feed into the two principal thorofares. The majority of these streets because of their width have been a constant "bottle neck" and hazard to the safety of pedestrian and motorist alike. This condition has become more marked since the city removed many of the traffic lights on Broad and Sullivant.

With cars parked on both sides of any one of these side streets it is impossible for cars to pass in that area. In most cases it is the motorist desiring to pull off of the main thorofare who has to wait while the street is being cleared of traffic so that he can make his turn. There is no place for him to wait except with his car partially blocking the main flow of traffic. This becomes a distinct hazard to all concerned especially during the morning and evening rush hours.

Should a fire truck, ambulance or police cruiser be caught in this predicament it is conceivable that several minutes might be lost before the street was cleared. With fire fighting equipment and police protection being spread so thickly over the city any delay of even a few minutes might be a serious one. With parking banned to the first alley on these streets there is considerably less likelihood of a traffic jam developing at these intersections.

We recognize that this is going to be a slight inconvenience to many persons going to the bank or to a place of business but any sacrifice that adds to the safety of the community at large should be made willingly. Church goers will no doubt experience greater difficulty in finding a place to park on Sunday mornings since many of our churches are located at or near intersections but by leaving home two or three minutes earlier they should be able to find adequate room to park within easy walking distance of any house of worship.

To many business people the adoption of the parking ban is the realization of a goal long sought. Others may not see the urgency of it. But since it has been made a law by City Council let's all cooperate in making the Hilltop a safer place in which to live.

"Please Give Your Point of View"

A boy of sixteen, doubtful seventh grade,
Decided he would leave school.
He thought it best to learn a good trade
Some others called him a fool.
The Board of Education did not object
His parents gave their consent
After carefully considering the subject,
Then to the railroad he went.
Learn a good trade and started to work
In little less than one year,
Played the game square, didn't try to shirk,
All books he studied sincere.
Now did he do wrong or did he do right?
Please give your point of view,
Tht boy is writing this letter tonight
And would like to hear from you.

C. S. Parks, Broad and Dana.

Heart Attack Is Fatal For William Green

Less than a month after his wife passed away William Henry Green, 72, 83 S. Warren-av, father of Floyd F. Green, former mayor of Columbus, died at his home Monday following a heart attack. Mrs. Mary Allread Green, his wife, preceded him in death on Apr. 19. He was a retired engineer for the Pennsylvania Railroad.

A fire department emergency squad was called but Mr. Green was dead when it arrived.

He had been with the Pennsylvania Railroad 45 years and had been on the Columbus-Loganport, Ind., run until his retirement seven years ago. He was a member of the Pennsylvania Railroad Honor Roll of Honor Club, the Brotherhood of Locomotive Firemen and Engineers, the Loyal Order of Moose, the Masonic Lodge and the Shrine.

For Mother's Day [illegible] composed the following poem:

"MY MOTHER"

Into the crib she peered with joy,
At that little bundle of blue-eyed boy.
She taught him how to toddle and talk,
Though at times I guess he tended to balk.
She watched him growing, growing, growing.

Into a lad of her pride and dreams,
She kept feeding him spinach, carrots and beans.
Watching him play in an old vacant lot,
Of football, Tarzan and the times that he fought.
She watched him growing, growing, growing.

Into a boy of adolescent youth
She taught him honesty, wisdom and truth.
Always there with a guiding hand
She comforted the woes of this little man.
She watched him growing, growing, growing.

Into those glorious high school days
With problms that left him amazed!!
She kept urging him on for that future ahead
For she knew that life was no easy sled.
She watched him growing, growing, growing.

Into the day, for he was now a man,
And duty called him to defend his home land.
Her heart was crushed in every part
As he waved farewell on the day of his depart.

Yes she is watching him growing, growing, growing,
No longer a kid in three cornered pants
But a man in his duty to give others a chance
Though time may have added some lines to her face
I am so deeply in debt to her loving grace.

Your son, Gerald.

May 13th, 1943.

Poem was written on an island in South Pacific.

Joe's Recordings

By J. W. Agee

As we sit here bent over the Royal and listening to the California dew falling outside the Record office, we can't help but feel that the Lieutenant must have scraped the bottom of the barrel in the man-power situation . . . but we do hope that we will be able to live up to the degree of confidence which he has placed in us . . .

HOUSES?

We could not appreciate the housing problem until we arrived in Columbus after a six-year absence . . . upon questioning a local resident about a house of any proportions and promptly receiving a hearty laugh as an answer, we began to get slightly suspicious . . . but as the Lieutenant has often told us, "nothing is impossible if you are resourceful," our meager belongings are now tucked away over on S. Harris-av.

RUNNING WATER

Bob Nash provides us with an interesting episode . . . it seems that a student out at West Jr. High comes rushing up to Nash with a request to return home in a hurry. After an explanation to the effect that he had forgotten to turn off the water running in the bathtub, his parents were away at work and it was not thought advisable to let the neighbors know the regular hiding place for the door key, he was granted the request . . . about 15 minutes had elapsed when Bob was called to the phone to hear the winded boy's report . . . "Well, everything's under control." "Any damage," asked the teacher. "No, I forgot to put the stopper in," was the surprising answer.

The man at the corner desk tells us that Earle Davis, 2634 Eakin-rd, is manager of the Columbus Zoo . . . and a big job he has if it is still growing as fast as it was several years ago . . . A card to the effect that John Adair, former Hilltop Record employee, is now somewhere west of the West Coast . . . News item crossing our desk announces a rabbit show to be held in the near future . . . Can't help but wonder if they will close the show with the same number that started . . .

We understand that the B. F. Clines spent last week-end at their Logan county farms, where they have nice orchards developing . . . See that Westgate Park lake is being restocked with fish . . . that should be a good place to find insurance salesman Walter Davis on the hot, sunny afternoons this summer . . .

Paul informs us that Mr. and Mrs. Sterling Good out on Roys-av, have recently returned from a visit with their son and daughter-in-law, Lt. and Mrs. Clyde Good, at an air force training base in California . . .

We note that S/Sgt. Chet Rinehart, former Record employee and well-known Hilltopper, now has a c/o P. M., New York address.

D-DAY PRAYER

We would like to add our opinion to that of Rev. Hawk that all churches observe D-Day by opening their doors for prayer services . . . and suggest that this plan be carried out through the weeks to follow the initial landings on the European continent from England. Probably never before and never again will there be so many human lives and so much happiness invested to gain an objective, thus every effort should be made to provide the surroundings for peace and solitude which only a church can give to a grieving mother, father, wife or sweetheart.

NEWS CONTRIBUTION

We would like to take this space to invite all of our readers to contribute to the news columns of the Record, for in this manner we can be assured that we are giving the Hilltop complete news coverage which it deserves as an outstanding community . . . you may think a certain item is too insignificant to bother with, but often this item will be interesting news to another reader. Send it in and let us look it over.

West Wins Number 8 Tuesday

Lose To South In Tournament

By Bob Busick

In a brilliant pitchers duel between Bob Phelps and Charles Jones, the West Cowboys made it number eight in the win column as they defeated the East Tigers 1 to 0 last Tuesday afternoon.

It was a masterpiece for Bob Phelps, as he set the Tigers down with two singles and allowed no runners to reach third.

West's only run came in the third inning as Gene Shade drove Carl Hosler, who had previously doubled, in with the winning run.

Star of the day was Bob Phelps, who limited the Tigers to two hits and gained his fourth victory of the season.

Eliminated by South

The West Cowboys were eliminated by the South Bulldogs in their first District Tournament game last Friday afternoon by the score of 4 to 3.

Missing from the game was the big bat of Dick Gilmore, who has been confined to bed with an infected foot. Failing to hit, led to the downfall of the Bucks as Harry Edgington limited the Cowboys to four hits.

Carl Hosler, pitching equally well, held the Bulldogs to seven hits, but a costly error let two unearned runs come across the plate, thus the Bulldogs were able to win.

Non-League Defeat

Monday afternoon the Bucks went down to defeat again before the hands of the Carolians of St. Charles by the score of 3 to 2. It was their third defeat by one run this season.

It was a brilliant pitcher's duel between "Sug" Haines of West, and Charles Duffy, St. Charles hurler, as the former gave up four hits and the latter five.

The Bucks in a batting slump, were unable to hit with men on base. They missed an opportunity to tie the score as Gene Shade was thrown out at the plate when he tried to score on Virgil Crawford's single to right field in the final inning.

The Bucks will travel to Upper Arlington this Friday to engage the Golden Bears in a non-league game.

5 Hilltoppers Are Inducted In May Quotas

Four men from Selective Service Board 13 and another Hilltopper registered at Board 7 were inducted as part of the May draft quotas. Accepted for army duty from Board 13 was Robert Guy Brink, 689 S. Richardson-av.

Charles Leroy Pendergrass, 568 S. Terrace-st, Ralph Elliott Culp, 106 Brehl-av, and Clyde Wright Keller, 108 S. Ogden-av, were accepted from the same board for naval service.

Hilltopper Harold R. Banker, 76 N. Westmoor-av, was accepted by the army from Board 7.

Rev. W. J. Hutchison Dies

Rev. William J. Hutchison, brother of Rev. Harry Hutchison, former pastor of Hoge Memorial Church, dropped dead at his home at Vinal Haven, Maine, last Saturday.

Playgrounds To Be Opened This Summer

Three school playgrounds in the Hilltop area will be open for supervised play during the summer months, according to plans announced by the Board of Education this week. They are John Burroughs, West Broad Street and Dana.

The playgrounds will be open six days each week under the supervision of a physical education instructor employed by the board.

"We are particularly interested in providing a place for smaller children to play without going so far out of their own neighborhood," Robert Draper, Hilltop member of the board, commented to the Hilltop Record.

Operation of the three local playgrounds is in addition to any program of recreation that might be sponsored by the city in local parks. Details of the program being sought by the Hilltop Community Council were not available this week pending further deliberation of the City Recreation Commission. School authorities will operate a total of 15 playgrounds throughout the city this summer.

Legion To Launch Pledge Drive

Having spent the last six weeks in publicizing the plans for erecting a Veterans' Memorial building in the community, Camp Chase post members are convinced the time is ripe to seek pledges for this project.

Although pledges have been accepted to date, no concerted effort has yet been made to contact Hilltop residents for contributions. Starting next week the legionnaires will carry out an ambitious program of a house-to-house solicitation, in order that everyone may be given an opportunity to participate. When a pledge is signed, the contributor will be given a small placard which can be placed in the window to show a contribution has been made.

The drive will be heralded by a sound truck and a large group of workers will concentrate on one street at a time, following military procedure in their methods and organization. Announcements will be made regularly in the Record, showing progress of the drive.

Raymond F. Phillips Killed In Explosion At Edgewood Arsenal

An explosion at the Edgewood Arsenal near Baltimore, Md., Monday, resulted in the death of Raymond F. Phillips, 29, husband of the former Edna Corcoran. A research chemist, he was in the midst of an experiment when the explosion occurred. He survived five hours.

A former resident here, rooming at the home of Mr. and Mrs. Thomas A. Sawyer, 32 S. Terrace-st, he met and married Miss Corcoran, the daughter of Mr. and Mrs. Arthur J. Corcoran, 96 S. Ogden-av, on Thanksgiving day in 1939. They had no children.

Funeral services and burial were held yesterday at Lafayette, Ind., where his parents, Mr. and Mrs. Ray Phillips, reside.

Missing Girls Seen Since Disappearing

Two West High Students Believed To Be In City; Police On Lookout

Columbus police and sheriff's deputies were on the lookout this week for evidence that two Hilltop girls might be hiding out in or around the city following their disappearance from their homes on May 10. The girls, Mary Jane Rehl, 15, 479 N. Eureka-av, daughter of Mr. and Mrs. William Rehl, and Mary Louise Kinnard, 17, 264 S. Warren-av, both students at West High School, disappeared after they were told to bring their parents in for a conference with their principal following their unauthorized visit to a carnival during the noon hour.

Police Lt. C. M. Berry, 401 Midland-av, said that two girls answering the description of the missing students were believed to have spent one or more nights in the neighborhood of the Confederate Cemetery on Sullivant Avenue.

"Every possible clue is being checked that might lead to their hiding place if they are still in the city," Lt. Berry said.

It was believed that fear of parental discipline might be causing the girls to stay away from their homes. The Rehl girl's grandfather told the Record that several persons had reported seeing the girls in the vicinity of South Powell Avenue and Sullivant Sunday. A visit to that neighborhood following a phone call revealed that the girls had apparently fled.

A boy, whose name was not revealed by the Rehl family, stated that he saw and talked with the Rehl girl at a carnival on the West Side one evening this week.

Civil War Veteran Dies On Hilltop

Funeral services were held Tuesday afternoon for Joshua Bowser, 97, one of Columbus' two remaining Civil War veterans. Mr. Bowser passed away Saturday at the home of his son, Gideon M. Bowser, 75 Haldy-av, after a brief illness.

Need Workers For 5th War Loan Drive

The need for women to volunteer as workers in the Fifth War Loan Drive on the Hilltop was again emphasized this week by leaders in the community. The drive to be headed by Mrs. Leonard Wisdom, 254 N. Harris-av, and Mrs. E. J. Brophy, 655 S. Ogden-av, serving as co-chairmen, will get under way on June 5.

The fact that many more Hilltop women have taken war jobs and will not be available to help with the solicitation creates a need for many more women to take their places if the fine showing made in the last drive is to be repeated.

An instruction meeting to acquaint all workers with the procedure to be followed will be held sometime before the drive opens. Next week's Hilltop Record will announce the time and place of that meeting.

Any person desiring to volunteer for some work during the drive may get in touch with Mrs. Brophy at BAndolph 6228 or Mrs. Wi[illegible]nh 4978.

Heart Attack Is Fatal For William Green

Less than a month after his wife passed away William Henry Green, 72, 83 S. Warren-av, father of Floyd F. Green, former mayor of Columbus, died at his home Monday following a heart attack. Mrs. Mary Allread Green, his wife, preceded him in death on Apr. 19. He was a retired engineer for the Pennsylvania Railroad.

A fire department emergency squad was called but Mr. Green was dead when it arrived.

He had been with the Pennsylvania Railroad 45 years and had been on the Columbus-Loganport, Ind., run until his retirement seven years ago. He was a member of the Pennsylvania Railroad Honor Roll of Honor Club, the Brotherhood of Locomotive Firemen and Engineers, the Loyal Order of Moose, East Gate Lodge 603 F. & A. M., and Temple Chapter 155, Royal Arch Masons, and the Achbar Grotto.

He is also survived by a duaghter, Mrs. Lottie Wilhelm, Dayton; three grandchildren, Mrs. Marian Sparks, Pleasant Hill, O., William Solomon, member of the Columbus Fire Department, and WAVE Yeoman (3c) Mabel Irene Green, stationed at Minneapolis, Minn., and a great-grandson, William Franklin Solomon, Columbus.

Masonic services were held at 7:30 p. m. and Moose services at 8 p. m. Tuesday in the Spears funeral home.

Funeral services were also held at 10 a. m. Wednesday in the funeral home, and at 2:30 p. m. Wednesday in the United Brethren Church at Abbotsville. Burial followed in Abbotsville Cemetery, near Arcanum, O.

Senior Play In Final Showing

The final presentation of 'Death Takes a Holiday," will be put on at the West High School Auditorium by the senior class tonight at 8:30. The three-act mystery drama was enacted last night to an enthusiastic audience. The play is directed by Mrs. Gilmore and Virena Cleveland, student director.

Members of the cast are Margaret Webber, Elmo Scott, Don Davis, Pat Goodwin, Margarie Ruddock, Evelyn Fowler, Fred Rucker, Martha Colmery, Eugene Jewell, Joe Case, Shalmir Springer, Bob Edwads and Bob Howard.

General admisison tickets are available at 30c. Reserved seats are 40c.

Park Fishing Is Expected Soon

Hilltop boys and girls may soon have the opportunity to fish in Westgate Park if plans of the City Recreation Department materialize. The city plans to plant fish in the lagoons of four city parks including Westgate.

Mayor James Rhodes believes that regulated fishing in city parks under competent supervision would provide a wholesome recreation for youngsters without the hazards of fishing along open streams.

It is expected that some more fish will be dumped into the lake at Westgate within the next 10 days.

Legion Plans Special Meet At Glenwood

Plans were being worked out this week by members of Camp Chase Post American Legion for special Memorial Day services to be held at Glenwood Park at 7 o'clock in the evening. Michael Austin, first vice president, will be in charge of the memorial service to be held near the Honor Roll board. The public is invited to attend this service.

During the day members will be assigned to see that graves of deceased veterans are remembered with flowers at local burial grounds. Elmer Young and Jay Bowser will be at Wesley Chapel. Edgar Planck will handle Alton Cemetery and Bob Jones and Chester Wagner will be at Sunset Cemetery.

Members of the Post will also participate in the downtown parade during the day.

Bob Little Home From South Pacific

Sgt. Robert Little, son of Mr. James C. Little, 451 S. Wayne-av, arrived on the Hilltop Wednesday, after duty in the Southwest Pacific where he saw action in both the New Georgia and Bougainville compaigns.

Bob was married to Helen Lucas, daughter of Mr. and Mrs. Carl Lucas, 114 Eldon-av, in January of 1940. One year later he was inducted into service and assigned to the 37th Division with which he remained through two major campaigns. He is stationed with an Ordnance unit.

Sgt. Little says it was continually raining, with deep mud attempting to anchor all mobile equipment in both the New Georgia and Bougainville compaigns. Thus the rain-storm which Hilltoppers were experiencing at the time he was contacted Wednesday did not bother him in the least.

Bob, who was an employee of the F. & R. Lazarus & Co. prior to his induction into the armed forces, is the father of a 2-year-old daughter, born while he was stationed in the Fiji Islands. He says he is going to spend most of his 21-day furlough "just getting acquainted with her."

At the end of his well-earned furlough, Sgt. Little will report to a camp in North Carolina for re-assignment.

Hilltop Ministerial Ass'n. President Approves D-Day Prayer Plan

Rev. Hawk

The suggestion is going out this week to all churches of the Hilltop that D-Day be set aside as a day of prayer and meditation. The president of the Hilltop Ministerial Association, Rev. C. L. Hawk, says that after a number of mothers who have sons in the European theater called and suggested the idea, he decided to offer the following plan to all ministers of this district:

"Perhaps the most important contribution we could make during the momentous days that lie immediately ahead and during the particular hours when mothers, fathers, loved ones, and friends will be most anxious to know whether their sons or husbands are still alive, will be the opening of our churches for prayer and meditation.

"It is to be hoped that each church will plan in its own way to cooperate. One or all of the following plans may be adopted:

1. Announce from the pulpit the hours the sanctuary will be open.

2. Place a printed invitation on the outdoor bulletin board, inviting passersby to stop in.

3. Suggest to the congregation on Sunday that folk attend the church nearest to them on D-Day, regardless of denomination.

4. Have leaders appointed to lead in Bible reading and prayer.

5. Organ meditations wherever possible."

"WAIT TILL THEY SMILE"

Our first impressions are the best,
Is a slogan that isn't true.
I've seen folks I thought I'd detest
Soon as they came into view.
They acted friendly but I held a-loof
Thought they were trying to beguile
But I invited them under my roof
The minute I saw them smile.
Many we think homely at first sight
But deceiving is their profile,
I call them friends daylight or night
The minute I see them smile.
Some we don't like by the way they walk
Think they are putting on style
But I love 'em when I hear their friendly talk
And see their neighborly smile.

GRADUATION

Probably no other time of the year is filled with more mixed emotions than late May and June, as all young people have foremost in their minds the thought of their graduation, wishing that they were ready to graduate or reminiscing over their experiences at graduation many years ago . . . it certainly makes a person stop and analyze the value of an education for use in the years to come. We would like to congratulate the senior class of West High School, and assure them that they will never regret one moment that was spent in those twelve short years in the class room.

THEY TELL US

A. C. Keidel, who resides on Westmoor-av, has purchased a home in Bradentown, "the garden spot of Florida," and he and his family will move there early in August . . . Doc Cramer is recuperating in the post hospital at Fort Hayes. It is understood that he will be moved to Fletcher General Hospital at Cambridge in the near future . . . Dick Halfill is really making the dirt fly out at his Alkire-rd farm. He is using a home-made power cultivator with good results . . .

Earl P. Wilson, R. M. 3/c, son of Mr. and Mrs. C. B. Wilson, 234 N. Hague, is in a Pacific Naval Hospital and is expected to be returned to the States for treatment . . . Robert Murphy never tires of discussing the relative merits of different railroad companies. There is something interesting about railroading . . . an ex-fellow-worker of ours used to bum a ride on freights from one end of Cincinnati and back in his spare time, however he was laden with peculiarities . . .

A Hilltopper was heard to remark that his automobile used more oil than gas, but he didn't mind it much as it made his ration stamps last longer . . . Paul Henne, S. Roys-av, goes all-out in discussions of his "Milk Chocolate Sundaes" but is a little slow in offering material evidence . . . Paul Wichterman and Ray Anderson are diligently tilling the soil at their S. Hague garden plot. They did arrange to tear themselves away long enough to try a little angling with their families out at the C. C. Hartley farm on Wilson-rd Sunday p. m.

VIA MAIL

A/C Jack Remington informs us of his new address at Chapel Hill, N. C., where he is expecting the rigorous training that goes with an ambition to be a flyer. Jack says, "I really enjoy the Hilltop news I get from the Record." Thanks fellow, and write again . . .

Card from Pvt. Bill Moore, Record Linotype operator, that he is now stationed at Ft. Leonard Wood, Mo. "I am still able to navigate, but don't know how long I will be able to keep it up." Bill thinks we are a little suspicious of his physical condition.

Carl F. Glade Jr. "Missing In Action"

Radio Operator-Gunner Reported Lost In Fortress Raid Over Germany

A "missing in action" notice delivered from the War Department saddened another Hilltop home Sunday when word was received that T/Sgt. Carl F. Glade, Jr., 22, radio operator-gunner on a Flying Fortress, failed to return from a mission over Germany. A graduate of West High School in the class of 1939, he is a son of Mr. and Mrs. C. F. Glade, 188 Guernsey-av.

During his high school days Sergeant Glade was a frequent visitor to the Hilltop Record office having been active as columnist and sports writer on the Occident, school paper. He was also active in dramatics, worked with the football team one season and did some wrestling.

"Carl was an all around active student at West," explained one of his former teachers.

After graduation from high school young Glade attended Ohio State University for three years where he majored in speech, script writing and broadcasting. The war interfered with his plans to go into radio professionally and he worked at the Columbus Bolt Works until his induction in November 1942.

His first military training was received at Fresno, Calif., later movin gto Scott Field, Ill., where he studied radio. He then went through the gunnery school at Buckingham Air Field in Alabama and received final training at Avon Park, Fla.

Arrived Overseas

Sergeant Glade arrived overseas on Apr. 1, 1944, and according to letters to his parents he had been on "about seven" missions. It is assumed that his plane was one that was over Berlin on May 8, the day he was reported missing. He was stationed at an AAF base in England.

A younger brother John, also a graduate of West High, is in an artillery school at Ft. Bragg, N. C. Word of his brother's failure to return has not been sent to the younger son. The boy's parents will likely go visit him at camp to personally convey the sad news.

According to Mr. Glade the two boys had been inseparable companions. Young Carl had visited his brother just before going overseas. Both were regular readers of the Record. At the family's request this week's edition of the Record will not be mailed to Pfc. John so that they will have a chance to visit him before he reads the news in the paper.

Legion To Launch Campaign

Canvas To Reach Every Hilltop Home

The invasion has started! If you hear a sound truck playing martial airs and see a number of men in Legion uniforms or caps coming down your street, then you will know P-Pledge Day has arrived.

The drive for pledges to the Veterans' Memorial is now in full swing, and an attmept will be made to interview every family on the greater west side, explaining the Memorial project and inviting each individual to contribute to this worthy cause. As announced earlier in the Record, the sum of $100,000 is being raised to finance the purchase of land and the construction of a building to honor the veterans of World War II, and to memoralize the veterans of all wars. It is planned to build this building somewhere on the site of old Camp Chase, and the site and the size of the building will depend upon the contributions made by west side residents.

As explained in the pamphlet distributed over the Hilltop, a minimum pledge of $10.00 per person is being sought, and such a pledge insures the placing of the contributor's name forever upon the walls of the building, and at the same time will place the name of any service man selected by the contributor upon the honor roll within the building. No money is collected by the solicitors, the money being paid within two months directly to the Hilltop Federal Savings & Loan Association.

The drive is headed by Camp Chase Post, and started at Richardson Avenue and will first work west to the city limits. Edgar G. Planck, general chairman, stressed the magnitude of this task, and is inviting all interested parties to aid in this solicitation.

Any organization or individual willing to offer help one or more nights in this community project is urged to call Mr. Planck at RA. 9912, who will arrange the assignment. Mr. Planck stated: "If 1000 parents and relatives of service men would offer their services for one single evening, this canvass could be completed within 24 hours! I hope they will consider this Memorial their responsibility and step forward to help us make it possible."

Jack Sherick Revue To Be On June 2

Sue Keller and Barbara Bell will show how "Arthur Murray Taught Us Dancing" in the annual dance revue of Jack Sherrick's called "Youth on Parade." It will be presented at Central High School on June 2.

Since Jack Sherrick is serving in the armed forces the show will be under the direction of Mrs. Sherick.

Sue and Barbara have been students of Sherick's for several years. They appeared in the Hilltop Minstrel this year. She is the daughter of Mr and Mrs. H. Keller, 740 S. Richardson-av, while Barbara is the daughter of Mr. and Mrs. F. H. Bell, 296 S. Eureka-av.

VFW Service To Be Held At Georgesville

Memorial Day services will be conducted by Wesway Post 3441 of Veterans of Foreign Wars at the cemetery at Georgesville next Tuesday afternoon at 2:30 o'clock. Ritual work will be under the direction of Leslie Stevens, post officer of the day.

The main address of the afternoon will be given by Rev. Frederick Smith of Lilly Chapel.

The post will also participate in the Memorial Day parade Tuesday morning. Post members are urged to "fall in" near Memorial Hall in the VFW section. The parade will start at 9 o'colck.

Hilltop Pool Will Open On Tuesday

One of the high spots in the Hilltop's observance of Memorial Day will be annual opening of the Hilltop Swimming Pool where hundreds of children and adults will have an opportunity to get that "first dip" of the year. As in the past the pool is being operated by Mr. and Mrs. Charles Crues.

The usual play facilities for children will be available this year. One difference in operating policy this season will make it necessary for all patrons to furnish their own towels. War time restrictions and a general labor shortage makes this change necessary, according to Mr. Crues.

Season tickets have already been put on sale.

City detective Sam Toy, assigned to the police homicide squad, and his 17-year-old son, Orin "Buck" Toy, a West High School student, were sworn into the U. S. Navy together Saturday morning at the Old Post Office recruiting station.

THUMBNAIL SKET...

Dale Rose, West High Coac... Brings Fighting Spirit To Bucks

...from West ...short year ...the

By Joe Agee

Dale Rose, West High School's highly successful baseball coach, was very much in the limelight today as his Cowboys were tied for the city championship. If they win, it will be for the fifth consecutive time.

This modest, unassuming young mentor impressed the writer as possessing the attributte of real joy in working with students and helping to build character for which their parents and the Hilltop school can be proud.

Rose, who lives at 71 N. Ogden-av, is married and has two boys, Jerry 6 and Dee 9. When contacted, he was playing baseball with the boys and really getting a kick out of it. Dale says he certainly hopes that the boys will be interested in athletics, for much is gained in sports that would not be obtainable otherwise.

"The Coach" was born at Clarington, Monroe-co, O. where he attended elementary and high school, also one year of post-graduate work. He laughingly remarks that he played six years of high school baseball during this period, which would be quite an accomplishment in this day of strict scholastic rules.

Played Under Gautlier

After graduating from high school, Rose worked with his father in a hardware store at Clarington for two years before entering Ohio Wesleyan at Delaware. He graduated from Wesleyan in 1933 with a degree in physical education and mathematics. While attending college he participated in all sports, although he had never seen a football game prior to this time. Admiration was expressed for George Gauteier, the Ballin' Bishop's athletic director for 22 years, because of his policy of always placing extreme confidence and showing the utmost interest for the welfare of his teams. This policy is followed by Rose and is probably the foremost reason for his success at West High School.

In December of 1933 Dale was married to Miss Alice Dieckmann of Cincinnati, whom he had met on a "blind date" in Clarington approximately six years previous.

Rose returned to Clarington to coach basketball, baseball and track, where in a four-year period his basketball teams enjoyed an enviable record of 51 wins against 3 losses, all losses being against class A teams.

In the fall of '37 Dale was slated for a football and basketball coaching job at Martins Ferry but was side-tracked to West Jr. where he coached baseball, basketball and track, along

Rose

with teaching Math, for five years. He was away from the Hilltop for one year while coaching football and baseball at Central Vocational in Cincinnati where, although baseball held moderate interest of the Queen City spectators, there was very little competitive spirit in football.

Upholds West's Record

The fall of '43 saw Dale Rose come back to West High as football, baseball and reserve basketball coach, to pick up where Harold W... and George Williams had left off. During the short space of time that Rose has been at the helm, he has proven to the sports fan of the Hilltop that he can enstill that fighting spirit which means the difference between a good and an outstanding team when the chips are down and the breaks are going the other way. This has been indicated by the '44 baseball record of nine wins and no losses in league play, and the one-run margin in three non-league game losses.

Rose, who credits the remarkable baseball record over the last five years to the boys being unusually baseball-minded and summer participation in the game, states that he is very well pleased by the Hilltoppers' interest in athletics and the general student participation in all athletic events. We feel that we speak for the Hilltop in general when we say that the fans are pleased with the progress made by Dale Rose, and wish him the best of luck in his future coaching career.

Keith School Plans "Footlight Fantasy"

Things are humming these days and nights at the Keith School of Dancing, 3105 W. Broad-st., where rehearsals are in progress for the Fourth Annual Revue, "Footlight Fantasy" to be given at West High School auditorium on the night of June 23.

This year the revue is given under the auspices of the American Legion Camp Chase Post No. 98 and the proceeds will go to the war veterans Memorial Hall Fund.

Workers Needed By Red Cross

An urgent appeal for workers has been issued by the Hilltop unit for preparation of Red Cross surgical dressings in order that the present emergency quota might be met for the Army and Navy by July 1. Volunteers gather at the West Broad Street School each Tuesday, Wednesday and Thursday from 9:30 to 3:30.

Leaders in the work point out that a few hours each week from a number of new workers will help get the job completed on schedule. At least 30 more persons are needed to assure doing the job on time, it was stated.

Anyone wishing to volunteer for a few hours work may contact Mrs. Walker at RA. 1564.

Committees Are Named; Parks Open

Formation of plans for the summer and naming of permanent committees resulted from the Tuesday meeting of the Hilltop Community Council. At the same time a call was sounded for persons to volunteer their services for a few hours each week to provide an adequate staff of supervision for parks throughout the city.

Last week Westgate Park was opened for play. Two weeks earlier Glenwood and Sunshine Parks ...een opened to the children. ...formal opening ceremonies will ...e held at each ground on June ...0. A feature of this year's park ...program will be a daily flag rais...ng and lowering at each playground.

Cooperation of the auxiliary po...lie has made possible the early ...pening of playgrounds before the ...egular vacation programs are ...launched, according to recreation ...officials.

West Championship Game Postponed

Defeat Linden-McKinley Monday To Assure At Least A Tie

The Cowboys of West High School were washed out in their attempt to clinch the undisputed baseball championship of Columbus Thursday afternoon, when a torrential down-pour made playing of the game with Central impossible.

Both teams were at the field at 5:00 p. m., but after considerable discussion, it was decided to be too wet for play.

Carl Hosler was slated to do the hurling with Parkey behind the bat. The possibility that Dick Gilmore would be in the line-up further enhanced the chances of a win for the Cowboys.

The Bucks gained a tie for the championship by defeating Linden McKinley Monday, 11 to 3. Held on even terms for five innings, the Rose battlers broke out in a hitting rash to sew up the game in the sixth with eight runs. Phelps, the winning pitcher, was injured by a wild pitch which struck him on the pitching arm.

In a non-league game last Friday, the Cowboys defeated Upper Arlington 7 to 2 on the loser's diamond. Carl Hosler was again in good form as he set the Golden Bears down with two hits, while his teammates collected ten from Jim Stewart.

Letters To Be Awarded

Varsity letters were to be awarded at Friday's assembly to the following players and managers:

Jim Bell, Ira Blackwell, Dick Gilmore, Donn Haines, Carl Hosler, Dick Layne, Rennick Parkey, Bob Phelps, Gene Shade, Dick Slager, Dick Ison, Virgel Crawford, Bob McFadden, senior managers Bob Busick and Tom McCarley.

Reserve letters will be presented to Jack Buckingham, Lee Dienst, Allan McFarland, managers Jack Peters and Don Johnson.

Gene Shade was presented with a plaque, as the outstanding athlete and scholar of West High School, at the annual meeting of the Agonis Club Wednesday night. George Gautier, Ohio Wesleyan athletic director, was the principal speaker.

Jim Cooper Critically Injured In Auto Crash Wednesday Afternoon

James H. (Jim) Cooper, popular news broadcaster over radio station WBNS, was seriously injured Wednesday afternoon in an automobile collision at Tremont-rd and Westwood-av. He had just left his home, 2310 Tremont-rd, where he lived with his wife and daughter, Patty.

Cooper, who is 58 years old and a former resident of the Hilltop, suffered a skull fracture when he was thrown from his car as it collided with one driven by Vito Figliola, 22, of 1460 Westwood-av. He was taken to University Hospital by an Upper Arlington emergeny squad and his condition was still serious although somewhat improved at press time Thursday.

When he was injured, he was alone and on his way to sell a war bond to one of his "customers." Since August, 1942, he has devoted much of his radio time and personal time to bond selling and has been responsible for sales of approximately $7,000,000, according to WBNS officials.

Upper Arlington Police Chief Frank D. Cary said Cooper was driving east in Tremont-rd while Figliola was driving south in Westwood. Figliola, who was not injured, was questioned at the Upper Arlington police station, but was not held.

Known to thousands of radio listeners as "Genial Jim," he has

"Genial Jim"

broadcast the news for nine years for WBNS, having begun in May, 1935, under the sponsorship of the Ohio Fuel Gas Co., for which he still broadcasts.

Since suffering a serious illness four years ago, he has broadcast directly from his home.

A native of Scioto County, he spent many years in vaudeville and theatrical stock companies, touring every state in the union, before he retired and came to Columbus to live in 1930.

The four daily broadcasts of Cooper's will be temporarily given by staff members.

Mona Drake Becomes Bride Of Francis Wolford At Burgess Ave. U. B. Church

Miss Mona Ardell Drake, daughter of Mr. and Mrs. Darrell Drake, 546 S. Terrace-st, became the bride of Francis S. Wolford, son of Mr. and Mrs. Frank Wolford, 381 S. Hague-av, at a lovely ceremony at 2 p. m. May 7 at the Burgess United Brethren Church. Rev. Clayton F. Lutz performed the marriage.

The bride, given in marriage by her father, wore bridal satin made on princess lines with bands of Chantilly lace fashioning the square yoke and top and long fitted sleeves. Lace godets trimmed the front of the full skirt and bands of the same lace extended into the long full train. A halo of matching veil held the fingertip veil of imported bridal illusion in place. She completed her attire by carrying a colonial bouquet of white gladiola and baby breath.

Mrs. John F. Kantzer was the matron of honor and wore dusty rose chiffon over taffeta. The bridesmaids, Miss Alma Wolford, Miss Jean Vaughn, Miss Margaret Nettleton and Miss Katherine Davis, were all gowned in the same style dresses with satin bodices and starched skirts over taffeta. The attendants all wore ribbon hats with veils matching their gowns. Sgt. Robert W. Duncan served as best man and Raymond Anderson and Howard Dellinger served as ushers.

When Mrs. Drake greeted her guests at a reception at her home following the ceremony, she was wearing a green print dress and a corsage of roses. The mother of the groom, Mrs. Wolford, wore a navy blue print combined with navy accessories and also a corsage of roses.

The new Mrs. Wolford is a graduate of Mt. Vernon Academy and is a student of William and Mary College. Mr. Wolford is a graduate of West High School and of Ohio State University and is now employed as an aircraft engineer at the Goodyear plant in Barberton, O., where they will make their home.

The wedding date was originally scheduled for June, but due to an unexpected furlough of the groom's brother from the South Pacific, the marriage date was set ahead.

Mary C. Crossan To Become Bride Of Cleveland Resident

The marriage of Miss Mary Catherine Crossan to Ray Jay Ashdown will take place tomorrow morning, May 27, at 1:30 o'clock at St. Mary Magdalene Church. Miss Crossan is the daughter of Mr. and Mrs. Philip J. Crossan, 133 N. Huron-av, while Mr. Ashdown is the son of Mr. and Mrs. Hubert J. Ashdown, Cleveland, O.

Among Our Friends

Are You The Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world — and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

YOU
Are needed in a war industry to help meet production schedules to furnish the equipment our boys need for "D" Day and afterwards to finish up this war in the American way.

YOU
Can earn money to buy bonds, help the family budget, help buy a home and other things you want after the war or add to the allowance he is sending home. You will receive excellent wages from the day you are employed.

YOU
Can learn to do the work that must be done. We have employed high school and state students, housewives, school teachers and wives of men in the armed forces; women that had never worked in a factory before, but are now doing a splendid job turning out war material.

YOU
Can make yourself a post war job because heating is our war time job and heating is our peace time job. Come and help us make it warm for our boys so they can make it hot for Hitler.

BRIGHT LIGHTS

Lincoln was uncouth, little did he [illegible]
But always willing to help a neighbor,
The reason he attained his great success
Never srirked learning nor labor.
The reason us common folks never succeed
Scheming too much for our benefit
We seldom, if ever, help a Brother in need
Our flaunted friendship is counterfit.

The reason folks succeed in a rich abode
Or an unpainted tumble down shack,
Always willing to carry another man's load
Help him to pack his knap-sack.
It isn't the palance, bright lights all night
Nor the shack of rusty tin,
What makes an abode a bright shining light
Are the souls abiding within.

THE UNKNOWN FACTOR

May 31st issue of the Junior Occident brings out the fact that there are twice as many students graduating this June as there were last January and only a few less than there were last June . . . get out the calculator, Mr. Nash, and let's determine the number going out this year.

HERE AND THERE

Neil Ross, Occident and Journal sports writer joins the Navy one day after graduation . . . Bob Busick, Cowboy baseball manager and Record sports contributor, dons the same uniform shortly thereafter.

We notice that the Burgess-av U. B. Gleaners class won a weekly Citizen recipe contest recently . . . wonder if a fellow could find employment as taster there.

Cpl. Robt. E. Konkler, son of Mr. and Mrs. John Konkler, 366 Midland-av, was home on a 17-day furlough, visiting with his wife, the former Reah Thompson of 487 S. Burgess-av.

WARTIME THOUGHTS

The following bit of poetry was reprinted in the McClellan Cycle from the Stars and Stripes, then sent to Mrs. J. L. Schwartz, 77 S. Harris-av, by her son, Pfc. W. L. Schwartz who is stationed at Fort McClellan, Ala. The author is unknown but we can certainly appreciate his thoughts.

Dear Son:

I wish I had the power to write
The thoughts I wedged in my heart tonight
As I sit watching that small star
And wondering how and where you are.

You know, Son, it's a funny thing
How close a war can always bring
A family, who for years with pride
Have kept emotion deep inside.

I'm sorry that when you were small
I let reserve build up the wall
I told you real men never cried
And it was Moms who always dried
Your tears, and smoothed the hurt away
So that you soon went back to play.

Now suddenly I find, my son,
A full grown man with childhood done
Tonight you're far across the sea
Waging war for men like me.

Well, somehow, pride and what is right
Just doesn't seem to go tonight
I find my eyes won't stay quite dry
I find that sometimes men do cry—
And if we stood here face to face,
I'm 'fraid we'd find men do embrace.

Son, all Dads are a funny lot
And if I've failed you in some spot
It's not because I loved you less
It's just this cussed manliness.

But if I had the power to write
The thoughts wedged in my heart tonight—
The words would ring out loud and true
I'm proud, my boy, yes, proud of you!

"STRAIGHTEN UP AND SWIM RIGHT"

See the Navy has issued a booklet which is supposed to help its aviators guard against sharks when they are downed in the ocean . . . the masterpiece advises them to "Swim out of the line of his charge, grab a pectoral fin as he goes by and ride with him as long as you can hold your breath." The hope is expressed that the shark will lose his viciousness before the aviator is out of breath.

IN THE LATE MAIL

We understand that Mr. and Mrs. C. F. Deitchle, 2516 Eakin-rd, received a 1941 Christmas card this week from Cambridge, O. . . . the mails are certainly crowded these days.

Announce Hoffman Death

Former West Student Dies Overseas May 23

"Don't worry mother, these gliders are as safe as an auto," wrote Pvt. James D. Hoffman, 20, 49 N. Guilford-av, in a letter to his mother dated May 4 and received by her on May 21. An announcement received by his parents, Mr. and Mrs. A. J. Hoffman, on Memorial Day told of his death on May 23.

The message from the War Department gave no details concerning his death but it was assumed by his parents that he might have been killed in glider maneuvers. He was stationed at an English base, having gone over seas nine months ago.

Pvt. Hoffman attended West High School but lacked two months of graduation when he went to work for the Fairmont Creamery Co. He had previously attended Starling Junior High.

In November, 1942, he entered military service, later volunteering for infantry glider training. He was with a medical detachment operating out of England but the announcement of his death did not state that he died in England.

Surviving in addition to his parents are two brothers, Harry, at home, and Pfc. Jack A. Hoffman, at Ft. Dix.

Koontz Slated For Council Vacancy Mon.

Henry A. Koontz, 485 Hilltonia-av, mentioned on numerous occasions as a prespective appointee for jobs around City Hall and a loser in a race for the post of city councilman by only a few hundred votes, will be sworn in to fill a council seat Monday evening but just which one of two present vacanies he will get was not known Thursday.

Slated to fill the post vacated by John Benson, who resigned to accept a naval commission, Koontz' appointment became somewhat confused with the sudden death of Ray G. Hauntz, Hilltop councilman, leaving a second job to be filled. The unexpired term of Mr. Hauntz would have three years and seven months to run while the Benson post would be up for re-election next year.

It is known that Koontz, Republican committeeman for the 10th Ward, rates well with William Schneider, county chairman, so his selection to fill the unexpired Hauntz term is expected.

When contacted by the Record, Koontz made the following statement::

"The last information I had was that I would be sworn in to fill the Benson vacancy on June 5. I have had no further word than that."

Legion To Hold Outdoor Meeting

The annual outdoor meeting of Camp Chase Post No. 98 will be held at the home of Tom Lewis, 474 Wilson-rd, today at 8:00 p. m.

Commander H. J. Swain will preside at the regular meeting. Refreshments and entertainment will be enjoyed on the lawn of Mr. Lewis' home.

All members and service men of World War II home on furlough are urged to attend.

SUFFERS SUNSTROKE

Mrs. Helen [illegible], 47, of 89 N. Oakley-av, suffered a sunstroke Tuesday. The fire agency squad was called to give her first aid.

Pictures Needed At Record Office

Good clear prints of Hilltop men and women in service are needed by The Hilltop Record for use in the new service men's feature page which will start in next week's issue.

Any subscriber having pictures of sons, daughters, husbands or sweethearts in the service should bring or send them to The Record office, along with information as to the person's rate or rank, station and home address.

All pictures will be returned to the owner after engraving.

West's Cowboys Win City Championship

5th War Loan Drive To Open Here Mon.

Instruction Meeting Is Held At West Broad Street School Wednesday

The Fifth War Loan Drive will get under way on the Hilltop Monday, a full week in advance of the scheduled city-wide campaign slated to open on June 12. Workers of zone 11, district 4, will begin house-to-house solicitation for the sale of bonds on that day and continue the drive until the job is completed.

The local workers under the leadership of co-chairman Mrs. Leonard Wisdom, 254 N. Harris-av, and Mrs. Elmer Brophy, 655 S. Ogden-av, were responsible for making the greatest number of individual sales in the entire city in the last bond campaign.

The ladies who will help in the current drive gathered for an instruction meeting at West Broad Street School Wednesday and heard thesales manager of Moores and Rose outline methods of sales technique. Funeral services were held at 3 p. m. yesterday in the Wylie Shroyer Funeral Home for Mrs. Rachel Dorothy Drye, wife of Elroy J. Drye, vice president and secretry respectively of the Williams-Drye Co., printers at 118½ E. Long-st. Mrs. Drye died suddenly Monday night of a heart attack at their home, 597 Chestershire-rd.

Defeat Central 5 to 1 To Annex Fifth Consecutive City League Crown

By Bob Busick

It's the most well balanced team I have ever seen in a high school, and no team has ever tried harder to win or had more fun than this group of boys," exclaimed Dale Rose, coach of the champion West nine, as they clinched their fifth consecutive championship at the expense of Central last Friday at the Hilltop school stadium.

Winning 5 to 1, the Bucks outclassed the Pirate appregation in every department of play. Carl Hosler, on the mound for the Cowboys, was in great form, as he set the Pirates down with three singles to clinch his fifth victory and the Cowboy's' tenth of the season against no losses in league play.

The Bucks scored all of their runs in the early innings. They scored one in the first as Dick Gilmore, returning after an injury, was hit by a pitched ball, was then sacrificed to second by Haines and scored on Blackwell's single.

The second inning found the Westsiders again on the warpath as they shoved across two more to lead 3 to 0. Parkey walked, Slager sacrificed him to second and scored on a double by Haines. Gilmore having walked and stolen second also crossed the plate.

Central came back in the third to score their lone tally on two hit

Local Soldier To Have Song Published

A song written by a Columbus soldier on the Anzio beachhead will be published soon, it was reported Tuesday.

"Deep in a Dugout," written by Private Roy H. Stingley, son of Mr. and Mrs. L. J. Flautt, 48 N. Brinker-av, a radio technician with the 5th Army, has been accepted, the soldier has been told.

A student at Ohio State University before entering the Army, Private Stingley wrote the song while he was "deep in a dugout" during a German bombardment. He submitted the song to Les Brown, in whose orchestra he was a saxophonist, and has been told that the song is being published.

Children's Day Will Be Held At Burgess

A special program of songs and recitations presented by the junior and primary departments will mark the observance of Children's Day at the Burgess Avenue United Brethren Church Sunday evening at 8 o'clock.

Mrs. Elmer Brophy is superintendent of the primary group while Mrs. Ray Anderson heads up the work of the juniors. The public is invited to hear this program.

IN TRIBUTE

AN EDITORIAL

The untimely death of Ray G. Hauntz, Hilltop grocer and member of City Council comes as a distinct loss to the Hilltop as well as the entire city of Columbus. His ability as a leader and his untiring devotion to business and public life leaves a spot difficult to fill in any community.

Few men in recent years have made a greater contribution to the welfare of the Hilltop. To enumerate all of the projects he sponsored or helped to promote in the community, the educational system of the city, and finally in city government, would make a long list. To point out only a few: He was instrumental in getting a modern athletic field for West High School; as a member of the school board he helped to make school playgrounds available during summer months; he spent much time in promoting a plan to eliminate the traffic bottleneck at the Sandusky Street bridge (a program for a new bridge, and new traffic lanes to speed up movement of traffic at rush hours has been formulated and will get under way as soon as the war is over); he worked for the extension of West Mound Street as an additional main thoroughfare for Hilltop traffic into the city and worked toward elimination of abandoned car tracks on Broad, Hague and Sullivant Avenues.

Although a successful man in the grocery business, in which he was recognized as a leader, he found time to enter public life first as a board of education member and then as a councilman. In both capacities he gave freely of his time and energy even at the expense of his own personal interests. That his efforts as a public servant were not unappreciated is evidenced by the fact that although he never left his home to campaign in last fall's election his name led the ticket at the polls.

The following quotation from an editorial in the Columbus Citizen seemed highly appropriate:

"He was a man well endowed with ability and had the wisdom and kindness to use that ability for the benefit of the community in which he lived."

The Hilltop Record joins the many friends of the Hauntz family in saying: "We have not only lost an able business man and public official but in addition to that we have lost a friend."

Heart Attack Fatal For Ray G. Hauntz

Hilltop Grocer Dies Following Illness Of Almost A Year

The Hilltop community as well as the city at large was shocked this week to learn of the death of Ray G. Hauntz, 50, local grocer and councilman. Death came suddenly at his home, 44 Binns-blvd, following a heart attack Saturday evening. Funeral services were held at the St. John's Lutheran Church Tuesday at 4 p. m. Burial was in Sunset Cemetery by Floyd Born.

To the close friends of Mr. Hauntz his death did not come as a complete surprise. He had been in poor health for almost a year when he had suffered a torn heart muscle. Since that time he had appeared in public on only a few occasions other than his duties as a member of council demanded. He visited his store, Hauntz Market, corner of Powell and Broad Street, only a few times since his illness last summer.

Mr. Hauntz has been an unusually active man both as a business man and a civic minded public official. He served as a member of the Columbus School Board nine years, three times being selected by the board to serve as president of the group. He was elected to City Council first in 1939 and again in 1943 when without ever leaving his home to campaign (his health not permitting) he led the entire ticket. He was a Republican of conservative tastes whose ability was respected by members of both parties.

Born in Columbus Oct. 23, 1893, he served in World War I with a mortar unit. Twenty-six years ago he went into the grocery business with his father, the late John W. Hauntz, at Broad and Hague. In 1921 he bought his father's share. The market was moved to its present location a few years later and enlarged and modernized.

Headed Grocer's Group

Mr. Hauntz had been president of the Columbus Retail Grocers' Association, the Columbus Lions Club and the Columbus Auto Club. In 1937 he was named "Hilltop Man of the Year" by the Camp Chase Post of the American Legion of which he was a member.

Last November the magazine, Better Homes and Gardens, named him "grocer of the month." He was a member of Westgate Lodge of Masons, Scottish Rite, Aladdin Temple, Westwood Lodge Knights of Pythias, Dokies, Charity Newsies, West Side Board of Trade, Buckeye Republican Club, Veterans Republican Club, St. John Lutheran Church, Business Men's Club of the YMCA, Columbus Chamber of Commerce, and was on the board of directors of the Boy Scouts. He had always been active in the Hilltop Business Men's Association, serving at one time as its president. He had also been active in the National Association of Retail Grocers, been vice president of the group for several years. He belonged to the Aspargus Tip Club, an exclusive group composed of 99 food merchants throughout the nation.

Surviving are his widow, Mrs. Edith Hauntz, their only daughter, Mrs. Joseph Hague, and a grand-daughter, 9-months-old Susan Hague, all of the residence.

12 Local Men Promoted By Civil Service

Included in a list of 33 newly appointed police sergeants are 12 men from the Hilltop and West Side. The appointments were made as a result of qualifying examinations given by the Civil Service Commission.

Leo Phillips, chief of detectives, is one of the new sergeants. He had previously held the rank of patrolman.

Included in the list of names were: Belvin P. Smith, 193 Cypress-av; John W. Grimm, 24 S. Burgess-av; James M. Holland, 120 Midland-av; William Hixon, 279 S. Dakota-av; Leo L. Phillips, 617 S. Ogden-av; James I. Miller, 583 S. Hague-av; John D. Redmond, 408 Brehl-av; Eitel A. Hoffman, 95 Demorest-rd; C. L. Williams, 451 S. Central-av; H. C. Richter, 35 S. Westmoor-av; John E. Phillips, 253 N. Ogden-av; and George E. Webb, 222 N. Harris-av.

Promoted To Captain's Rank

Mrs. Marjorie Armstrong, 140 S. Roys-av, has received word from her husband, Milton A. Armstrong, that he has been promoted from the rank of 1st Lieut. to captain.

Capt. Armstrong is in command of an Ordnance supply and maintenance company stationed in England.

He is the son of Mr. and Mrs. M. B. Armstrong, 91 S. Hague-av.

Beckett Services Held On Monday

Funeral services were held Monday for Elmer E. Beckett, 80, of 105 S. Wheatland-av, who died Friday in Grant Hospital.

A building contractor, Mr. Beckett had built the Clintonville School and other buildings in Columbus. In addition, he built schools in Marion and in Cambridge. He was a native of Noble County and came to Columbus more than 55 years ago. He was a member of the Glenwood Methodist Church.

Surviving are his wife, Mrs. Rosetta Beckett; three daughters, Mrs. Mabel Zuber, Mrs. W. L. Darnell, and Mrs. Doria Schwartz; two brothers, Charles and Harry Beckett; a sister, Miss Della Beckett, and a grandchild.

Burial was in Greenlawn Cemetery.

Hilltop Fighter Pilot Substitutes Focke-Wulfe For Evening Meal

From an Eighth AAF Fighter Station in England comes word of Second Lt. Wayne E. Leathers, 21 year old Hilltop P-47 Thunderbolt fighter pilot who recently bagged his first enemy plane in his ninth mission over the European continent.

The communique reports that Leathers "may have been thinking more of his evening meal than of enemy planes one evening recently, but it did not take him long to decide which was the more important matter of the moment."

"It was after 5:30 in the evening when it happened, and I was pretty hungry," states Leathers. "We spotted about 15 yellow-nosed Focke-Wulfes approaching us. We peeled off to meet them. From 21,000 feet to 5000 feet, we went where I found three Jerries heading for the 'protection' of tree-top altitude where they might be safe from the ferocious Thuunderbolts. That's what they thought. I took the one on my left and hung on to him.

"At 500 yards I gave him a half-second burst and saw hits shatter the Hun's canopy. I then closed in on him and gave him a longer burst, but it was unnecessary. The manner in which the plane rolled over and dove straight down into the ground from 3000 feet leads me to believe that the pilot had been killed when I first fired into his cockpit. I saw no parachute open."

Wayne E. Leathers

Lt. Leathers, son of Mr. and Mrs. Ernest W. Leathers, 1931 Fairmont-av, was a student at Ohio State University and a graduate of Central High School. He enlisted in the Air

AGAIN—BUY BONDS

In just a few days the Fifth War Loan Drive will be lanuched on the Hilltop and every family will be given an opportunity to subscribe for "extra" war bonds to help speed the day of victory.... It should not be necessary to appeal to Hilltoppers to back this drive to the limit. Indeed so much has been written in the past that it becomes difficult to advance new reasons why this drive is necessary and why your dollars are needed to make it a success.

In retrospect we can look back with pride at the part this community played in the last drive when this zone accounted for more individual sales than any other like area in the city. Credit for this commendable job should be given largely to a group of untiring ladies who canvassed the neighborhood so thoroughly and so effectively and to their co-leaders, Mrs. E. J. Brophy and Mrs. Leonard Wisdom, whose energy and ability inspired the type leadership so essential to the success of any large-scale volunteer project.

But the results of the last drive are not enough. We dare not rest on the laurels of what has been accomplished in the past. The need is for workers TODAY and for subscribers to war bonds in increased numbers TODAY. The invasion of Europe can not be accomplished on the records of valiant fighting at Sicily, Salerno and Anzio, outstanding though it was. The success of the invasion hinges on what our boys are doing and will do in the more important battles that lie ahead.

So, too, we on the Hilltop must be prepared to dig down deeper than ever before to produce the dollars needed by our government to supply the ships, guns, tanks, planes, and thousands of other items on which the lives of our loved ones may be depending. The supplies must be kept moving in a neverending stream to our men and our allies around the world if VICTORY is to be ours.

Let the Hilltop again as in the past rise to the occasion by over subscribing its share of the Fifth War Loan Drive. Be prepared to receive your friend and neighbor—your own block worker—when she calls for your subscription.

B and C Coupons To Be Exchanged

B-2 nd C-2 gasoline ration coupons were invalidated for use by consumers on and after June 1, the office of price administration announced today.

The holder of such unused coupons may bring them to his local War Price and Rationing Board for exchange. The board may either issued serially numbered coupons equal to the amount of gasoline still outstanding on the old ration, or may evaluate his mileage needs and issue coupons sufficient for the remainder of the ration period, but not in excess of the coupons surrendered.

[illegible] period. Thus a family of four entitled to 40 pounds during the first sugar period, but which only asks for 20 pounds, may receive as much as 60 pounds during the second period if needed for late canning.

If you have already applied and obtained sugar for canning this year, you will not be eligible to obtain an additional allotment until after August 1.

The principal reason behind this action is that although approximately the same amount of sugar is being allocated for home canning this year as last, the demand on the 1944 applications is already running much higher. Dividing the canning season into two periods will slow up the rate at which canning sugar is purchased and make it easier to keep enough sugar on hand to meet certificates and stamps throughout the season. It will also provide a means of budgeting the canning sugar supply over the summer and fall so that those who need sugar to can late peaches as well as early strawberries will be able to get it.

That Spare Stamp

Incidentally, so many people have sent in sugar stamp 37 instead of "spare" stamp 37 with their applications for canning sugar that OPA has decided to invalidate sugar stamp No. 37. It will never be used for any purpose in the future.

Cowboy Diamond History

By Bob Busick

Checking through the Annuals in the library, your reporter discovered quite a bit of interesting material concerning our baseball teams of past years.

In 1911, Otto Magley, former principal of West, was coaching the Buck nine. In this year the Cowboys entered the City League. Under Coach Cole in 1914, the Cowboys tied with North for the Championship with such outstanding stars as George Millay, who later became Red Bird Scout and "Yip" Owens, at present physical education director of the Boys' Industrial School. 1917 was a fair year for the Cole nine as they finished in third place, and in 1918 when the Annual went to press the Cowboys were tied with Commerce for 1st place . . . 1912 was a rough season for the Cowboys. Allyn McFadden, pitcher, was nominated for the City League all high team.

Coach Garrett took over the squad in 1923 and the Cowboys had dropped just four games as the Annual made its appearance. In 1923, the Bucks changed coaches once more as Coach Ross took over the squad of bright prospects . . . 1924 was a championship year for the Coyboys, since they had very heavy hitting and a good fielding percentage . . . Still another coach took over the Bucks in 1925. Coach Fuller lost six of the starting nine of the 1924 championship team . . . In 1929 the coaching staff of the Cowboy nine revolved again. The Bucks were in for a bad season, losing to Central 19 to 6, and East 18 to 4.

Harold Wise became the coach in 1931, and proceeded to win the championship for the year of the depression. Bill Scott survived by his Wills and Macbeth Karr, and a sonnan, gain arr, with the U. S. Armfollowi

batsmen and a Pirate error. West, in their half, gained two more as Shade doubled and scored on a wild pitch by Meyers. Hosler walked, stole second, went to third on a fielder's choice and scored on Parkey's out.

Take Last Two In Stride

The Cowboys closed their baseball season as champions should with a 5 to 4 victory over the South Bulldogs, Wednesday afternoon. This win leaves the Bucks with a season record of 12 wins and no defeats.

Coming from behind in the sixth inning to score two runs, the Bucks tied the game at 3 to 3. Each scored one in the seventh to again knot the count, but in the eighth Blackwell tripled and was driven home by Crawford with the winning run.

Bob Phelps was credited with his sixth win of the year to make it even with Hosler who has six also.

Having a field day at the plate, the Cowboys behind Carl Hosler, made it win number 11, with a 13 to 3 victory over North last Monday afternoon.

Donnelly on the mound for the Polar Bears was hit freely and thus the Cowboys made it an easy victory.

West Graduate Entertains At Anzio Beachhead With Unique Tea Party

Miss Mary Shears, who graduated from West High School before she became an American Red Cross hospital worker, had the first tea party on the Anzio beachhead recently. She had been stationed there for several weeks with an American Army evacuation hospital.

At two adjoining evacuation hospitals there were four other Red Cross workers and while they had encountered each other frequently in the line of duty, they had not met "socially." The others were Helen Ewing, Delaware; Marlee "Rusty" Nahl, Oakland, California; Jean McNeill, Fort Slocum, N. Y., and Clementine Miller, Columbus, Ind.

For the party Miss Shears dressed up the tent in which she sleeps, lives in off hours from duty, and keeps her supplies. Several cigarette cases pushed up behind her cot and covered with blankets made a passable davenport. Other boxes and her one folding chair made additional seats and she used the largest box as a table, with a sheet as a tablecloth and cleansing tissues as napkins.

Refreshments consisted, first of all, of hot tea, prepared in the mess tent in off hours and served in paper cups. Then there were pie-shaped slices of canned ration cheese and a sliced ham-and-egg mixture from army "K" rations. With them she served hard little biscuits, also from "K" rations, and Italian nuts.

Her table decorations were amusing animals made from ration fruit bars and celophane covered pieces of hard candy.

There were several other guests at the party, including chief nurses or assistant chief nurses from each of the hospitals and a lone male—Frank Maloney of Indianapolis, a Red Cross field man who had helped the girls numerous times. Before the party was over several uninvited guests had appeared too, for Miss Shears' tent is a sort of club house for both women and men of the hospital. She frequently returns "home" to find someone ironing clothes on her "table" or lolling on her cot reading.

While the party was under way, incoming shells crunched nearby, Allied guns threw back their replies and an air raid came and went. But that was simply "run - of - the - beachhead stuff" and nobody paid much attention.

After graduation from West High School and Ohio State University, Miss Shears taught physical education in the high schools at Elida and Groveport. She spent several summers as riding instructor at Camp Wyandot and the Hilltop Riding Academy.

NEW CEILING PRICE LISTS AVAILABLE AT LOCAL BOARD

Local housewives were advised today by Theo. F. Webb, chairman of the West Side War Price and Rationing Board that new ceiling price lists on various meat items are now available at the local Board.

These consumer meat price lists contain the same information which the merchants are required to post at the meat counter, except that they are printed so that when folded, they can be carried in the shoppers' ration book.

Chairman Webb urged consumers to make use of these ceiling price lists when shopping. Meats are listed according to grade or quality, as well as by cut. For each cut and grade there are two prices listed—group 1 and 2 stores, and group 3 and 4 stores. Each store is required to post the group in which it falls.

Obtain Social Security Card Before You Go To Work

Boys and girls who take jobs in war plants should get a social security card to take with them, said Wayne W. Putnam, manager of the Social Security Board office here. "War plants require every worker to have a social security card before he is put on the pay roll."

Every employer on jobs covered by the law must have a record of the name and social security number of all persons on his pay roll, whether they work full time or part time. Application blanks for securing cards may be obtained at any post office if there is not a Social Security Board field office in the town where the worker lives.

Shade And Ison Win Agonis, Hauntz Awards

Each year at the end of the athletic seasons there are chosen two boys, a junior and senior, who have made the most outstanding contributions in the athletic field at West for the year. These awards are known as the Hauntz award for the juniors and the Agonis award for the senior.

The Agonis is presented to the senior who posses the necessary number of varsity letters and who ranks high enough in scholarship. This year Gene Shade received the award on May 24 at the annual presentation banquet. Gene has been a prominent member of the basketball, baseball and football squads for the past three years, and a valuable member of many industrial teams. He is a member of the "W" Association, and a popular member of the student body.

Dick Ison, the outstanding junior athlete, is this year's choice for the Hauntz award. The Hauntz requires no scholarship standard although Dick is far above average in his scholastic work. He is a member of football, basketball and baseball squads and is outstanding in other school activities.

Heed Warning; Fill Bins Now

J. M. Jackson, president of the Columbus Retail Coal Merchants Association, says some well-intentioned householders will find themselves in something of a pickle unless they heed the advice of the Solid Fuels Administration to store up to three-fourths of the scarcer fuels as soon as possible.

"While some bins cannot hold but a few tons at a time," said Mr. Jackson, "they should be filled at the earliest possible time. The civilian allotment cannot exceed the three-fourths before Oct. 1, but the big factor is dealers' ability to furnish the kind and quality desired and get it delivered." Mr. Jackson cited the fact that the shortage of men to drive trucks and wheel in from the street is an increasing problem which will become more acute as the summer advances.

"If only a few tons can be accommodated, by all means store now so that when the fall rush begins, you will be ready for at least the first part of winter," he advised.

Canning Sugar To Be Alloted

The new canning sugar ruling which requires consumers who need more than 10 pounds of canning sugar per family member, in addition to the five pounds on sugar stamp No. 40, to apply for a second allotment later in the season, does not change the total amount of canning sugar available to the housewife. It simply means that the canning season has been divided into two sugar periods with a limit of 10 pounds for each person in the family for the first period.

Canning sugar periods in this district are as follows: to July 29th—10 pounds per family member. August 1st to Feb. 28, 1945—10 pounds per family member.

Many families may not need more than 10 pounds per person during the entire year, but those who do will be able to get their second allotment after stating that they used their initial allotment for canning purposes. Those who do not need their sugar during the first period may apply for their full twenty pounds during the second period. Those who need only a portion the first period allotment may apply for enough sugar to make up a total canning allotment of 20 pounds (25 pounds with stamp 40) during the second period. Thus a family of four entitled to 40 pounds during the first sugar period, but which only asks for 20 pounds, may receive as much as 60 pounds during the second period if needed for late canning.

If you have already applied and obtained sugar for canning this year, you will not be eligible to obtain an additional allotment until after August 1.

The principal reason behind this action is that although approximately the same amount of sugar is being allocated for home canning this year as last, the demand on the 1944 applications is already running much higher. Dividing the canning season into two periods will slow up the rate at which canning sugar is purchased and make it easier to keep enough sugar on hand to meet certificates and stamps throughout the season. It will also provide a means of budgeting the canning sugar supply over the summer and fall so that those who need sugar to can late peaches as well as early strawberries will be able to get it.

That Spare Stamp

Incidentally, so many people have sent in sugar stamp 37 instead of "spare" stamp 37 with their applications for canning sugar that OPA has decided to invalidate sugar stamp No. 37. It will never be used for any purpose in the future.

IN MEMORIAM
C. J. Kohn who passed away Feb. 23, 1940.
"There's a face that is haunting as ever
There's a voice that we're longing to hear
There's a smile we'll remember forever,
Though we try to forget every tear.
There's a sad but sweet remembrance,
There's memory fond and true
There's a token of affection, dear,
And heartache still for you."
Mrs. C. J. Kohn.

"TO THE SCHOOL CHILDREN"
You are granted twenty-four hours each day
How much of that time do you throw away?
Keep this thought in mind daylight and night
Win or lose I will fight a good fight,
What time I'm allotted I will use it all
In a profitable way, proud to recall,
If I squander one minute that time is lost
And later in life I may pay the cost.

And that cost children may be a high price
Love, fame and success you may sacrifice,
Maybe have to step back shame on your face
While a smarter man is taking your place,
In the days of your youth learn all you can
Go to college and master the blue print plan,
Only the learned, high positions are commanding,
Wisdom and learning cultivates understanding.

Intelligently use every second while awake
Learning and knowledge robbers cannot take,
The days of your youth won't ever come again
Employ every one if success you'd attain,
You see men every day who have lost the race
Aimlessly wondering from place to place,
Ignorance has no place in this race of life
In the days of youth armour for strife.
C. S. Parks, Broad and Dana.

HERE AND THERE ON THE HILLTOP

Saw Chet Hill at the Hilltop Merchants-Lockbourne game Sunday afternoon. Chet has been a booster for all Hilltop sports events for many years and can always be counted on when the official says "Play ball" . . .

Florist Curt Roberts was minus a helper Wednesday, as Dave Tingley received a shot in the arm for typhoid, preparatory to entering training with the Ohio State Naval Militia at Camp Perry. Insurance man Walter Davis also had a very sore arm which interferred with his gesturing description of feminine beauty . . .

Margie Hibbs is now working in the State Highway office, along with a large group of other young women, darn it . . . Bob Little left for a North Carolina camp Wednesday after a well deserved furlough . . . Frances Wilson is back at work at the Hilltop office of the Oiho National Bank, after a short leave of absence . . . The bank also has a new employee, Ruth Fichtelman of 745 W. Rich-st.

Bob Cramer, 1931 W. Broad-st, is now known as the "Paul Revere of the Hilltop." Upon hearing of the invasion at 4:30 Tuesday a. m., he immediately started telephoning all of his acquaintances and telling them of the momentous happenings . . . Rudy Willer can be added to that large number of Hilltoppers with nice victory gardens this year . . . Ed House, former principal of Starling and West Jr. High, has completed an assignment at Plattsburgh, N. Y. and returned to Washington, D. C.

Mr. and Mrs. Wm. Monaghan former Hilltoppers, are to return soon for a short vacation visit with his parents, Mr. and Mrs. Walter Monaghan . . . Dale Jenkins is spending a furlough visit with his parents on N. Chase-av . . . Ensign and Mrs. Frank Mason, she the former Pauline Shank, are reported to have been presented with an addition to the family as of last Tuesday. Frank, former teacher at West Jr., is now on Atlantic duty with the U. S. Navy.

Otto France, also a former teacher at West Jr., was home on a furlough recently. He is now teaching math to A.A.F. Cadets . . . Don Mathews, West High grad and former Student Council president at the Hilltop institution of learning, is spending a furlough here during which he attended commencement exercises . . . We understand that Dorothy Heskett spent a few days in New York last week.

West High's championship baseball team is being fed in a big way these days. Coach Dale Rose had the entire squad over to his house for a spaghetti dinner, then came a fried rabbit dinner at Carl Hosler's home, and now it is reported that the parents of pitcher Bob Phelps are going to keep the ball rolling with a baked ham dinner in the near future . . . wow, no wonder those boys can play baseball.

MERCHANT'S CLUB CLICKS

From what we saw of the Hilltop Merchant's baseball club in their first appearance against Lockbourne, Sunday P. M. League-leader, we would say that the sponsors of this aggregation will be amply repaid for their generous efforts in providing the Hilltop with a baseball team of this caliber . . . we can understand Dick Gilmore's .460 plus season's average after watching him wield the willow against good pitching Sunday. The entire club seemed to have the team spirit and cooperation which goes to make up a winning combination in any league.

5th Loan Campaign Is Opened

Outlook Good; Workers Needed

The Fifth War Loan Drive [illegible] to open on the Hilltop quite by accident with the Allied invasion of Europe was believed to be off to a good start this week as the voluntary workers started their house-to-house campaign of bond selling.

Taking advantage of the psychological moment following first news of the Allied landings three of th workers set out Tuesday morning and sold 15 bonds.

In spite of an optimistic outlook both Mrs. E. J. Brophy and Mrs. Leonard Wisdom, co-chairmen of the drive in Zone 11, stressed the need for more workers to help conduct the drive. It was pointed out that apparently fewer women are available this time than in the last bond drive when workers in this area compiled the largest total of individual sales.

Sector leaders were entertained Monday afternoon by the two leaders at the home of Mrs. Wisdom, 254 N. Harris-av. Following issuance of instructions a tea was given for the sector lesders.

Added to the list of workers published in last week's Hilltop Record are the following volunteer workers:

Mrs. Henry Whipple, Mrs. Kathryn Brockington, Mrs. C. C. Kimes, Mrs. Russell Gregg, Mrs. E. J. Bauder, Mrs. Frieda Baas, Miss Eileen Davis, Miss Joyce Miller, Miss Patty Cozad, Miss Betty Smith, Miss Nancy Spanable, Mrs. Gladys Anderson and Mrs. Eva Recob.

Shrine Night Is Set For June 20

Shrine Night, for several years one of the most colorful attractions staged at Red Bird Stadium, will be held on Tuesday evening, June 20, when the St. Paul Saints play the Red Birds under the lights. Proceeds of the evening will be used to help care for hundreds of crippled children in Columbus and Central Ohio.

This will be the sixth year that Aladdin Temple of Shriners has sponsored the benefit program at the stadium. More than $5000 is spent annually by the temple in aiding crippled children.

All the uniformed organizations of the temple will participate in the entertainment preceding and following the ball game. These units include the patrol band, chanters, picadors, reception and registration committees. Winding up the program will be a fireworks display entitled "the bombing of Berlin."

Brownie Troop Has Weiner Roast

On June 3, Brownie Troop No. 104 had a hike and a weiner roast. This group which includes girls of John Burroughs School are from 7 to 8 years of age. They met at the school at 11 a. m. and proceeded to Westgate Park.

The girls hiking and preparing their own lunch were: Linda Bryant, Paula Caulk, Phyllis Cropper, Marilyn Cosgray, Nancy Hoare, Judith Harvey, Marilyn Howard, Hope Hopwood, Marilyn Keeler, Mary Jo Miller, Barbara Skinner, Linda Hardacre, Carol Sue Lilly, Susanne Miller, Mary McNamee, Doris Ruffner, Nancy Roby, Sue Carol Raike, Judith Ann Schultz, Carolyn Stilwell, Patty Snow, Marcia Weber.

They were supervised by Mrs. Wayne Schulz, leader; Mrs. Opal Howard, assistant leader; Mrs. Helen Roby, assistant leader; Mrs. Albert Weber, troop com. chairman; Mrs. Minerva Hopewood, treasurer; Mrs. Pearl Cropper, assistant outdoor chairman.

Use Stamp Due By First Of July

It's time to dig down in the old jeans for a five spot to keep the old jaloppy on the streets for another year. In case you've forgotten (as wouldn't we all like to) the federal use tax stamp must appear on the windshield by July 1.

The new stamps, purple in color this year, are on sale at the Federal Building in the office of the internal revenue collector. Starting on Saturday they will be on sale at all post office sub-stations. The price is $5 for all makes of cars.

They Boost Tonight's Dance

This quartet of Hilltop Teen-Canteeners has been busy selling tickets for the big dance at Memorial Hall tonight. The main attraction for the evening is the appearance of Johnny Long and his band of musicians and entertainers.

Pictured above, from left to right, are Phyllis Speed, 22 E. Dominion-blvd; Margaret Halsey, 105 S. Hague-av; Jerri Sherwood, 69 S. Huron-av; and Shirley Uridil, 106 Binns-blvd.

The "name" band is being brought to Columbus by the teen-canteens of the city. The idea was fostered and boosted by the Hilltop group under the direction of Mrs. Leo Uridil, 106 Binns-blvd, who is now chairman of tonight's dance.

Also scheduled to appear on the special program at 10:30 a. m. is Jerry Spears, Hilltop funeral director who is a member of the church and a former minister in the United Brethren denomination. He will summarize the historical background of the local church.

Another visiting pastor is expected to speak at the evening service at 8 o'clock. Special music will be presented at both services.

Rev. Clayton F. Lutz, the sixth minister since the church was organized, is completing his second year as pastor of the church. The anniversary day committee is composed of Mrs. Edna Campbell, Mrs. Clarence Schofield and Raymond Anderson.

Hilltop Merchants Win Opener Sunday

Defeat Lockbourne Air Base 1-0 In Brilliant Start At Westgate Park

The merchant-sponsored Hilltop baseball nine made their initial start in the high-geared Sunday Afternoon League last week, coming out with a 1-0 victory against the highly-touted Lockbourne Air Base team.

Both teams were battling in a 0-0 deadlock through the first five innings, then in the first half of the sixth the Hilltoppers pushed over what proved to be the winning run. Gilmore led off with a ringing single through the box but was forced at second on Haines' bunt, who was safe at first on the fielders' choice, Haines then stole second, went to third on a passed ball and romped home as Gene Shade grounded out to short.

The game throughout was a tight pitchers' battle between Don Stewart, Upper Arlington southpaw, for the winners, and Telford for the losers. Stewart, who is the possessor of a beautiful curve ball, let the Airmen down with three scattered hits and struck out eight, while the Merchants garnered seven off the offerings of Telford.

Dick Gilmore, leading hitter of the City High School league, led the batting parade with four hits out of four times up. "Sug" Haines, Merchant shortstop, was the fielding standout of the game and scored the winning run for the smooth operating outfit.

SUFFERS BURN

A burn on the right elbow was suffered by Pearl Evans, 43, of 55 N. Harris-av, lineman for the Municipal Light Plant, when he touched a live wire while working atop a pole last Friday.

An emergency squad removed him to Mt. Carmel Hospital for treatment.

Service Feature Postponed Until Next Issue

Due to inadequate engraving service, the initial issue of the service men's page which was scheduled to start with this issue of the Record must be postponed until next week.

All photographs for this feature should be submitted at the Record office to assure space in an early issue.

Red Cross Unit Needs 30 Workers

Workers for both afternoon and evenings are urgently needed to help prepare surgical dressings for the local Red Cross unit, directors of the work said this week. The work is being done at the West Broad Street School building.

The unit will be open each Wednesday evening from 6:30 to 9:00 o'clock and each Tuesday, Wednesday and Thursday from 9:30 a. m. to 3:30 p. m.

At least 30 more volunteers are needed at once to warrant staying open evenings, officials reported. Anyone having a few hours' time to contribute are asked to call RA. 1564 for further information.

A quota has been set for the local group of workers to be completed by July 1. With the invasion already under way it is conceivable that vast demands may be increased as the fields of military operations expand.

Proceeds From Dance Revue To Be Given To Memorial Hall Fund

Tickets are now on sale for the dance revue to be held in West High School auditorium, Friday, June 23. Entire proceeds of the show will be turned over to the Camp Chase Post War Veterans' Memorial Hall Building Fund.

Pupils of the Keith School of the Dance, under the direction of Miss Keith Lovewell, will present the three-act revue.

Those taking part will be Sandra Willis, Billy Greene, Mary Robinson, Florence Ankrum, Ellen McKnight, Ruth Cleaver, Delores Howells, Glenda Hudnell, Nancy Robinson, Nancy Roby, Carolyn Stillwell, Loretta Thompson. One of the skits will feature a dance by the youngest member of the school.

Jimmy Lytle, accordionist, will play a salute to the Navy.

Sharon and Scheila Albery will dance in the third act of the revue, "The Flower Garden." Finale of the show will be "The Ballet of Roses" danced by 19 ballet students.

Accompanist will be Mrs. Herold B. Gillivan, 77 S. Brinker-av.

Howison Wounded In Action

S/Sgt. Jack W. Howison, 25, has been seriously wounded in action in Italy on May 20, according to word received by his wife, Mrs. Eloise Gardner Howison, 94 W. Tulane-rd. He is the son of Mr. and Mrs. Robert Howison, 2500 Valleyview-dr.

Stationed in the infantry, Howison was employed at the Ohio Farm Bureau as an underwriter when he entered the service in August, 1942. He had been overseas since December, 1943, having gone first to North Africa and then Italy.

Council To Seat Henry Koontz

The twice-delayed installation of Henry A. Koontz, 485 Hilltonia-av, as a member of City Council is expected to take place Monday night. Slated to be sworn in on June 5, the action was set back one week while consideration was being given to a second appointee to fill the second vacancy.

Latest indication is that Koontz will be given the Benson unexpired term as originally announced. The sudden death of Ray Hauntz, Hilltop grocer and councilman, gave rise to speculation that Koontz would be named to his unexpired term. The Hauntz term better than three and one-half years to run while the Benson post will be up for reelection next year.

No announcement has been forthcoming as to the second appointment. A caucus of the four Republican members of council was held Tuesday night but no agreement was reached as to who would fill the other term.

Serving as supervisors at Westgate Park will be Mr. and Mrs. Dale Rose and Miss Dorothy Lightner. Dick Slager will have charge of the tennis courts. Carl Grant and Mrs. Evaline Braden will supervise Glenwood while Holton Park will be directed by Mrs. Alma Hudson and Mrs. Bailey Gary.

"Rest assured we will have flags for next Mondey," Barack said, "even if I have to go out and buy them myself."

Another phase of the work of Coach Rose will be the organization of Knot Hole baseball teams. The 10c fee paid by each member of the Knot Hole membership goes into a fund for purchasing baseball equipment for use of the teams. Boys 8 to 18 years of age are eligible for the teams. Each boy will be expected to furnish his own glove. All other equipment will be furnished.

Six tennis courts will be available from early in the morning until dark at Westgate Park. Two or three courts not enclosed in the fenced area will be converted into courts for volley ball and badminton.

Two Hilltop WAVES Run Into Stormy Weather Over Home-Town

Two of the Hilltop's young Navy misses, Mary Kathryn Cornwell, seaman first class, and Rita O'Hearn, yoeman third clas, had a very interesting and frightening experience last Friday evening when their four-passenger Navy ship ran into a severe electrical storm over the vicinity of Buckeye Lake while enroute here from Washington, D. C.

Miss Cornwell, daughter of Mr. and Mrs. Dave Cornwell, 356 S. Roys-av, was making her fourth flight to Columbus as one of the four passengers when confronted with a storm so severe that the sturdy plane could make little headway against the 80-mile gale and was about to shake itself apart.

After failing to make radio contact with either Port Columbus, Dayton or Lockbourne Air Base and being unable to land because of the low ceiling which made it impossible to see any part of Columbus from the air, the experienced Navy pilot headed for Cincinnati's Lunken Field where he landed four hours and thirty minutes after leaving the Anacostia Naval Air Station at Washington.

All four of the flight's personnel made the trip to Columbus by train and arrived home at 1:30 a. m., where their anxious parents were waiting for them.

The pilot returned to Cincinnati Saturday to bring the plane on to Columbus but was forced to wait several days for repairs, thus the two WAVES returned by train Sunday in order to arrive at their base within the allotted time.

Removal Of All Roadside Signs Ordered by County

The Franklin County Commissioners have instructed County Engineer Allen Slade to remove all commercial and political signs from the right-of-way of County and Township roads.

In a letter to the Commissioners, requesting the authority to remove signs, Engineer Slade pointed out that the County has spent large sums of money in highway beautification, especially along Olentangy River Road, and that the placing of signs and advertising material has caused considerable damage to trees and shrubbery.

Engineer Slade also explained that the signs also constitute a traffic hazard at busy intersections and on dangerous curves.

"Fist of the Fleet" is the apt description given the Curtiss Helldiver, the new long-range dive bomber that can operate from both aircraft carriers and land bases.
But the United States Navy must have more of them quickly to press home the attack against the Japs. That means more men and women are needed here in the Columbus plant to help build them. It is war production of the most essential kind.
Won't you, at least, do this?—spend a few minutes with one of our employment interviewers and get the complete story of what it means for you to work at Curtiss-Wright. Nowhere will you find more modern and agreeable working conditions. Inexperience need not keep you away. We quickly train you right at the plant, and you earn while you learn. Let's talk it over!

CITY MANAGER vs. POLITICAL BOSSES
WHAT OTHER CITIES THINK OF THE CITY MANAGER PLAN

Dallas, Texas—We have a very effective government under the city manager plan and our business picture has been much better because of it.
—J. Ben Critz, Vice Pres. and Manager Chamber of Commerce, Dallas, Texas.

Toledo, Ohio—Toledo got a good break when it adopted the city manager plan of government.
—Edward F. Grady, former Ass't Sec'y of Labor, in a magazine article.

Wheeling, W. Va.—Conditions have improved both as to labor and the general public under the city manager plan. For one thing the plan is directly responsible for the city's first balanced budget in thirteen years.
—Dan Herd, Pres. of Amalgamated Ass'n of Iron and Steel Workers of America Wheeling, W. Va., Local No. 8.

Cincinnati, Ohio—The new regime has saved the city a total of $19,000,000 in gas and electric costs. It has brought the tax rate down until it is one of the lowest in the entire country for cities of comparable size. This has been done while paying off each year the debt piled up by the old corrupt administration before 1925.
—William H. Hessler, Chief Editorial Writer, Cincinnati Enquirer.

Sacramento, Calif.—The city manager form of government in Sacramento has been tested in the laboratory of experience for nearly nineteen years, and the answer is that it has provided the best government yet devised for American cities.
—Arthur B. Waugh, Associate Editor Sacramento Bee, Sacramento, Calif.

These are only a few of the many indorsements of the city manager plan from cities and towns where it has been adopted for from ten to thirty years. What is good for them ought to be good for Columbus.

Joe's Recordings

By J. W. Agee

BUSY ON ALL FRONTS

There is great rejoicing down at 260 S. Harris-av this week . . . after a long run of girls at the Smith residence there, a boy has finally made his appearance into the family . . . first it was a daughter for Sgt. and Mrs. M. R. Owen, then came another daughter to Pfc. Robt. W. Sanborn on May 29. This, added to various other granddaughters, made it kinda discouraging for Mrs. Clara Smith . . . but then came the big moment when she received word from Battle Creek, Mich. that a son had been born to Sgt. and Mrs. Plymile Smith, she the former Luella Rice of the Hilltop . . . yes, we would say that the boys are doing their share on all fronts.

NOT FOR RENT

It is getting to the place that housewives are afraid to clean their houses for fear that they will be rented before they can get their windows washed . . . noticed a house on Central-av which was getting a wash and and polish job. The following sign was in the front window: "This House Is Not for Rent".

LOST SHOE

There is a seven-year-old boy on N. Huron who is going half-barefooted . . . his mother, Mrs. Robert Reeves, sent the boy to a shoe shop to have his shoes repaired when he returned with the report that he had lost one of the precious articles . . . now she is turning Heaven and Earth to get the boy completely shod . . . oh well, the job would probably not have been finished before the snow falls anyway.

GOING UP!

Property owners out on Powhatan-av are expecting a sudden raise in real estate values as a result of the engagement announcement of Isabella "Just Friends" Masden and Capt. Don Gentile . . . here's hopin' the boys out that way don't charge a parking fee for those who attempt to view the ace when he comes a-visitin'.

TEAMWORK

Lt. "Howdy" Harrison gives teamwork the credit for his access against the slant-eyd reptiles of the Pacific, but if he is playing the same kind of "end" now as he played at West High and Ohio U, we would say that individually he is not doing the cause a bit of harm.

ROLL IT OUT

If the invasion of France continues to go well, the boys on the Normandy beachheads can expect a visit from Eleanor before many weeks have gone by.

LET'S GET IT OVER

Jack Bellar pens a note to his father, A. J. Bellar, saying that he doesn't want any presents, but would rather have that money in War Bonds so that he can come back home a little quicker . . . he also expresses hope that the entire Hilltop will get behind the Memorial Hall project so that the boys can have a nice place to meet when this thing is all over. Jack is stationed overseas and reports that he has met several boys from the Hilltop who express the same views as he . . .

Lt. Bob Hatton, son of D. R. Betsch, was pictured in a local news-reel as reading a V-mail letter somewhere in Italy . . . Frank C. Wilson, SF2/c, former West High sports luminary, has been pitching baseball with a team made up of crew members of a combat ship, somewhere in the Pacific. Frank writes that he has pitched 48

Hilltop Girl Lands On Invasion Coast

One Of Five Nurses Flown Into France To Evacuate Wounded Fighters

The Hilltop was recorded on the pages of history this week when Second Lt. Marijean Brown, 24-year-old daughter of Mr. and Mrs. Frank P. Brown, 64 N. Powell-av, was one of five American nurses to first set foot in the combat zone of the second front. They were the first Allied women to fly into the zone of operations, forming part of an evacuation unit which landed on an improvised air strip on Cherbourg Peninsula to evacuate three plane loads of wounded—the first to be flown from France.

Lt. Marijean Brown

Lt. Brown's parents had been advised in advance by telegram from NBC that a special broadcast was coming at 11:15 p. m. Saturday night. They called in their friends, among them Mr. and Mrs. Newton Thatcher, who made a recording of the broadcast interview with their daughter in London. The recording was presented them by Rev. C. P. Mitchell during the church services Sunday morning at Hilltop Lutheran Church, of which they are members.

In the cargo of wounded to be evacuated from the small field hospital, were fourteen men—among them six Americans, a French civilian, a Japanese and six Germans. Those on Lt. Brown's ship included two Germans who were "glad to be out of the war", the Frenchman and two Americans—a colonel and an enlistee.

The day for which they had been training for more than a year, was dreary when they took off from their base in a big C-47. At the coast a fighter escort was picked up. Although expecting it, there was no flak, and not a single German plane showed up on the entire trip.

Land Under Bad Conditions

The landing strip on which they had to come in, had just been completed and they were compelled to come in low, hedge-hopping, to look things over before landing.

In the distance the roar of guns could be heard and just a few hundred yards away, American troops were exploding German mines in the field to get them out of the way.

With nothing to do for the moment, except wait, the nurses were able to pick poppies in the shell-pocked field of Normandy and came across three dead German soldiers.

Legion Auxiliary To Present Flag To Avondale Church

Camp Chase Auxiliary of the American Legion will present a flag to the children's department of Avondale U. B. Church, 1004 W. State-st. Sunday, June 18 at 9:15 a. m. Mrs. Ruth Cunningham, Americanism chairman and Mrs. William Davies, unit president, will make the presentation. Rev. D. S. Mills will accept the flag.

Next meeting of the auxiliary will be on Friday, July 7 at 8 p. m. at the clubrooms, 3184 W. Broad-st.

Nominating committee was announced by the president at the last meeting. Mrs. Clark Finneran, chairman, assisted by Mrs. Edgar G. Planck, Mrs. Clarence Kinnen, Mrs. Robert Gibbon, and Mrs. Joseph Thompson.

'Flying Squadron' Conducts Drive

Despite excitement over invasion news, War Bond drives and a multitude of other things that claim the attention of Hilltoppers these early summer days the "flying squadron" of the Memorial Hall committee has not been idle. This energetic group of Legionnaires, friends and parents of soldiers now fighting World War II is carrying on an aggressive house-to-house solicitation of Hilltop homes to get pledges for the fund that is being accumulated for the purpose of erecting a suitable Memorial Hall in honor and for the use of returning veterans of this war as well as those of other campaigns.

One night each week a group of workers get together and start out to call on each home in a given sector. A sound truck complete with appropriate recordings of martial music introduces the workers as they advance from street to street.

Planck Heads Drive

Edgar G. Planck, general chairman of the drive made the following statement in connection with the progress of the work:

"The Legionnaires are attempting to do their part by making this tremendous effort to contact every family of the greater West Side. The residents are responsible for the degree of success which we may achieve. By their cooperation and pledges will the boys over there know how much we think about them over here. The size of the memorial is directly in proportion to the amount pledged. We hope there is a generous response so that a magnificent memorial may be erected which will be a credit to the community and a worthy tribute to the boys in service. Certainly they deserve it."

Yates In White Cross

Mrs. Emma Yates, 111 N. Harris-av, is a patient in White Cross Hospital, suffering from a fractured hip.

Scantland to Take Cincinnati Post

E. J. Scantland, 21 N. Wayne-av, has been promoted to the office of naturalization examiner for the southern district of Ohio and will soon move to Cincinnati to take up his new duties. He has been naturalization examiner in Columbus for the past three years.

The appointment was effective on June 15. Mrs. Scantland and their two children, Marilyn and Donald, will move to Cincinnati as soon as a residence is found there.

Mother Identifies Albert Stephens As Wounded

The mother of Pfc. Albert E. Stephens, Mrs. Mae Stephens, 109 N. Westgate-av, has identified a picture printed in a recent local paper, showing him wounded in the storming of Northern France on D-Day. Although she has received no official notification from the War Department, she is quite certain it was he.

Pfc. Stephens entered the service Dec. 5, 1940, one of the first men to report from Selective Service Board No. 12 as he was No. 3 in the first lottery. He went overseas Feb. 19,1942 and was stationed in Iceland and England before being sent to Ireland. He is attached to an anti-tank infantry division.

He is a West High School graduate and was formerly employed by the Carl Dale Construction Co.

His brother, Sgt. Merle Stephens is stationed in the Aleutians with an Army Air Forces weather squadron.

Lt. Bradley Gets Distinguished Flying Cross

Much in the news in recent weeks Lt. George J. Bradley, 22, son of Mr. and Mrs. George Bradley, 2906 Olive-st, has added to his already impressive list of citations the Distinguished Flying Cross. He is a bombardier-navigator with the Eighth Air Force operating over Nazi Europe from an English base.

In recent weeks Lt. Bradley was awarded the Air Medal and four Oak Leaf Clusters. His latest citation came as a result of "an excellent job of navigation" when he brought his crew and Fortress back to England after the ship had been badly damaged by enemy fire.

The radio was knocked out, the controls partially severed and most of the instrument panel ruined by flak. Fighters had also done considerable damage to the Fortress, known as the "Raggedy Ann." The crew was credited with destroying six Nazi planes. Lt. Bradley also received credit for the probable destruction of a Messerschmidt 109.

Cloverleaf 12 Holds Election

At a recent meeting of Cloverleaf 12 in the home of Mrs. Celso Gentilini, 95 S. Roys-av, the following officers were elected:

Mrs. Frank Christ, Jr., 450 S. Westgate-av, was re-elected chairman; Mrs. Conrad Stellar, vice-chairman; Mrs. Marvin Yerke, secretary-treasurer; Mrs. Edward Redel, vice-secretary-treasurer; Mrs. Ralph Fischer, in charge of sales tax; Mrs. John Martin, publicity.

Koontz Takes Council Oath

—Journal Photo

Judge Randall Administers Ritual

The Hilltop was accorded representation in City Council Monday night when Henry A. Koontz, Tenth Ward Republican Committeeman and Hilltop druggist, was sworn into office by Judge Cecil J. Randall, of the Common Pleas Court.

Koontz will serve out the unexpired term of John Benson, now in the Navy. A year and seven months of the term remain before it will be necessary to run for re-election.

Meanwhile speculation continues as to the successor to the unexpired term of the late Ray G. Hauntz, Hilltop grocer. The appointment is expected to be made next Monday night.

Koontz was immediately named to the council safety and judiciary committees and was appointed chairman of the latter.

It was understood that nothing would be done toward replacing Mr. Koontz as ward committeeman until after the fall election. He was re-elected to a full term last fall and will continue to look after the duties of the office until a successor is named.

$6,000 Is Reached In Drive

70 Separate Sales Reported 1st Week

Total sales in the Fifth War Loan Drive in the Hilltop's Zone 11 had reached $6,000 by Wednesday with little more than a full week of solicitation reported. This represented 70 individual sales.

Compared with the last bond drive when 405 sales were made for a total of $30,000 the results thus far were reported by leaders of the drive as "very satisfactory." At the same time Mrs. E. J. Brophy and Mrs. Leonard Wisdom, co-chairman of the work, stressed the need for additional volunteers to help with the solicitation.

Both leaders expressed confidence this week that the results of the last drive would be equaled or surpassed if a sufficient number of workers can be enlisted to make the canvass complete.

Mrs. Brophy appeared on Bud Sweeney's broadcast over station WHKC Monday morning along with ladies representing the other zones in the city bond sales campaign.

Workers Named

The following names were added to the roster of bond salesmen this week:

Mrs. Wilbur Jones, Mrs. W. E. Brannan, Miss Cora Schilling and Miss Minnie Schilling.

Lt. Dwight E. Ross Gets Air Medal

First Lt. Dwight E. Ross has just recently become the recipient of the Air Medal, according to an announcement from the War Department. He is the son of Mrs. Verne C. Ross, 122 N. Huron-av.

Lt. Ross is a B-17 pilot. He was formerly employed by the Ohio Farm Bureau.

TIN CANS COLLECTED TODAY

Today is collection day for tin cans in District No. 13. The area starts at Terrace Street and includes the territory south of Broad Street west and south to the city limits.

Mrs. Lesta Fitzgerald will be in charge and the local schedule will be from 9:30 to 11:30 a. m., Monday and Thursday, at West Broad St. School.

Lt. W. T. Warren Reported Missing

Lt. William T. Warren, whose wife resides at 2166 Sullivant-av, was reported "missing in action" by the War Department this week. A squadron leader and B-17 pilot, he failed to return from a mission over France on May 25.

Lt. Warren, 25, was married to Mary Margaret Killian last summer while he was in training at the Lockbourne Army Air Base. He had arrived in England in February where he was stationed with an American unit. Since that time he has received the Air Medal and an Oak Leaf Cluster for combat missions over enemy territory.

His parents, Mr. and Mrs. W. T. Warren, live in Louisville, Ky.

Three Are Injured In Traffic Mishaps

Patrolman Kimmel Loses Arm When Motorcycle Strikes Car Saturday P. M.

Traffic accidents resulted in serious injuries to three Hilltoppers during the past week in separate mishaps on Broad Street and Sullivant Avenues.

Most seriously injured was Patrolman Arthur Kimmel, 26, of 80 Derrer-rd, whose left arm was badly mangled when the motorcycle he was riding collided with a car at Powell Avenue and Broad Street Saturday. It was necessary to amputate the arm immediately upon arrival at Mt. Carmel Hospital. He also suffered severe shock and loss of blood resulting from a severed artery in his arm. Latest reports indicated that he was showing satisfactory progress. Several blood transfusions were required.

Patrolman Kimmel was following a car that had just "crashed" a red light when his motorcycle collided with a car driven by Mrs. Myrtle Runkle, 373 S. Eureka-av, according to police reports. His left arm was jammed through a window of the car.

"Hit-skip" on Broad

Reported in "good" condition at Mt. Carmel Hospital after being struck by a "hit skip" motorist at West Broad Street and Richardson Avenue Thursday night is Mrs. Marjorie Jones, 36, of 152 S. Richardson-av. She suffered the loss of several teeth and was otherwise painfully cut and bruised about the head when she was struck by a car shortly after alighting from a bus.

Her husband, Wilbur Jones, asked that any person who might have seen the accident contact him at once as it is believed that someone must have been in the vicinity of the mishap when it occurred.

Likewise seriously injured when struck by a car as he was crossing Sullivant Avenue at Oakley Thursday evening is William F. Dunn, 68, 465 S. Harris-av. He suffered a broken arm and head cuts and was still confined to Mt. Carmel Hospital this week. His condition was reported by hospital officials as being "good".

Merchants Defeated By Model Dairy

The Hilltop Merchants nine, flashy newcomers to the Sunday Afternoon League, hit a snag in their drive for league-leadership last Sunday when they were outclassed by an experienced Model Dairy team at Linden Park.

The Merchants scored one run in each of the first, second and seventh innings while the Dairymen tallied one in the first, five in the second and four in the seventh to completely overpower the Hilltop youngsters.

Contrary to the previous game the local outfit committed several errors, "Sug" Haines possessing three bobbles on his record. An uneven surface on the Linden field was credited with some help toward this erratic fielding.

The annual try-out camp of the Columbus Red Birds was held on Monday, Tuesday and Wednesday at the stadium. Dozens of young baseball enthusiasts including several Hilltop boys performed before the scrutinizing eyes of Cardinal scouts Joe McDermott, Walter Shannon and Tony Kauffman.

Boys 16 years of age or over were invited to try out if they were not playing American Legion baseball.

Sponsored Service Men's Feature On Page Three

In this issue appears a new feature page—pictures of service men and women who have so willingly left their homes, their loved ones, to offer their services in this present conflict.

As previously stated, this page will appear several times monthly. Those desiring to have a picture appear on this page, please bring to Record office and it will be printed as soon as possible.

On page three will be found one series of photographs sponsored by local business firms and individuals who are interested in the welfare of those serving.

Veterans' Memorial To Get 'Footlight Fantasy' Proceeds

Leatrice Spindler, Marietta, To Play George Gershwin's "Rhapsody In Blue"

"Footlight Fantasy", the fourth annual revue presented by the pupils of the Keith School of Dancing, 3105 W. Broad-st, will be held in the West High School Auditorium on Friday evening, June 23rd, at 8:00 p. m. Proceeds from the revue, which is given under the auspices of Camp Chase Post No. 98, American Legion, will be turned over the War Veterans' Memorial fund.

Leatrice Spindler

Among the several young artists featured will be thirteen-year-old Leatrice Spindler, pictured, of Marietta, Ohio, who will play George Gershwin's "Rhapsody in Blue" which is considered one of the most difficult piano solos in modern music.

John Spindler, age seven, and brother of Leatrice, plays "Gavotte In G Minor" by Bach.

Sandra Davis, age six, also of Marietta, will present a piano monologue assisted by Martha.

The above are piano students of Helen Longfellow of Marietta, Ohio.

Bruce Hall, pupil of Mrs. Robert M. Draper of Capitol University and popular young West High School pianist, plays for the Overture the beautiful "Blue Danube Waltz."

Beautifully costumed, finely staged and aptly presented, this dance revue is the high spot of the school year, and no time or effort is lost in making each performance a credit to the school.

Tickets are priced at 60c, including tax, and may be obtained at the Keith School of Dancing, 3105 W. Broad-st, the Hilltop Record, or from any Camp Chase Post officer.

Slyh Family Reunited As Soldiers Return

EDITOR'S NOTE: The following feature was written and supplied to the Hilltop Record by Edith Scott Cannon who lives at 123 Highland-av, next door to the Slyh residence. The cheerful news that it contains is in contrast to many of the more grim experiences being recorded in the press daily.

The war cloud of anxiety and waiting for news of loved ones surely turned itself inside out, show its silver lining in the ho[me] next door to mine these [last] weeks. At 127 Highland-av Mr. and Mrs. Harry Slyh, have been life-long resident[s] the Hilltop. Their hosts of fri[ends] will share the joy they have [been] experiencing.

The Slyhs have three chil[dren] Ed, who is connected with Prudential Insurance Com[pany] has a son in the Army Air F[orces] —2nd Lt. Robert E. (Bobby) [Slyh] Napier Field, Dotham, [Ala.] Louise is married to Captain [Wil]ville E. Swanson, Sr., Army Air Force Command of Alaska, [and] is also a Captain on North[west] Air Lines. The Swansons [live] their home in Minneapolis. [Their] son is Platoon Sergeant Milville E. (Bud) Swanson, Jr., of the Marine Corps, U. S. S. Massachusetts, in service in the South Pacific.

Sarah Jane, the youngest of the Slyh family, is at Theta, 1st. Lt. Roy F[oods] W. Broad St. Army Pa[ssed]

phoned in a few days, and came on to Columbus.

Unselfish in their happiness, another neighbor and myself were included in the family gathering in the dining room the night Captain Mel came home, and the sight of those happy people, with many in uniform—Mr. Harry [Slyh] is with the General Reserve [Pil]ot—was something to live in [one]'s heart a long time.

[Re]cently a communication [from] the War Department came [to] Mrs. Blankenhorn, but, instead [of] the grim news it might have [been], congratulations were [sent] on the award of the Air [Medal] and Oak Leaf Cluster to [Lt.] Blankenhorn for service in [the] South Pacific. Then, a few [days] after the arrival of Captain [Blankenhorn, a telephone message] from Minneapolis—from Lt. [Blankenhorn himself, who had] arrived in the United States [and] was on his way to Columbus. [And] Mrs. Slyh, their children, grandchildren all spent [a] cool-days on the Hilltop. [Blankenhorn is still here, but] others have returned to their [respective] posts.

Patrick, Smith Wed In Church Of Christ, Wednesday, June 7

Simplicity at its loveliest prevailed at the wedding Wednesday evening, June 7, that united Miss Mary Ann Patrick, daughter of Mr. and Mrs. Lee W. Patrick of 689 S. Harris-av, to Ensign David W. Smith, son of Mr. and Mrs. Willard Smith of 266 S. Roys-av. The ceremony was read by Rev. C. L. Johnson in the Wilson-av Church of Christ at 7:30 p. m. A reception for the immediate families and a few close friends followed at the home of the bride's parents.

Baskets of roses, lilies of the valley and larkspur interspersed with palms decorated the altar as the candlelight ceremony was read. Miss Patrick accented her dark beauty by donning a gown of white marquisette made along the simplest lines with a huge ruffled collar that extended around the gown and down the front of the bodice. Her veil of bridal illusion fell from an orange blossom tiara and her only jewelry was a single strand of pearls. A white prayer book topped a nosegay bouquet of gardenias and orange blossoms completed her bridal attire.

Only attendant for the bride was Miss Marjorie Benton who contrasted the paleness of the bridal attire by wearing a pink gown of jersey and net. She carried a nosegay bouquet of pink roses and white sweetpeas. Lt. William Scharenberg was the best man for Ensign Smith and seating the guests were Don Crosby, Thomas Beynon and Merle Housen Jr.

For her daughter's marriage Mrs. Patrick was in a lavendar and white print with a corsage of yellow roses. Mrs. Smith, mother of the groom, chose an afternoon frock of Alice blue with red carnations.

When the young couple left for a brief honeymoon before reporting to Ensign Smith's new station, his bride was wearing a slate blue print dress with white elbow length gloves and navy accessories. Pinned to the shoulder of her dress was a corsage of gardenias.

Mrs. Chester Conover, the bride's sister, was her only attendant, and Charles Warren Berry was best man for his brother. Ushers were William Gill and John Eberhard.

Immediately following the ceremony, a reception for 45 guests was held at the home of the bride's parents.

Gentile last Friday evening. Plans for the forthcoming marriage will not be completed until the flier receives his orders, which he expects any day.

The wedding will probably take place here, although nothing definite has been decided. Miss Masdea and her family are members of the St. Mary Magdalene parish.

A West High School graduate, Miss Masdea is employed as bookkeeper at a local motor freight company.

Capt. Gentile, son of Mr. and Mrs. Patzy Gentile, is one of America's two top-ranking aces in the European war theatre. He has bagged 23 Nazi planes in the air and seven on the ground.

The Rev. Anson Phelps Stokes assisted by the Rev. Richard Zeisler, officiated at the candlelight ceremony when at 6:30 o'clock on Wednesday, May 24, Miss Betty Jean Mooney, daughter of Mr. and Mrs. James Ralph Mooney, 62 N. Harris-av, became the bride of Lt. John B. Ferlito, Jr., son of Mr. and Mrs. John B. Ferlito of Cleveland, O. The service was read at the Trinity Episcopal Church.

Given in marriage by her father, the bride wore a gown of white satin and ninon. The bodice and sleeves were of satin with a sheer ninon yoke edged in imported chantilly lace to form a sweetheart neckline. The full ninon skirt ended in a wide circular train. Her veil of imported illusion fell from a halo of chantilly lace decorated with orange blossoms and seed pearls. She carried a white prayer book to which was fastened a shower bouquet of white orchids and stephanotis, and as her only jewelry she wore a single strand of pearls belonging to her mother.

Miss Anita Suver, as maid of honor, wore a gown of pink net, and the bridesmaids, Miss Josephine and Miss Fortunata Ferlito, sisters of the bridegroom, were in identically fashioned gowns of blue and pink satin and net. The bride's neice, little Margaret McLaughlin, served as flower girl wearing a floor-length blue taffeta and net dress. Each of the attendants wore a net tiara to match her gown and carried an arm bouquet, the maid of honor having snapdragons and the other attendants painted daisies and rosebuds. Nick Di Donato was best man for the bridegroom and ushers were Archibald Stokes and Joseph Parr.

For the reception held at the bride's sister, Mrs. [illegible] 2725 orchid-colored dress with white accessories and both had gardenia corsages.

Bride's Father Reads Marriage Service

Miss Martha Dean's father, the Rev. J. L. Dean, 194 N. Roys-av, pastor of Hilltop Community Church, read the service for her marriage to the Rev. William Maddock of Marion, Ind., which took place Friday at the First Pilgrim Church.

The Rev. Carl J. Hahn, pastor of the First Pilgrim Church, assisted at the ceremony, which took place at 8:30 p. m. before an altar colorful with baskets of mixed garden flowers and palms and lighted by seven-branch candelabra.

The bride's white faille wedding gown was fashioned with long sleeves covering the wrists a full skirt and a basque bodice which had a deep yoke of lace. Her long wedding veil, which covered the train of the gown, was fastened with clusters of orange blossoms. She carried a Bible to which white rosebuds and blue delphiniums were attached.

Miss Marleah Conway of Indianapolis, Ind., served as maid of honor and she carried yellow roses and blue delphinium with her Bible. All the attendants were dressed in pastel blue gowns with full skirts, double ruffles at the neckline, and bracelet-length sleeves. They also wore blue shoulder length veils. The bridesmaids, Miss Arlene Byerly and Miss Arlene Johnston, carried Bibles with pink rosebuds and blue delphinium attached. Miss Carol Bossey, the flower girl, wore a blue gown of net over silk which had tiny rosettes applied to the floor-length skirt.

Lowell Peterson of Iowa acted as best man for the bridegroom. Charles Day of Westerville, O., and Warren Freeborn of Minnesota ushered the guests.

Mrs. Dean wore an afternoon gown of deep pink mesh with blue accessories for her daughter's wedding. The bridegroom's mother was dressed in an afternoon gown of light blue mesh with white accessories. Gardenias formed their corsages.

There was a reception for 36 guests at the home of the bride's parents immediately following the ceremony. Later the couple left for Huntington, Ind., where the Rev. Maddock is student pastor of the Prospect Methodist Church. Mrs. Maddock wore an aqua-colored light wool suit with luggage brown accessories for the trip.

The bride and bridegroom both attended Marion College in Indiana.

Former Hilltop Boy Expresses His Appreciation For Record Local News

The following letter was received at the Hilltop Record office from James K. LeBeau of the Naval Air Transport Service who formerly lived at 1959 Fairmont-av. This letter expresses the yearning that all service men have for local news and should be an incentive to Hilltop parents, wives and friends to bend every effort towards filling their wants.

Dear Sirs:

This is to inform you of my recent change of address. . . .

I would also like to take this opportunity to thank you very much for "keeping the Record coming" because, and I'm not kidding when I say that, without the Record I'd feel like the folks at home weren't writing.

There's several fellows out this way from the Hilltop and when I run across one I always give him a few copies of the Record that I happen to have on hand (I just can't see throwing those Records away after reading them) and they're always mighty happy to read the news from home.

I expect to be putting in some Alaska duty sometime in the near future so I'll probably be changing the address again, but for the time being, and for speed's sake, please send the Record to me at the above address.

Thanks again for keeping the Record coming out this way.

Sincerely,
JIM LeBEAU.

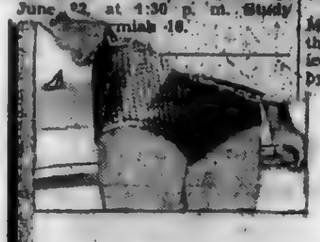
A Lasting Tribute

While further endorsement of the Camp Chase Post American Legion project to erect an appropriate Veterans' Memorial Hall should not be necessary we believe a further discussion of the objectives and scope of this movement might serve as a helpful reminder for readers of the Hilltop Record to fill out the subscription pledge card you now have or may obtain from any Legion member.

In the first place it is to be remembered that the proposed building will be a distinct asset to the community and available for many civic activities in addition to its utility to returning servicemen. Every contributor to this project should feel that he personally has a share in this worthwhile undertaking. There is a distinct need for additional facilities for various groups to assemble on numerous occasions throughout the year.

Secondly, it is a constructive step toward postwar planning on a broad scale. By planning now and getting the program well under way towards realization before the war ends will mean that returning service personnel will be able to take advantage of it months before it might otherwise be available. Then too, with pay checks larger than they will be in the postwar era due to overtime working hours and the availability of good paying jobs, it is less of a sacrifice for most of us to contribute generously.



Thirdly, realization of this goal should give every Hilltopper a new sense of justifiable pride in his community for its ability to accomplish any given objective. This is not merely a Legion project—it should become the personal project of every public spirited Hilltopper who has a desire to do something worthwhile for the men and women from this community who are so ably representing this section of Columbus on fighting fronts around the world.

In the fourth place, but by no means least in importance, attaining this goal should give our service men and women a new pride in their home community. News that this project is under way should be no little source of encouragement and inspiration to them wherever they may be today. When they return on that TOMORROW (which we earnestly hope is not too far in the future) they will have an even deeper appreciation of what the Hilltop has done for its own sons and daughters.

So don't wait for some one to solicit your contribution personally. Make your investment in the future welfare of those who are representing you in the defense of OUR country today.

Youth Week-end To Start Tonight

The sixth annual Youth Week-end, sponsored by the Luther Leagues of Hilltop Lutheran Church, will be held June 16, 17, 18.

The theme for this year is "Youth Weekends as our Grandfathers Knew Them." The week-end will begin with a banquet on Friday evening at the church. The chairman for Friday night is Helen Grenell. The decorations and setting for the banquet will carry out the "Gay Nineties" dinner theme. The leaguers are planning to dress in the costumes of this period.

The Saturday program, which is chaired by Bob Maxwell, is to be an all-day outing and picnic at Mt. Air swimming pool. Many old-fashioned games and relay races will be a big attraction.

The youth of the church will sit in one body at the regular Sunday morning service at 10:30 a. m. Several of the young people will take an active part in the service, as in the past years. Plans for this portion of the weekend have been made by chairman Winifred Guy and her committee.

The final session, under the direction of Jack Seymour, will be a court trial, held in the church basement, against the Gay Nineties period. The charge is that the period from 1890 to 1900 was wasted time in the history of our nation, since it contributed nothing to literature, music, art, religion, etc. Subpoenas will be issued to secure people to serve on the jury. Several distinguished guests will take the witness stand, which will make an evening of varied entertainment. Refreshments will be served either during or after the trial.

What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are battering and smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double . . . yes, *triple* . . . the Bonds we bought last time.

Our men expect to hear that we *are* buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you *personally* see that they get it?

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you $4 for every $3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

"Food For All" To Go On Air

Women in central Ohio will welcome the new Red Cross radio series "Food for All" which will be heard in this area over station WCOL starting June 19 in a series of nine fifteen minute programs to be heard on Monday, Wednesday and Friday mornings at 8:00 a. m. for a three week period, the importance of food in the world today will be presented in dramatized story form.

Columbus has been selected by the National Red Cross as one of the first of seven cities in the Eastern area of Red Cross to air this transcribed series. During the next few months it will be aired in localities all over the United States.

How to get the most out of ration points—how to buy the right kind of food to keep the family healthy—how to conserve food and avoid waste—the use of some of the new food products—the importance of nutritious lunch boxes for school children and war workers—war-time cooking tips . . . these are just a few of the subjects that every woman wants to know about and that will be told about in this new Red Cross program.

HERE AND THERE

The post office has been having quite a time with so many new men on the routes . . . a delimited individual came into the Record office one morning this week, laid down a ton or two of "official" Washington literature, with a word turned around and went out, stopped, scratched his head with his elbow, came back in and laid down the local mail, then parted with the comment of "You can tell this is my first day" . . . the afternoon mail was pushed through the slot by the same character, while the door was standing open . . . we didn't see him on his second day.

Joe Murphy is reported to be confined to his home with a throat bug. The consensus of opinion is that he couldn't get sick if he took much of the varied supply of medicines he sells . . . Dave Cantwell reports that he bought the first Car Use tax stamp at the local post office . . . just another case of the Record being first . . .

According to the Army Air Forces' "Tar", published at Orlando, Fla., former Hilltopper Bob Milstead is president and general manager of the Glee Club at the Tactical Center there . . . We understand that Air Force Officer Roland Eckard is home on furlough.

Radio Personality—
Fibber McGee

Fibber McGee may sometimes sound to listeners like "the little man who isn't all there," but in Kerr County, California, McGee becomes Jim Jordan, "the feller who's one of the best cattle ranchers in these parts."

Whenever Jordan and his life-time sad radio partner, Marian Jordan (that's Molly), aren't working on their broadcasts or War Department recordings, they hie themselves to their ranch near the little town of Woody, some 35 miles from Bakersfield.

They have more than a thousand acres of grazing land, covered with oak trees and stocked with a heard of blooded Pole Angus beef cattle. There are several milk cows, a few hogs and a flock of chickens, not to mention assorted horses, dogs and deer.

"Only thing we haven't got," says Jordan, "is corn, and we give out plenty of that every Tuesday night." They're heard over Station WLW at 9:30 p. m., EWT.

Former Columbus Commentator Enters Hearing Aid Field

R. A. Fuller, 137 S. Terrace-st, manager of the Telex Hearing Center, 516 Beggs Building, announces the appointment of Adrian Fuller, his brother, as an associate in the distribution of Telex Hearing Aids for central, southern and eastern Ohio.

Increasing demand for the product and consequent need for an enlarged sales and service staff dictates the move, according to Fuller.

Adrian Fuller is well known in central Ohio where he has been engaged in newspaper and radio work in recent years. Formerly with the Columbus Dispatch on its editorial staff, and radio station WBNS, he has for the last several years been on the staff of the Detroit Free Press, Detroit, Mich.

THE AMERICAN FATHER

He goes his way, doing the things he must do.
He grieves, but his grief is hidden
(Mother might know) He has told her often
That nothing can happen to their Bill)
Father works doggedly and silently,
In his garden and at his desk;
He donates blood and buys bonds—
Remembering young Bill's bragging
When he was ten, that HIS Dad
Never let a guy down.
Father is a rock; a barricade
Against troubles, small and large:
He is a knight, dressed—as a poet has said—
"In an armor of shiny blue serge."
He is brave and strong and silent,
And he'll never let a guy down.
—Esther Weakley.

Men, 18 to 65 Are Urged to Join Ohio State Guard

Men, 18 to 65, in Franklin County who are reasonably physically fit and who would like to perform some war service because of inability to be in active warfare are afforded an opportunity to become a part of the regular Ohio State Guard companies which are being organized here. Col. Earl W. Brannon, Commander, 2nd Inf. Regiment, announced a few openings exist in the various companies.

Col. Brannon states the physical requirements are not as rigid as those in the regular army and some of those who have seen action in the present war and have returned to their homes, already are a part of the State Guard.

To others who have been active in various branches of federal service, and others who wanted active war service but were excluded because of some minor physical defect, it will be worthwhile to learn the uses of the .30 calibre rifle as well as to know how to use a tommy gun or a shotgun in case the need arises on the home front.

Men who are able can join for a year and will not be required to serve outside the boundaries of Ohio. Also, they will be paid regular army pay for drill sessions, in any field training period and in camp.

Exercise, much needed by many, will be available in sufficient amount. Why not visit the Greenwood Avenue Armory and talk the matter over with officers of the State Guard.

Reduce Motor Fire Damage by Proper Maintenance

A substantial increase in the number of fires in electric motors indicates that much of this valuable equipment is not getting proper attention. It is practically impossible to obtain any new electrical equipment and it is important that every motor, whether in a factory or on some home appliance, get the very best of care.

Every motor should be kept clean and oiled at regular intervals if proper performance is to be expected. Many home owners do not use their electric refrigerator during the winter months. Before these appliances are put into service they should be thoroughly inspected to see if they are in proper working condition.

Some of the fires are caused by dry bearings heating up and igniting the grease and lint that have accumulated on the motor. Sometimes the motor sticks, causing a short circuit which ignites the inside of the motor, then too a fire may be caused by the compressor sticking causing the belt to slip and become ignited by friction.

Practically every motor fire results in permanent damage and may mean that the home owner will be deprived of the equipment until after the war.

landing, the patients were carried aboard and were brought in to bases in England without incident.

With Lt. Brown was Second Lt. Suella Bernard, 25, of Waynesville, O., with whom she began her nurses' training six years ago. They joined the staff of the Sidney, O., Hospital in 1940 and early in 1943 they enlisted as Army nurses at Ft Hayes, leaving at Bowman Field. They have been overseas two months.

Sister, Brother in Service

The nurses received a 24-hour pass to go to London and stated that "tomorrow or the next day we will be off to France again". When asked how they felt during their experiences on the beachhead, they said they "just didn't feel anything."

Lt. Brown graduated from West High School in 1937. She has a sister, Lt. Martha Ann, also an Army nurse who is stationed in London, England, although they have not as yet, met over there; and a brother, John, torpedomate 3/c, serving with the Navy in the South Pacific.

Mr. Brown operates the Brown-Newlun Transfer and Storage Co., at 161 N. Fourth-st.

"DON'T WORRY, SON. WE'LL SEE THAT YOUR FAMILY'S FOOD BILL IS KEPT DOWN"

Sure, Son, we know you'll worry about your folks back home. It's tough out there—thinking about your loved ones—wondering if they're safe.

Winning a war is a big job, Son. And keeping prices down is part of that job. That's OUR chance to help out! We're not going to let prices run away like they did in the last war.

That's why we keep those ceiling price lists hung up there where everyone can see them. And we'll guarantee your family will never be charged more than those prices.

It means more bookkeeping, more detail, longer hours for us, but you can count on us not to let you down. Because you know—and we know—that it's the sure way to keep down the cost of living in this community. It's the way to make sure that your family has a "fair share at a fair price."

We'll do our best—in the face of shortages and lack of help—to give them the kind of food they've always had—at a price they can afford to pay—to hold the line until you come back to your home, your job, your plans for the future . . .

SONG

Waiting for the telephone to ring,
Looking for a letter in the box,
Daydream minion, he is nightmare king,
Timeless lover who has stopped the clocks.

Time revolts; he abdicates as king,
Lives his exile in a land of clocks,
Waiting for the telephone to ring,
Looking for a letter in the box.
Dunstan Thompson, in Poems.

A MOTH IN THE CATHEDRAL

If, as he pranced along the air,
The white moth had presumed to prayer,
Some small saint would have understood
He wanted twilight in a wood,
And flew to find it down these miles
Of branched and beautiful gray aisles,
Resting, sometimes, on stones where stains
From sunset-colored windowpanes
So flushed his wings that he became
A moth undamaged though aflame.
Winifred Welles, in The Shape of Memory.

TALE OF AN OAK

Fallen on mothering soil, the acorn grew,
And drove its forking rootlets deep in earth,
Banqueted on the light, and sipped the dew,
And bade its intricate cell-lives stir to birth.
And sap flowed richly, and the whole was nursed
By the green alchemy of chlorophyll,
And twig was reared on twig, and leaf-buds burst
As though commended by some
As though commanded by some

And on its bough, elaborately spun,
Each stem slow-patterned by the life inside,
There beat a thousand Junes of wind and sun,
Until a great-boled lord rose high and wied.
And then man came, and, pounding stroke on stroke,
Within an hour had toppled down the oak.
Stanton A. Coblentz, in The Sonneteer.

You can't dust good will off, arrange it between layers of tissue paper, sprinkle it with mothballs, store it away, and take it out net year good as new. Good will cannot be stored. It cannot be neglected for one minute, much less a year or two. It must be constantly fed through media with news about merchandising problems, wartime adjustments, new substitutes future buying. Good will media must be maintained for the duration and after.

Joe's Recordings

By J. W. Agee

No. 11 PASSES OUT

Wednesday night at 12:00 saw the demise of good old No. 11 gas coupon . . . several Hilltop filling stations reported a state reminiscent of the good old days as the boys with a few stamps of that variety hurried to their favorite stations to get that tank filled up before the deadline . . . We noticed one elderly gentleman supervising the job as a sweating station attendant tried to get six gallons in a tank which had about room enough for five . . . yes, we were rooting for him like the home team was at bat, for we knew that it was going to be just as much of a squeeze on that three gallon's worth that we had neglected to use beforehand . . .

MOTORMAN'S HOLIDAY

Met Dale Rose at the Merchant-Presto Grill game in Westgate Park Sunday p. m. . . . Dale only spends six days a week in the park with his playground program, but of course he couldn't miss seeing those flashy ex-pupils of his cavort around the diamond . . .

WESTGATE RADISHES

We received a sample of the radishes grown out in the Westgate Victory Garden Project when Freddie Fahrenbach, who resides on Hague-av, brought us a bunch, along with other vegetable items . . . If we didn't know Freddie better we might be tempted to think that those radishes were grown last year . . . 'cause, brother, they were really strong.

EARLY HUNTING SEASON

Those Hilltoppers who, by hook or crook, are able to locate a few shot-gun shells will be able to get into the field after bird or cottontail a few days earlier this fall . . . we understand that the date has been moved up to noon on Friday the 15th in order to include the week-end.

TIRE INSPECTION

The local ration board is having quite a time with tire inspection reports, and why wouldn't they? First you need 'em and then you don't . . . now you do if you want to get your gasoline . . . anyway, we are told that it would materially expedite the prompt and efficient handling of gasoline ration renewals if all Hilltoppers would take their tire inspection records to the board when they make application for said gasoline . . . although tires are no longer inspected, the records are necessary for renewals.

A WORTHY PROJECT

Jim McClintock, manager of the Hilltop Merchant Baseball Club, informs us that an attempt will be made to raise funds to enter the team in the annual State and National Semi-pro Baseball Tournament to be held in Columbus and Wichita, Kan. later on this summer . . . This will undoubtedly be a pretty tough project at this time, what with all the other war-time contributions being made, but a few dollars would do a lot of good for the youngsters.

EMERGENCY NUMBER

Here is a number that no man's wife would mind him carrying around in his wallet: MA. 0410 . . . to be used after 5:00 p. m. when residential power trouble is experienced and Hilltoppers wish to contact the city light plant.

DeGAULLE AGAIN

Everywhere a beachhead is opened up, Gen. DeGaulle, the Frenc[illegible] nuisance, pops up to receive beers from the liberated populace . . . it is our opinion that he is the biggest stumbling block in the whole war effort, outside of maybe "My Day".

Funeral Services Held For H. O. Nippert

Services were held last Monday in the Floyd Born Chapel for H. Oscar Nippert, who died at his home yesterday after a year's illness.

He was an active member of the Glenwood Methodist Church, having held a membership on the board at one time. He also had taught in the Sunday School during the past years.

Mr Nippert, age 68, resided at 243 S. Roys-av. He is survived by his wife, Mrs. Elizabeth Nippert, two daughters and two sons.

Evans Is Named To Fill Hauntz Council Post

In a special caucas meeting of the Republican members of City Council Wednesday afternoon it was agreed that Baxter Evans should be named to succeed the late Ray G. Hauntz for the three and one-half years remaining to be served.

Speculation had been rampant for many days as to just who the Republicans would name. At Monday's session no agreement had been reached.

Evans, who will be sworn in Monday, has been serving as assistant city attorney. His selection adds another vote to the already strong Republican majority. The recent resignation of John Benson to accept a naval commission left only W. Herbert Dailey representing the Democratic party.

Mound St. Is Thoroughfare To Binns Blvd

City Council in regular session Monday night passed an ordinance extending Mound-st as a thoroughfare from Whitethorne to Binns-blvd. The legislation was recommended by the traffic commission and will go into effect about July 20.

The Mound-st extension was completed two years ago and was part of program sponsored by the late Ray G. Hauntz, former councilman, to provide an additional thoroughfare from the southern section of the Hilltop into the down town section. Another phase of his program that would have been under way months ago if the war had not interfered, was the widening of McKinley-av from Sandusky-st west to form a fourth route from the Hilltop.

As a result of council's action stop street markers will be erected at all cross streets between Whitethorne and Binns in the very near future so that through traffic will not be endangered by failure of traffic to give way on north and south side streets.

The ruling was welcomed by many persons living in the southern sector of the Hilltop who use that street as a definite safety factor. Accidents have been reported at virtually every crossing in recent months because motorists were already assuming that Mound-st traffic had the right of way. This was not the case, however, before Council declared it as such.

Veteran Of Ten Missions Meets Pal In England

Sgt. Richard Anthony, a turret gunner on a B-17 based in England, has been overseas since last March. By the latter part of May he had completed ten missions. He met another Hilltop boy, Bill Gibbon, and they attended a stage show in London. Richard entered service in November, '42, and prior to that time was attending Ohio State University. He is a graduate of West High School.

Sgt. Anthony

Sgt. Anthony has two brothers in service, Cpl. Harry Anthony, Camp Barkely, Tex., and Pfc. Albert Anthony, Panama, C.Z. They are the sons of Mr. and Mrs. H. L. Anthony, 158 N. Powell-av.

Numerous New Red Cross Workers Report

Record crowds of volunteer workers reported to the Hilltop Surgical Dressing Unit at West Broad St. School last week. In the June 9 issue of the Hilltop Record a request was published for at least 30 more volunteers. In response to this request 70 reported.

Mrs. Wisker, chairman, is taking care of the arrangements for the accomodation of the new helpers.

As stated by Mrs. Wisker, and patterns and our quota is "We have plenty of material tremendous. This is urgently needed, come in and help us."

Cpl. Young Dies in Action

Cpl. Oscar Young, 22, a former student at West High School, was reported "killed in action" on the Italian front on May 14, a War Department message advised his wife, Mrs. Laura Young, this week. The Youngs resided at 85 Hawkes-av.

Cpl. Young was with the Corps of Engineers and had been overseas since last January. Before entering the service he had been engaged in the produce business with his father, C. O. Young. His parents, a brother, James, and one sister, Emma Lou Young, now live in Bentley, La.

A daughter, Carol Lee, was born just three weeks before the father's death.

Rent Attorney Post Is Rejected By Robert Draper

The position of area rent attorney in the Office of Price Administration was turned down by Robert M. Draper, local attorney and school board member, this week. The office requires the services of a full time attorney and has been vacant since the resignation of Jacob Wirick who is assisting with the work until a successor is named.

In commenting on the offer Draper pointed out that it would have necessitated discontinuing his regular practice of law. In addition to his position on the Columbus Board of Education he has also served as chairman of the price panel of Ration Board 25-10, for the past two years.

He resides at 74 N. Roys-av.

Hilltop Residents In Accidents

Lela Arnold, 204 N. Guilford-av, suffered leg cuts when she ran into the side of a parked auto at Mt. Vernon-av. and Twentieth-st, last Saturday evening. She was treated in St. Francis Hospital.

When struck by an auto at Eureka-av and Broad-st, Sunday, John Bostic, 71, 140 N. Eureka-av, received cuts and bruises. His condition is not serious.

Fifth War Bond Sales Slump In Second Week Of Campaign

Record Reporter Gets First Hand View Of Canvass

EDITOR'S NOTE: A Record reporter was assigned to accompany bond salesmen on their house-to-house canvass of the Hilltop homes in order to determine progress on the drive, and get first-hand view of receptions accorded the salesmen. The following article is the result of this effort:

"Have you bought your extra war bond in this 5th War Loan Drive?"

If this question has not yet been put to you, it soon will be, by one of the many volunteer block leaders who have a tremendous job before them.

"Tremendous"—a long word, but a small adjective, to apply to all the details, the time, the bottles of liniment needed to nurse sore feet, that make up this job.

This reporter spent several hours one afternoon with two bond salesmen, in trying to determine the attitude of the general Hilltop population. I hope the reaction was not typical of that in the community at large, for the sake of those boys holding beachheads in the South Pacific, or pushing in on landing craft in the European invasion area.

Of the twenty-five personal contacts made, all were refusals—some more curt than others, but few actually pleasant. In each drive there are as frantic appeals made for workers as there are pleas made for bond-buying. The number of volunteers is said to decline after each drive—the suspicion, curtness, and selfishness of those solicited make these drives an ordeal for those who spend time and effort in trying to reach the city's quota.

Most of those asked to buy, replied that their usual amount of bonds was being bought through the office, others claimed that they felt those taken out of their husbands' pay were enough; on some occasions the statement was made, "The more bonds you buy, the longer the war will last"—in general, all took the attitude, "Let the other fellow do it."

All in all, I returned to the office with weary feet, disillusions, and a sharp tongue, but more important than that—the bond workers returned home with no promises to take bonds.

HBMA Plans Outdoor Meet

Members of the Hilltop Business Men's Association will get together for the annual outing at the home of Tom Lewis, 474 Wilson-rd, Tuesday evening at 7 o'clock.

Business has been dropped in favor of all out emphasis on baseball, and an evening of fellowship. Two baseball teams representing business men from the Broad-st and Sullivant-av sections will clash in a championship game. Curt Wilcox ad Joe Goodwin will captain the respective clubs in the encounter that is expected to result in many aching muscles for days to come.

Total Of $8,704.50 Is Reported From 131 Individual Sales

War bond sales on the Hilltop hit a slump this week despite renewed efforts of dozens of volunteer solicitors to keep the Hilltop's Zone 11 a leader in communiyt participation.

By mid-week 131 individual sales, totaling $8,704.50, had been made in the community. At the same time last week 70 sales had been made for a total of $6,000.

For the first time since this same zone had established itself as the leading sales group in individual transactions during the Fourth War Loan the Hilltop had dropped back into second place. According to reports this week the East section of Columbus had taken the lead in individual sales although the total money involved was about the same as in Zone 11.

Reports Show Lag

Mrs. Leonard Wisdom, co-chairman with Mrs. E. J. Brophy in the Fifth War Loan Drive, told the Hilltop Record that most of the ladies who have turned in reports stated they are not doing so well as in previous drives.

From the beginning it has been more difficult to get solicitors to do the canvassing. Apparently more women are engaged in war jobs now than in the past while others fail to find time to devote to the work.

The drive will continue until the Franklin County quota is completed, it was stated.

Glenwood Will Burn Mortgage Sunday Morning

At the morning church service, 10:30 o'clock, Glenwood Methodist Church will burn the mortgage on its $60,000.00 educational unit, which was completed in 1937.

This educational unit was started in 1932 when Dr. E. L. Motter was the pastor of the church and the corner-stone was laid Mar. 5, 1933, when all the banks were closed. Due to the depression and insufficient funds, the work was held up until in 1936 when the pastor, Dr. O. L. Seward was able to arrange for a loan sufficient to carry the work to completion.

During the past year, under the leadership of the present pastor, Dr. Joseph B. Shellhaas, enough money was collected to pay off the balance due on the building fund debt.

The sermon Sunday morning, by the pastor will be on the subject "What Hast Thou in Thine House." At the close of the sermon the mortgage burning service will take place with the treasurer of the building fund, Dr. Howard Whitehead, and the chairmen of the board of trustees, Mr. H. G. Hamilton, taking part. The choir, under the direction of Mrs. Mary Riddile Walton, will sing for this service, with Mrs. Clyde D. Moore at the organ.

At the evening church service, the installation service for the officers of the Youth Fellowship will be held. The pastor will preach on the subject "What is Your Life?"

Merchants In Four-Way Tie After Win

The Hilltop Merchant Baseball Club moved into a four-way tie for the Sunday Afternoon League lead last Sunday when they defeated Presto Grill 2-0 behind the five-hit pitching of Aquinas' Simpson.

Both teams were running even behind brilliant pitching until the last of the sixth inning when the speedy Hilltop youngsters pushed across two runs. Gene Shade singled to left-center, took second on a bad throw-in and scored on Al White's double down the left-field line. White romped on to third when the Presto gardener momentarily juggled the ball, then scored on a passed ball to wind up the scoring for both teams.

Presto Grill threatened in the first half of the seventh when they loaded the bases on three straight singles, then retired in order as Simpson bore down to get two men on strike-outs and the third on a pop-up.

The youngsters looked slightly listless under the hot sun and were not their usual aggressive selves, but were there when the going got rough, as testified by three double-plays. Dick Gilmore retired in the sixth inning after three unsuccessful trips to the plate. Jim McClintock, manager, filled in at first in Gilmore's absence.

Next scheduled game for the merchants will be against Curtiss-Wright next Sunday. They took the measure of Camp Chase Post 6-5 last Tuesday night, with Dick Friend the winning pitcher.

Happy Reunion Experienced By Brothers On D-Day

"D"-Day was an important day in more ways than one for two Hilltop brothers—it was the day they met in England after having been parted for a period of almost two years.

Bob and Jack Carpenter enlisted together in the Air Corps July 2 of '42, and they both received their basic training at Patterson Field, O. Bob was sent overseas to England in November of the same year, where he now has the rating of T/Sgt. in the 8th Air Force. Only a week before the invasion of France, Jack, a corporal in the 9th Air Force, arrived overseas.

Bob has been married for over three yeras to the former Winifred Corcoran. They have a 16-months-old son whom he has never seen. He and his mother, are making their present home with Mr. and Mrs. A. J. Corcoran, 96 S. Ogden-av.

Both boys are graduates of West High School where Bob was an All High center in '37, and Jack was All-High end in '38 when he went to Florida with other Columbus All-High Stars.

Jack, in a letter to his mother, said, *"It was a happy reunion, but it will be a better one when we get home for good."*

Keller Is Dismissed By Safety Director

Leo Keller, 440 Hilltonia-av, was dismissed as assistant superintendent of the workhouse last Friday as a result of a shortage of $437.26 in the "prisoners' cash fund" as reported by City Auditor R. P. Barthalow.

C. C. Cole, safety director who announced the dismissal, said Keller had admitted appropriating "at least $370." He had been in sole charge of the cash fund, Cole reported.

Lt. Don Rice Had Ringside Seat On European Invasion

"Had ringside seat for the big event. Crew all well and happy." That was the contents of a cablegram received by Mr. and Mrs. C. J. Rice, 204 S. Huron-av, last Friday from 1st Lt. Donald C. Rice, Fortress pilot with the 8th AAF in England.

Since the cable was filed on June 7 it is assumed that "the big event" referred to in the message was the invasion of France. It was the first word that had been received from him since before the invasion began. Monday his letters began to arrive in groups—six Tuesday, five the day before. They were letters that had failed to come through on schedule causing anxiety to his family and friends.

Now in addition to news of his safety comes word that he will be given a presidential citation for "an honorary mission." The exact nature of this citation was not made clear in his letter but further information concerning it is expected in a few days.

Pilots "Our Babe"

Lt. Rice, 21, is the pilot of a B-17 bomber, "Our Babe." Up until June 2 he had already flown 22 missions and it is assumed that several more have been added since that time. He had previously been awarded the Air Medal and later an Oak Leaf Cluster to the Air Medal.

He trained in the Southwest Area, finishing his work at Alexandria, La. He has been in England since Jan. 1, having flown across with his crew. He received his wings in July, less than a year ago, and had additional training at Pyote, Tex., Kearney, Neb., and again at Alexandria.

Lt. Rice was a graduate of West High School and was a student at Ohio State University when he entered the service.

During the two hours of drill each day the Red and Blue Armies are taught maneuvers and general warfare. A project now underway is the construction of an obstacle course in the nearby woods. Plans are being made for an exhibition to be given in the future.

Also under consideration is the organization of a Girl's Training Course. Mrs. Braden should be contacted by those interested.

Water Damage Is Important Item In Fire Control

An important part of Fire Department work which is of special value in reducing the water damage is the work of the firemen assigned to that particular duty. While the shortage of men in the Fire Department seriously handicaps this branch of the work, every effort is made to keep the water loss as low as possible.

As soon as hose lines are laid, and the fire apparently under control, a certain number of firemen begin the salvage work. Pictures are removed from the walls, clothes from the various closets, rugs neatly rolled up, and the furniture moved to the center of the room—where they are covered with large water-proof salvage covers.

These precautionary measures save the citizens of Columbus several thousand of dollars annually, which ordinarily would be added to the annual fire loss.

Letters From Service Men

***Military restrictions forbid the publishing of service addresses.

Weekly, letters arrive from boys overseas, expressing their thanks for the Hilltop Record, "the weekly letter from home."

The following is a letter from Charles Rader, Ships' Cook, 3/c, son of Mrs. Lloyd Ruder, 1623 Granville-rd, former residents of the Hilltop:

June 6, 1944

Dear Sir:

Well, here I am again. I always want to keep you informed of my change of address. I have been transferred up north to better duty.

As you know, I have been cooking for officers of the Navy. Now I am going to cook for the captain of the base.

About two months ago there were some new men transferred to this base. In the group was one of my old pals. He is from the Hilltop also. I used to go to school, carry papers and work on the railroad with him. His name is Ray McKnight. He also receives the Hilltop Record.

I want to thank you again for sending the Hilltop Record.

Very truly yours,
Charles L. Rader, S. C. 3/c

— Letters — To the Editor

Hi! Hilltoppers:

We receive The Hilltop Record and get news from all our old friends, but it is impossible to write and receive mail from all of them. I imagine we peruse our copies of the Record much more thoroughly than most of you even though they are about ten days old when we get them.

We have been living in this most interesting city since January and like it very much. There are plenty of service men and women here as most of these who go to posts in the Pacific War Zone leave from here.

My husband, Wm. Luther Freeman, was offered a job at Hunters Point Naval Drydocks as Radio Inspector in December. He had been an Electrician First Class at Mare Island for two years, the new job meant following his chosen profession and a fine chance for further advancement—so, here we are.

I imagine a lot of you wonder about our weather, as so much is said of the sunshine, fog, rain, etc. Well, I will give you the truth. We have a very mild climate all the time. It never gets hot and never gets cold. We grow garden and flowers the year around. There is always a good wind blowing; it gets quite strong about 3 p. m. as the tides are changing. We have rain during the winter months consistently, starting in November and from then till May we have plenty of use for a raincoat most of the time. After the first of May we don't have to worry about rain spoiling our picnics. Yes, we have plenty of fog—sunshine, 280 days.

There are so many places to spend pleasant liesure hours. The lovely, famous Golden Gate Park is probably the most popular and interesting place. There are bicycle and bridle paths, band concerts on Sunday, and a very interesting museum, aquarium, conservatory, arboretum, play grounds, ball diamonds, polo field and a broad beach on the Pacific ocean. The zoo vies with the park for attention and is equally well liked. There are parks and playgrounds for adults and children in many places all over the city. Chinatown holds a fascination for all and the International Settlement is equally enchanting. The little "cable cars" going up and down the steep hills and turning by hand in the heart of the busy, throbbing city are a source of amusement, but very useful. The opera and theatre give excellent performances and there are plenty of all types of movie houses too. A visit to the amusement park on the ocean and the Cliff House and Seal Rocks are also a must. On the other side of beautiful San Francisco Bay we have Oakland and Berkley nestled at the foot of the coastal range where we can see snow on top in winter.

The sight of an occasional Ohio license still gives us a thrill; it has been over two years since we left the Hilltop and it looks like we won't see our friends back there till "Victory". My parents, Mr. and Mrs. O. E. Cassidy, 449 S. Terrace-av, made us a visit in March which we enjoyed very much. The subscription to the Record is a gift from them.

Yours for a Speedy Victory,
Grace Cassidy Freeman.

MY HEART IS OVER THERE

That's why my HANDS are busy here!

MILLIONS of American women are applying their hands over here, answering Uncle Sam's call to help with our national food crisis. With 20 million Victory Gardens and five billion jars of home-canned foods, they conserved our resources of fighting foods in 1943.

In 1944 you are being asked to raise and preserve 20 percent more, to assure every fighting Yank and his brother—as well as the home front—with needed nourishment.

For success, can with care, following proper instructions,* and use BALL JARS. They have been the housewife's preference for more than 60 years. Leaders always!

Vacation Trips Not Considered Essential

Motorists contemplating extensive vacation trips in their cars this year were reminded today by the Columbus Ofice of the OPA that "No special gasoline rations may be issued for vacation travel," and also that "gasoline rations issued to B and C-book holders for essential driving may under no circumstances be used for vacation trips."

District Director John H. Summers said that it is permissible for motorists to use their A-book allotments of gasoline for short vacation jaunts. At OPA's estimated 15 miles per gallon, that means that during a three-month period, no motorist can legally make a vacation trip to a point more than 180 miles from home, even if he uses his car for no other purpose.

"We realize that 360 miles of pleasure driving over a three-month period is not much," Mr. Summers added, "but it must be remembered that during just the first three days of the present invasion of Western Europe, allied planes made 27,000 sorties, consuming an estimated 50 million gallons of gasoline, or enough for 750 million miles of pleasure driving. Until this unprecedented demand for gasoline is past, American motorists will have to rely on public transportation for their vacation trips—or, better still, stay at home. This is a gasoline-powered war, and until Hitler is defeated, the motoring public will have to make this small sacrifice."

County Engineer Appeals To Residents To Keep Grass Cut

Due to the labor shortage in the County Engineering Department, County Engineer Allan Slade this week appealed to the residents on County roads to assist the County in keeping the grass mowed around mail boxes and driveway posts.

"The driver must stop and get off the mower and cut the grass around posts and shrubbery by hand, and if the residents would cooperate and cut the grass that cannot be cut by the mower, many more miles of mowing could be done each day," Slade pointed out.

The County's 10 mowing machines are now busy in every district in the County cutting the grass along the berms and backslopes of the county roads.

"Considerable hand labor is required to cut the grass and a number of high school students are now employed by the Engineer's Office but we must take care of the weed cutting before the rag weeds get ahead of us," Slade stated in asking the public to assist the County during this emergency.

Vol. XXVIII, No. 10 | The Hilltop, Columbus 4, Ohio, Friday, June 30, 1944 | Total No. 1318

COLORFUL RALLY

Tonight's Bond Rally at Hague and Broad promises to be quite a get-together for a large number of Hilltoppers . . . it has been proven by the success of the "Jeep Brigade" that it is only human nature for people to like to have a little something out of the ordinary when they are making an investment, no matter how good the cause . . . thus the War Finance Committee of Columbus has wisely hit on the plan of giving an exhibition, ably assisted by Fort Hayes motorized equipment and personnel, in order to help make the quota . . . here's hoping the turnout is tremendous.

JIVE SESSION FOR SURE

Those teen-age hep-cats who can really dig the lingo of the zoot-suited and reet-pleated society of the Hilltop are urged to attend the jive session tonight at 8:00 at the Hilltop Swimming Pool and Roller Rink, where all the gates will be in the groove . . . well alreet, let's bring the drape-shape and cut a rug . . . this big-time "sweet-'n-swing" has been postponed before, but those in the know say it is a sure thing this time.

HERE AND THERE

Larry Scales tells us that he is getting splendid help from his two daughters in his attempt to keep up with that big job of name checking, filing and painting on the Hilltop Honor Roll in Glenwood Park . . . Comes word from Mrs. Evelyn Braden that the Glenwood Playground is in need of horseshoe equipment. May we suggest that anyone having a surplus of this type sporting equipment get in touch with the lady?

Mr. and Mrs. Chet Henry will leave the Hilltop soon to take up their residence in Florida . . . The Pete Edwards family has moved into a new home on N. Hague-av . . . We understand that Faye Wilhelm, S. Ogden-av, is quite a fancier of bologne. It is said that she has even served it to guests, in a pinch of course . . . Congrats to Paul Knospe on his election to the presidency of the Ohio Accountants Assn. How about that, Ration Board personnel?

LOST—ONE FLAG

Rev. James Lorenz of Westgate Methodist Church reports that his Church has lost a large American Flag . . . it seems that the flag was hanging in the Westgate Park Shelterhouse and must have fallen to the floor where someone using the building thought it had been abandoned and took possession of it . . . anyone knowing of the whereabouts of said flag should contact the Rev. by calling RA. 0619.

WHAT'S WRONG WITH THE BUS

One of the Hilltop's pet gripes these days is the uncertain service rendered by the Hague-av bus . . . The utility company operating this service has advised us that this problem is due to mechanical trouble brought on by labor and parts shortage, which is typical of the entire city. However, the Hague-av situation is more noticeable because of the presence of just one bus . . . anyway, there doesn't seem to be too much cure in sight right now.

MOTORCYCLES vs AUTOS

We note that the little white cars have finally won out over the dangerous motorcycles for use by city patrolmen . . . We are sure that all Hilltoppers are glad to get this news, for here more than any other part of the city has this danger been apparent.

TYPOGRAPHICAL ERROR

O. H. Craft brings to our attention the result of those little gremlins known as typo errors . . . "To Americans of every party I pledge a campaign dedicated to one and above all others—that this nation under GOLD may continue in the years ahead a free nation of free men".—Dewey's address, as printed in a city paper.

War Bond Sales Are Increased

"Jeep" Provides Added Incentive

Total Fifth War Bond sales increased sharply on the Hilltop this week as many residents were listed as buying bonds from the popular "Jeep Brigade".

Individual sales by block workers showed a marked increase as the total sales jumped up to $13,000, according to Mrs. Leonard Wisdom, co-chairman of the local drive.

This report indicates an increase of $5,000 through 29 individual sales, as compared with last week's accomplishment of $27000 through 61 sales.

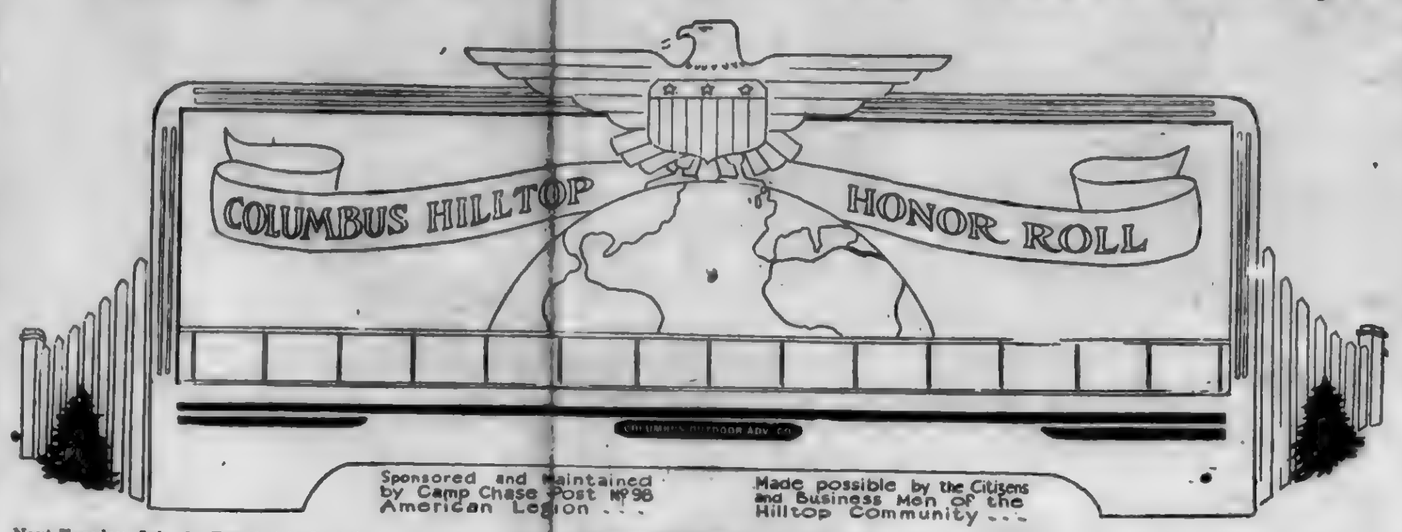
Other names later added to the list of buyers were: Mrs. C. A. Hackman, 295 S. Huron-av; Ruth E. Gary, R. Contizano, 138 N. Huron-av; Charles B. Allers, 445 S. Warren-av.

Knospe Is Elected Pres. Of Group

Paul J. Knospe, 216 Brehl-av, public accountant with offices at 35 E. Gay-st, was elected president of the Public Accountants Society of Ohio at the 16th annual conference held at Hamilton, O., this week. He is a former secretary of the organization.



Mr. Knospe is a graduate of West High School and Franklin University. He has had an accounting office of his own for more than 12 years. He has been been serving the Hilltop Record as accountant and tax consultant for the past four or five years.

Six Runs Made During Week

Local fire department made six runs during the past week. On June 23, they were called to put out a garage fire at 127 N. Ogden-av. On June 26 they made a run to 2020 Fairmont where two electric wires had crossed, and rubbed through the insulation. Only damage was the burned wires.

Sent to 293 Sylvan-av, the blaze was extinguished. No estimate was made of the property damage. At Helen and Walsh a davenport was burned almost completely. The flame was stopped before spreading. Two calls were made June 28—one to 1540 Union-av, and another one to Whitethorne and Broad-sts where a telephone pole was ignited by a dropped cigarette.

Hilltop Honor Roll One Year Old Tuesday

Next Tuesday, July the Fourth, will mark the first anniversary of the dedication of the Hilltop Honor Roll, an idea conceived and executed with community support by the Camp Chase Post No. 98 American Legion, to honor the names of men and women from this area who are or have served in the armed services of their country in this World War II.

Dedicated with 1510 names in a summer shower just a year ago, the board now has a total of 2625 names with 56 more already checked and waiting to be added to the honor roll. Twenty gold stars indicate the reported number of boys from the Hilltop who have been killed or who have died while in the service. Names are added in panels of 106 and a waiting list is maintained until that many names have been submitted before a new panel is added to the board.

To Larry Scales, 603 S. Eureka-av, went the job of keeping the board posted for the duration and take it from Larry, it has developed into a job that even he never visualized. The task of properly checking and accounting for every name that is sent to the sign painter and finally posted on the board has involved hundreds of hours of time—time that is being contributed without charge willingly.

Goes Into File

Each name, when it is submitted, must be first set up as a card in a master file. It must then be checked and cross checked to avoid any possible duplication. This and numerous other tasks related to these records involve continual attention week in and week out.

* * *

For the information of persons not familiar with the procedure for submitting names for the honor roll: The names of men and women now serving in any branch of the armed services are eligible for posting. The name must be submitted in writing (preferably print to avoid any possible incorrect spelling of names) to the Hilltop Record or to Camp Chase Post No. 98 American Legion, 3180 W. Broad-st, by the wife, husband, parent or member of the family. Names will then be printed in a special Honor Roll column appearing weekly in the Record and then posted on the Honor Roll that stands in Glenwood Park at the top of the hill on West Broad-st.

Scales estimates that only approximately 75 percent of the eligible names have ever been submitted for posting. Names can be submitted at any time regardless of when the person was inducted.

The last panel of names was posted this week. Another list is expected to be ready for the sign painter by about July 10.

Larry Scales

Larry Scales has been responsible for keeping the Hilltop Honor Roll up to date since its dedication one year ago.

Lt. Davis, Sgt. Shover Arrive In South Pacific Theatre

Harold M. Shover, of U. S. Marine Corps, was promoted to rank of sergeant upon his arrival for overseas duty somewhere in the South Pacific. Completing his basic training on Parris Island, N. C., he was sent to Memphis, Tenn., then later was transferred to Cherry Point, N. C., to complete his training as Aerial Gunner.

Sgt. Shover's wife, the former Dorothy Richter, and daughter, Pamalee Ann, live at 182 Guernsey-av, with Mrs. Shover's mother. Before entering the service, Sgt. Shover was employed by the Pinkerton Tobacco Co. He has been in the service for 20 months.

Shover Meets Davis in S. Pacific

Second Lt. Dan Davis, who at 19, was the youngest graduate of Corpus Christi graduating group Aug. 4, 1943, was the only Ohio boy in his squadron until his arrival in the South Pacific. There Harold Shover was assigned as aerial gunner to the ship Dan pilots. They are in a patrolling division in the South Pacific, where, Davis reports, they are "itching to get into combat."

Davis, the son of Mr. and Mrs. Steve Davis, 179 N. Wayne-av, is a West High graduate. Until his entrance into the service, July '42, he was employed at the Government Depot. The Marine Cadet received his basic training at Iowa City, Ia.

Hilltop Stores Close Monday

Various stores of the Hilltop have announced that they will be closed Monday, July 3 in order to give their employees a long July 4th weekend.

This decision will not affect groceries, banks or drug stores. Following is a list of those firms known to be closing:

Seiller's, Broadway Shoe Store, Mechem Shoe, Melvin's Hardware, Economy Variety, Fay's, H & H Hdwe., Vance's Dept. Store, Jacques Furn. Store.

Rites Held For Former Deacon

Funeral services were held Monday at 2 p. m. in the Noble Allen Chapel for Hiram Randall, 57, of 55 S. Warren-av. He died suddenly last Saturday of a heart attack suffered at his home.

Mr. Randall and his wife, Mrs. Jessie Randall, were active in the Hillcrest Baptist Church where he was chairman of the deacons until two years ago when a member of the advisory board and general superintendent of the Bible School.

He was also very active in other church affairs.

Besides his wife, he is survived by three daughters, two sons, four sisters and a brother.

President's Citation Given "D-Day" Gunner

Breaking into the combat line-up of the Eighth AAF on "D-Day", Sgt. Paul S. Phillips, Jr., 20-year old flying fortress gunner is now playing a vital role in the air support of ground operations on the new second front.

The Hilltop flyer received his battle baptism when his fortress flew with a formation which hammered the French invasion coast just before allied troops swarmed ashore.

On duty with a veteran combat group, which has been cited by the President for gallantry in action over Nazi Europe, Sgt. Phillips is carrying out assignments against tactical targets on the continent, aimed at destroying and disrupting enemy supply lines and reinforcements.

He is the son of Mr. and Mrs. Paul S. Phillips, 80 S. Ketchworth-av, and he formerly was an assembler at the Curtiss-Wright Aircraft Corp.

Band Parents' Club Opens Drive For New Uniforms

A drive for funds to purchase new uniforms for members of the West High School Band was initiated Wednesday and will continue through Saturday, July 8, it was announced this week by Mrs. Ellis Jones, 647 Wilson-rd, president of the Band Parents' Club.

It is planned to contact all business firms of the Hilltop, West High Alumnae and interested individuals in an attempt to raise the necessary $2300 for complete euipment. Of this amount, approximately $1300 was estimated to be in the treasury at the present time.

According to Mrs. C. M. Williams, 586 S. Ogden-av, Chairman Ways & Means Committee, band members have offered to buy the trousers in order to further cut the $1000 needed to make up the necessary total.

It was pointed out that the present uniforms are ten years old and badly in need of replacement.

Mrs. Jones requests that any interested parties contact an officer of the club at RA. 0085 or RA. 0765. Contributions also may be made by contacting any of the following Uniform Committee: Mrs. H. S. Swinehart, 203 Binns-blvd; Mrs. Otto Best, 169 Chase-av, or Mrs. L. K. Fishlinger, 152 N. Roys-av.

Michael Matheny, seven-year-old son of Mr. and Mrs. James Matheny, 179 N. Warren-av, suffered a broken arm when he fell from his scooter near his home Monday evening.

Let's Have A Band For The Hilltop Community!

Record Believes There Is Need For Greater Music Appreciation

Would you like to play in a Hilltop Band organized for the enjoyment of amateur musicians? Or if you do not play a musical instrument, would you enjoy an occasional band concert on these hot summer evenings? The Hilltop Record believes there is a definite place in the community life for such an organization.

Reminescing over old times with Robert Draper, city school board member, attorney and amateur musician, last week, the subject of the old Hilltop Band somehow or other got into the conversation. To tell the truth it was news to this writer that any such band had been in existence but Draper recalls the organization very well, having been a member of it for three or four years, and doubtless many other Hilltoppers will recall it with many pleasant recollections. We're told that it broke up some time in the late twenties. (The Hilltop Record would be grateful to some individual who would volunteer to give us a more complete history of the old Hilltop Band.)

Then the following query by Draper, heartily endorsed by the Record: Why not a Community Band for the Hilltop?

Any Hilltop resident who migrated to the community from one of the many small towns or cities throughout Ohio will doubtless recall the "home town band" that cut such a figure at the Fourth of July picnic or the Decoration Day parade.

Many Ex-band Members

Continued discussion brought out the fact that doubtless hundreds of West High School graduates who once enjoyed playing in the school band have laid aside their instruments to gather dust once their school days were over. Undoubtedly many of them for years back would enjoy an opportunity to get back into some such community band. It's an established fact that with many persons their musical participation ceases when they leave high school or college, never to be resumed unless a convenient outlet for their talents is available.

We believe the Hilltop has a distinct place for such an organization along with the Hilltop Male Chorus, temporarily inactive because of war time conditions. It could be used to furnish music for community functions on numerous occasions throughout the year and could provide a regular series of evening concerts for Westgate and other Hilltop parks. It could be an all-year activity participated in by many members of the community and appreciated by all who enjoy hearing a band concert played by ones neighbors and friends.

We believe such an organization could be the means of promoting fellowship among would-be musicians who feel that they are "not good enough" to play in some of the fraternal or other organization bands throughout the city. Requirements for admission need not be so rigid but that anyone with a fair knowledge of some instrument would find a place. On the other hand, with competent direction we believe that in a few months time a band could be developed with sufficient ability to represent the community anywhere.

A Community Undertaking

Such a band should be a strictly community undertaking, so organized and so directed that no person would feel that he or she was excluded because they did not belong to some organization. It should be open to men and women of all ages.

Hundreds of service men and women returning home to the Hilltop some day should find in it something worthwhile that was added to the community while they were away on business for Uncle Sam. Many of them would doubtless appreciate the opportunity to be a part of such an undertaking.

The Hilltop Record would appreciate hearing the reactions of some of its readers relative to the organization of such a band. It would also welcome the cooperation of some community organization or organizations to add impetus to the formation of a committee for getting the machinery rolling. A letter, postcard or phone call to the Hilltop Record, 2465 W. Broad-st, RA. 1125, would be appreciated.

War Bond Rally This Evening

Military Exhibition Is Featured

A gigantic War Bond Rally is to be held at the corner of Hague-av and Broad-st this evening from 7 to 9:30, it was announced Wednesday by Jos. M. Briggs, president of the Hilltop Business Men's Association.

The colorful rally, which will feature an exhibition of military equipment from Fort Hayes, is sponsored by the Business Men's Association in co-operation with the Columbus War Finance Committee. This committee will be represented at the rally by Sid Phillips of Radio Station WCOL, chairman; Gray Hussey and M. Garek, members.

According to Briggs and Garek, the program will feature John Moses of Station WHKC as master of Ceremonies and will be heard over a large area by public address system.

Equipment Exhibited

The military equipment will include several "jeeps", two 75mm guns, half-track, amphibious "jeep" and various other equipment, which will be lined up in front of the West Broad St. School prior to and during the rally.

There is to be approximately 200 volunteer workers to canvass the entire Hilltop prior to the rally, according to Garek. Original plans called for the use of "jeeps" for this canvass, but military regulations prohibit such quantity use of this equipment.

The rally is to get underway with a speech by Briggs, then the entire program will be opened to the purchase of War Bonds, which will be handled by a staff of competent stenographers.

HBMA Holds Annual Meet At Lewis Farm

The last regular meeting of the summer season was held by the Hilltop Business Men's Association at the Tom Lewis farm on Wilson-rd, Wednesday evening.

The program was started with a ball game at 6:30, then followed by an outside lunch. The regular business meeting was held after lunch, at which the following action was taken:

The association agreed to sponsor the bond rally at Broad and Hague Friday night, in co-operation with the War Finance Committee. It was also decided to initiate the rally with purchase of a large-denomination bond.

Twenty-five dollars was appropriated for the teen-age handicraft program which is conducted by Pat McGuire at 209 S. High-st. It was pointed out that this program, of which Charles Kent is treasurer, includes many Hilltop boys.

Routine business was completed in preparation for the off-season period during the months of July and August.

A three-inning ball game, between the Sullivant-av Swamp Rabbits and the Broad-st Ridge Runners was won by the Rabbits with a score of 14-8. THAT'S DIFFERENT

I saw a ship go out to sea—
It didn't mean a thing to me.

I saw grapes wither on the vine—
What mattered it? They weren't mine.

I read that children starve in Greece—
Not mine, the fault—I'd lived in peace.

My brother, though, has gone to war—
I'm not indifferent any more!

BELATED EXPLANATION

When sorrow held your spirit
Beneath its sombre hood
I walked beside you, silent,
I never understood;

How could I feel, how understand
This thing I had not known
Until I too, dear friend, had walked
The narrow road alone!

GOD BLESSED AMERICA

God blessed America,
Made her strong and great,
Guided her through trouble
To a mighty state.

Governed by our Father
She has grown to be
Greatest of all nations,
Home of Liberty.

God, grant America
Will always be
The same strong citadel—
Homeland of the free.

SELF-DISCIPLINE

Today I shall perform small tasks
And pay each meted dole
With will, unsparing as a rod,
To reach the evening's goal.

Tomorrow greater tasks will come
And in my hands will lay
New burdens I can lift because
I have not shirked today.

Gertrude W. Robinson,
in Rounded Hours.

SO IS THE RAMPART TAKEN

If but the goal is clear, the vision true,
No cause is lost, no bravery undone.
Hold fast the dream within the heart of you,
So is the rampart taken, the battle won.

WEIGH IN FOR THE BIG PUSH!

Help build the planes the Air Forces need to finish the fight!

Yes, our highest air officers are authority for the statement that we must build a billion pounds of planes in '44.

Plenty of those pounds of planes must be Helldiver dive bombers...the fist of the fleet...the hard-hitting offensive weapons used by U. S. Navy fliers to blast Tojo's toughies along the road to Tokyo.

Obviously, these Helldivers must be built before they can be flown. You men and women are needed at Curtiss-Wright to build them. You are needed urgently because the need is urgent. The best time to strike the enemy with the full force of air power is when we have him on the run. Here is Essential work with a capital "E."

Don't let inexperience keep you away from Curtiss-Wright. Our Training School is now conducted right at the plant where the Helldivers are built, and you quickly learn to take a regular place on the production line. You earn while you learn. Don't wait to put your fullest weight into the fight. Come out now to Curtiss-Wright for an interview.

OSU Twilight Enrollment Up Over Last Year

Enrollment in the Twilight School at Ohio State University for the summer quarter is more than double that of last summer, according to figures released by Dr. Marvel Neil Luxon, director. Three hundred and fifty-five students, an increase of 132 per cent over the 1943 summer enrollment of 153, are enrolled in 54 courses offered by twenty-four departments of instruction.

The summer quarter is the eighth quarter in which the Twilight School has been in operation. Total enrollment for the first four quarters was 1461 and for the past four quarters 2036, a gain of 39 per cent.

The Twilight School office is working with the college offices in planning the 1944-1945 program which will be described in a bulletin covering the next nine months. New courses of special interest to the adult clientele of the Twilight School will be given during the coming year, Dr. Luxon reported. Suggestions from individuals or organizations regarding courses to be included in the program may be sent to the Twilight School office. All courses carry full university credit.

News Call for The Yanks

By Shalmir Springer

Hello, there!

The past few days have been enough to make all of us Hilltoppers envy you kids stationed in Alaska—and sympathetic with those of you who are over in India or Africa. And to top it off the post office has already sent around a notice, giving instructions on mailing Christmas packages to you boys—and this on the first of July!

Several Hilltop boys were part of the big news which splashed recently — "D"-Day. Bob Corr well took part in the Normandy invasion while E. C. Furrow was loading bombs at an air base in France. First Louie Allen Shepherd piloted in the first wave of U. S. 9th Air Force gliders into France. His wife and son live at 540 S. Wayne-av. Charles Weygand, S M 2/c, was in the first and thick part of it, too. These are just the first to be reported—and probably there are many more whose names we just haven't gotten hold of yet.

• • •

They Write Us

John F. Naddy wrote to let us know how much he liked the Record—"more than any other paper from home, simply because it is a link between me and wherever the other fellows might be." Then he ends the letter by a thought which a lot of service boys and girls have echoed—"the Hilltop as a community is hard to beat—that can only be realized when a fellow is away from it" . . . In the same mail we received word that Herb Neeshan, son of Mr. and Mrs. Louis Neeshan, 221 Haldy-av, had been promoted to 1st Lt. He's a pilot with the Army air force.

• • •

Taking A Lamp at the Camps—

James Francis Holland, son of Mr. and Mrs. C. E. Carr just returned from Virginia Beach, where they were accompanied by their daughter, Mrs. Ruth Essig and granddaughter, Susan Lynn. They are staying at Idlewhyte Hotel. Mrs. Essig's husband, Ensign Roger H. Essig is receiving his training at Norfolk, Va.

Sgt. Transferred:

Wife Comes Home

Tech. Sgt. and Mrs. Harold L. Pennington and their six-months old son, Harold Edward, arrived home last week from Gladewater, Tex., where they have been residing for the past year while Sgt. Pennington was stationed at Camp Fannin.

Sgt. Pennington is on delay of route to his new post, Ft. Mead, Md. Mrs. Pennington and son will reside with her parents, Mr. and Mrs. Greenland, 403 S. Eureka-av for the duration. Sgt. Pennington has been in the armed forces since Oct. 41.

Special Services for Thors in Service

This July 4 will mark the first anniversary of the Honor Roll Board now in Glenwood park. There will soon be a total of 2681 names . . . Donations are still being taken for the Memorial Hall which will someday be erected. Sketches drawn of it promise it to be a fine looking building . . . Some Columbus organizations are getting behind a search for the largest family in armed service—perhaps a Hilltop family will get it. At least, the Alban family with five should vie for the honor.

Boot Leave

Robert Kent Ealy S 2/c RM, son of Mr. and Mrs. Lewis G. Ealy, 656 S. Terrace-av, recently spent an 11-day leave at his home after finishing his boot training at Great Lakes. He was assigned to the University of Wisconsin for special radio training.

Furlough Roll Call:—

Four have reported present this past week. Pvt. Joseph A. Gill, son of Mrs. O. E. Gill, 353 S. Harris-av, was home for a few hours Saturday . . . A graduate of West High School, T/Sgt. Frank W. Wright, son of Mr. and Mrs. J. W. Wright, 3010 Derby-av, was recently home on a 15-day furlough from Laredo, Tex. He is stationed there with an air force quartermaster unit . . . Coxswain E. O. "Bill" Heigen came home recently for a four-day leave. His wife lives at 240 S. Brinker-av . . . After having spent 10 days at home, Cpl. Thomas L. Huffman will leave tomorrow night. He will return to Camp Phillips, Kans., where he is with the field artillery. He is the son of Mr. and Mrs. R. L. Huffman. His brother-in-law, Bill Wylie is stationed at Tinker Field, Oklahoma City.

Maker Visit To Hilltop; First In Over A Year

S/Sgt. Arthur T. Dale arrived home last Friday night on furlough, leaving the following Sunday to spend the remainder of his furlough with his wife in Philadelphia. Sgt. Dale is in the Ferrying Command and last week was the first time in a year and a half that his sister, Norma Dale, had seen him. He graduated from West High School.

• • •

Delayed En Route

Pvt. Dewayne Adams, son of Mr. and Mrs. Paul Adams, 277 N. Ogden-av, was delayed en route to California. Adams, who had been stationed at New Orleans, left June 28.

G. I. Incidents:—

Dan Davis was the lone Buckeye in his squadron until he went overseas, when another Ohio boy—a Hilltop kid, to boot—was placed on the same ship. Harold Shover is aerial gunner on the plane Dan pilots . . . Joseph A. Aleshire, Jr., now stationed in New Guinea, has been promoted to the rank of corporal. He is the son of Mrs. Joseph F. Aleshire, Sr., 436 S. Ogden-av, and his wife and son reside on Clarendon-av . . . A Hilltop Record appeared where George B. Friend, is stationed in Italy. After reading it through, he immediately sent a letter home to his mother, requesting that we send it to him. Very enthusiastic about the news it contained, he acknowledged however, that it made him mighty homesick.

It's time to blow taps now, and put the Record "to bed." So long!

Word has been received by Mrs. J. C. Wilson, 234 N. Hague-av, that her husband, RM 3/c, arrived in San Francisco June 20 after a six weeks' cruise in the South Pacific. His boat returned with the 1200 Marines who had been stationed in the South Pacific for 25 months.

Capt. Don Gentile, Air Ace, Makes Repeated Flights Over Westgate

By Louise Everett

America's leading European air ace swooped low over Westgate Monday, circled three times, then flew westward. Ten minutes later he telephoned his fiancee, a native-born Hilltopper, from Wright Field, Dayton, where he is temporarily attached to the materiel flight command.

One of the first to greet the ace air ace, Don Gentile, upon his arrival home from the European war theatre, was twenty-year-old Isabelle Mas-, who had known him for seven years.

The five-foot two, green-eyed brunette will probably be married at St. Joseph's Cathedral, although definite planning has been postponed until Gentile receives his orders from Washington. Miss Masden is, however, positive that she will wear the traditional white and that her maid of honor will be her sister-in-law to-be, Edith Gentile.

Miss Masden, born in Ogden-av, Feb. 7, 1924, now lives at 163 Powhatan-av. She was graduated from West High School, where she was very active in Girl Reserves, and she is now a bookkeeper at the Commercial Motor Freights, Inc.

Miss Masden attends St. Mary Magdalene Church.

Her fiance, a Mustang fighter pilot, has been awarded the Oak Leaf Cluster in addition to his Distinguished Flying Cross.

Service News In Brief

Cpl. Harry M. Sampson, son of Mr. and Mrs. O. G. Sampson, 33 S. Warren-av, returned June 3 to Camp McClelland, Ala., where he was joined by his wife later this month. He will have been in the service a year this September. His brother, Charles is now in the San Diego Hospital. Charles graduated from West High School.

Lt. Harry E. Richter, son of Mrs. Margaret Richter, 181 Guernsey-av, is now somewhere in England. He is a graduate of West High School.

LIKE A KICK IN THE PANTS

John Hill, 81 Clarendon-av, reports that he flew from Kansas City,. Mo. to Lockbourne Air Base in a P-38 last week . . . he describes the take-off in this high-powered job as the same sensation as a "kick in the pants" . . . It seems that John was out there on a military construction job and just happened to finish at the right time to catch a speedy ride back to Columbus.

CONTRIBUTION

Glenwood Playground is now the proud owner of a brand new pair of regulation horseshoes . . . Bill Stokes, who resides on S. Wayne-av, came into the Record office with the beautiful red and blue shoes Friday evening after reading this column's request for the articles. They can be picked up here anytime, Mrs. Braden . . . and thanks, Bill.

HERE AND THERE

John Apel, 41 Powhatan-av, has taken over the reins as manager of the Miller Glass Engineering Co. John was formerly Chief Engineer of the company . . . We understand that Fred Baker is quite an artiste when it comes to watering flowers. The story is that he even believes in keeping the artificial variety well moistened . . . Tom Lewis' farm out on Wilson-rd is becoming very popular as a summer meeting place for various groups on the Hilltop. First it was the Hilltop Business Men's Association holding their summer meeting there; now Camp Chase Post American Legion and later Auxiliary Police No. 2 will take to the Lewis' country home for their next meeting.

THANKS

Our thanks to Howard Wellman for the excellent job of designing this column's heading. Howard, formerly a Hilltop resident, now lives in the Hills and Dales section of town. He is employed at Surface Combustion Corp. in the capacity of commercial artist.

THE CORN GROWS TALL

An anonymous lady called the other day to inform us that she has two Republican birds at home. She says: "Every morning when I get up they are saying 'Dewey, Dewey, . . . from the same source, "A woman was dining at a down-town restaurant, after seeing her bill she remarked that Ferdinand must be dead. When asked what brought on that remark, she answered, 'I just ate his liver' " . . . Don't blame us, we were just passing it on.

Local Enlistees Leave June 29 For Training

Two ocal girls were among those who left last Wednesday night for Hunter College, New York City, where they will begin their trtining as Navy WAVES. They will be stationed there for a period of six weeks indoctrination, after which they will be sent to various schools or assignments.

The two from the Hilltop who have left for "boot" training are Anita Faye Hack, 25½ N. Burgess-av, and Gertrude Candace Steece, 454 S. Terrace-st.

Camp Chase Post To Have Outing

The annual outdoors meeting of Camp Chase Post No. 98 American Legion will be held at the Tom Lewis home, 474 Wilson-rd, tonight with a good turn-out of Legionnaires expected. The last outside meeting planned by the Post was rained out.

Refreshments will be served during the evening.

It was announced this week that the mid-summer jubilee sponsored annually by Camp Chase Post will be presented at Sandusky and Sullivant with the appearance of the Gooding Shows. The dates are July 10 through 15 at the Sunshine Park grounds.

Eight rides will be included in the show with proceeds going to the Memorial Hall fund. The memorial fund was increased by $178.20 as a result of the presentation of "Footlight Fantasy" dance revue at West High School on June 23.

Merchants Bow Out Of First Round Race

The Hilltop Merchants were eliminated from the first round running in the Sunday Afternoon League at Westgate Park Sunday when they were beaten by a score of 12 to 5 by Allen Milks.

The victory for the milkers gave them a tie with Lockbourne Air Base for the first round league championship. The Merchants, who still have two first round games to play, can at best gain a second place berth in the standings.

Sundays game had all the earmarks of a high school Spring practice opening exhibition as the game produced a combined total of 10 errors, seven for the Merchants and three for Allen Milks. The youngsters made more wild throws than they have committed all season, went to sleep at their positions and ran the bases like they had never seen a base path before: then at times they were sensational in their fielding plays. They were unable to connect with the slants of the milk-men's veterans Lattimer and McClure and were held to seven scattered hits, as compared with 12 given up by Don Stewart and Duke Simpson of the Merchants.

Club Sponsors Holiday Spectacle

The Buckeye Republican Club was the sponsoror of a Fourth of July celebration held at Franklin Park. A full program, including women's and men's ball games starting at 3:30,p. m., band concert, pageant and fireworks, was presented.

This celebration took the place of the July meeting.

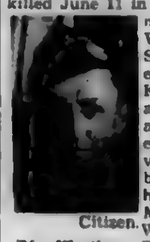
Dorothy White

Red Cross Worker First Local Woman Reported Missing In Battle Areas

With the tempo of battle increasing on all war fronts four Hilltop persons were reported killed or "missing in action" during the past week. Miss Dorothy White, a Red Cross worker, believed to be the first Hilltop woman reported missing, two men who lost their lives during and immediately following the invasion of France, and another man reported as missing in the Asiatic theatre comprise the largest casualty list of Hilltoppers in one week since Pearl Harbor.

A hospital aide and the first woman workers for the American Red Cross to land in Italy last November, Miss Dorothy E. White has been missing since June 14 on an airplane flight between Italy and Sardinia, the Red Cross has been advised by the War Department.



Miss White entered the service of the Red Cross in June, 1943, and was sent overseas last July after a month's training in Washington. She had served in North Africa and Sicily at the time of her assignment to the Fifth Army Evacuation Hospital in Italy, where she arrived five days after the invasion. Her latest assignment was with the 93rd Evacuation Hospital behind the front lines of the Allied invasion forces.

Letters received by her mother, Mrs. Howard Whitehead, 2239 W. Broad-st, reported that earlier she and another Red Cross worker had traveled alone with natives from N. Africa to Sicily, and that, by taking to foxholes on the trip from Sicily to Italy, she had successfully dodged German shells.

Assistant publicity manager for Helena Rubenstein, Inc., in New York City before joining the Red Cross, Miss White had graduated from East High School and Ohio Wesleyan University. She had formerly taught in Frankfort, O., schools.

He formerly attended West High School and was employed by the Kroger Grocery and Baking Co. at the time he entered the service, in December, 1942. The husband of Mrs. Molly Condlon Worthen, 1525 Franklin Pk South, and the son of Mrs. Ethel Worthen, 2567 W. Broad-st. Pvt. Worthen had been overseas since April, 1943.

Pfc. Worthen

Surviving him are an infant son, Robert D. Worthen, 11 months old, whom he had never seen; four brothers, Cpl. Joseph Worthen, now stationed in England; Phar. Mate 3/c Phillip Worthen, Boston, Mass.; George B. Worthen, Coumbus and Carter Worthen, living in Texas. Mrs. Pat Montenaro, Columbus; and Miss Helen Worthen, Washington D. C., both sisters. Another sister, Miss Virginia Worthen, began training this past week with the Women's Army Corps.

Sgt. Welker Killed in France

The day following the appearance of a news item in a local paper reporting the award of an air medal to T/Sgt. George Henry Welker, Mr. and Mrs. E. F. Welker, 123 N. Burgess-av, received a telegram from the War Department informing them of their son's death.

Sgt. Welker, who was killed in France June 20, entered the service July 29, 1941, and had received his basic training at Ellington Field. He was graduated from the aerial engineering division, Blackland Flying School, Waco, Tex., and also from the gunnery school at Kingman, Ariz. He had been stationed in England with the 8th AAF since last February. At the time of his death he had completed seven missions over enemy territory.

Also surviving are six brothers and a sister. One, Sgt. Vincent Welker, is with the quartermaster corps, stationed in Italy.

Welker graduated from West High School in 1939.

Lt. Aeh is Missing

Mr. and Mrs. George W. Aeh, 37 N. Powell-av, received word June 28 that their son, Lt. Paul R. Aeh is missing in action since June 16.

Lt. Aeh entered the service January, 1942, and received his basic training at Hondo and Ellington Fields, Tex., receiving his wings in August, 1943, in a graduation ceremony from the latter base. As a navigator and a bombardier he was sent into the Asiatic area last March.

Old-Time Band Member Volunteers Information and Indicates Interest

EDITOR'S NOTE: The following letter was received in response to a request for information about the old Hilltop Band which was published in last week's issue of the Record.

Coumbus, Ohio,
June 30, 1944

Editor of The Hilltop Record

Dear Sir:

Your article in today's issue suggesting a community band for the Hilltop, was particularly interesting to the writer, especially the reference by Mr. Draper to the old Hilltop band.

This organization, of which I was a member from about the year 1922 until it disbanded in 1935, enjoyed continuous existance through those years, under the able direction of Mr. Frank Van Houten.

Known as the Citizens Band in later years, it became very popular among the rural communities of Franklin county, playing annual concerts in Mt. Sterling, Harrisburg, Hilliards, etc., as well as numerous special engagements during the summer season, notably the annual Fourth of July picnic at the State Hospital.

Sponsored by no particular group or organization, we held weekly rehearsals in the Glenwood shelter house and maintained a treasury fund for the purchase of new music and other expenses by a voluntary donation of 5 or 10 cents from each member on rehearsal nights.

The fact that such an organization, held together by sheer love of music by the individual members for so many years, without the benefit of any outside backing whatsoever, seems to me would prove the wisdom of your suggestion to keep such a project free from domination by any particular fraternal or other group.

In my musical experience of the past 35 years, I have been in and out of 8 or 10 fraternal bands, which are invariably short-lived because of meddling or interference on the part of non-musical lodge officials.

After our disbandment, caused mainly by the retirement of Mr. Van Houten, as well as adverse conditions during the depression, our boys scattered through the various other bands in 1939; in 1941, we were sponsored by the Brotherhood of Locomotive Engineers, and after a very promising start with this organization, the war wrecked the band by taking all of our younger musicians.

The old timers of our group are thinking about these boys returning from the war, and no doubt they too are yearning for the solid enjoyment of "practice night" in the band room. Let's not disappoint them; let's get the old band going again so they can start where they left off in the good old days; give them a chance to continue music as a hobby and keep them out of the beer joints.

The time to start is NOW. A few of the old timers including Jerry Dorr and Eber Varner, can be rounded up as a nucleus, and if some of the high school graduates can be interested to ensure a fairly well balanced instrumentation, the initial rehearsal could be held within the very near future.

Desiring to assist in this enterprise and feeling that our experience would be of some benefit, the writer with two other of the old band members who are very much interested, would be pleased to attend a committee meeting, presuming that in your position of influence you will be able to line up the support of some of the "go getters" of our community in order to secure complete success, in line with the usual Hilltop tradition. You may contact the writer during business hours, RA. 4109.

Yours very truly,
G. W. Felkner
2333 W. Broad-st.

Columbus Foundation Is Started Here

Formation of the Columbus Foundation, through which gifts and bequests for educational, charitable and other public purposes may be administered, was announced recently.

Purpose of the foundation, similar to trust organizations in other cities, is to centralize administration of trust funds and other gifts intended for community betterment and to use such money in the most beneficial way in light of changing conditions.

Athough individual bequests are handled as separate funds, with the requests of the donor followed specifically, the effect of the Columbus Foundation is to allow distribution of income from all such funds just as though it was a single fund.

Local Banks are Trustees

As organized, representatives of two local banks comprise the trustees' committee. These are: B. G. Huntington, president of the Huntington National Bank, and John M. McCoy, president of the City National Bank and Trust Co. Other banks may be included.

If any persons wish to make a gift or bequest for use in this area he may make it to one of these banks or one of the trustees.

There also is a distribution committee. Members are appointed by the president of Ohio State University, the Probate Court judge, chairman of the board of Community Fund, and the trustee banks.

Members of the distribution committee are Hugh Nesbitt and Erdis G. Robinson, appointed by the trustees; George W. Eckelberry, appointed by President Howard L. Bevis; Harrison Sayre, named by Judge C. P. McClelland, and Albert M. Miller, appointed by Byron Redman of the Community Fund.

War Bond Rally Nets $8000; Boosts Total

$40,000 Bond Credited To Local Block Workers' Sales

War bond purchases were given a substantial boost on the Hilltop during the past week as a result of the War Bond Rally held at the corner of Broad and Hague last Friday night and the sale of a $40,000 bond to a downtown firm by one of the local block workers.

Mrs. Ralph Jacobs received credit for a sale of the large bond purchased by the Arcodel System Inc., a local bus company operated by her husband. The Jacobs reside at 2914 Crescent-dr.

Veterans Present

More than $8000 in individual sales were made during the rally last Friday which attracted hundreds of persons. Two soldiers convalescing at the Fletcher Hospital in Cambridge, told of their personal experiences in the battle areas. The men were Pvt. Hilltop Republicans Confident of Dewey-Bricker Slate

EDITOR'S NOTE: The following comments concerning the selection of the Dewey-Bricker ticket were solicited by the Hilltop Record as an expression of Republican party interest in the coming presidential election. A similar opportunity will be accorded local Democrats following their convention later in the month.

Although the subject of conversation during the past two weeks has been the selection by Republicans of the Dewey-Bricker ticket. To get a cross-sectional view of Hilltop Republican party workers and office holders each person interviewed was asked to make a statement concerning the nominees for president and vice president.

Henry A. Koontz, 485 Hilltonia-av, 10th ward committeeman recently installed as a member of City Council:

"I was well pleased with the selection but would have rather seen Breiker on top. In order for Republicans to win they must carry New York state and Dewey as the head of the ticket can do it better than Bricker." (Mr. Koontz and his 16-year old son Dick, attended one day of the convention in Chicago.)

Ex-Mayor Favors Ticket

Floyd F. Green, 3046 Crescent-dr, former mayor of Columbus:

"The Dewey-Bricker ticket is one of the strongest presented to the public in many years and will undoubtedly sweep the nation in complete victory at the November election."

Arthur J. Bellar, 326 Algonquin-av, member of the Franklin County Executive Committee:

"I am 100% for the ticket. I don't see how it can lose. I gather my information from farmers and business men I contact along the line in addition to old line Democrats and they all seem to think we have a wonderful ticket and one that will carry."

Joseph C. Nailor, 109 N. Burgess-av, attorney and representative to the General Assembly up for re-election this fall:

"It is my opinion that the nomination of Dewey and Bricker is the best selection that could have been made I feel that Dewey has certain faculties that will be popular today. It is the best ticket that could have been selected. I beieve that Roosevelt will be defeated if nominated. The trend of the times is for a different leadership in the nation."

Candidate Expresses Views

Rev. Jacob Ashburn, 178 S. Oakley-av, candidate for representative:

"I think it's the best possible ticket and the one that's going to win. It's the ticket that's going to appeal to the majority of the people."

William J. Schneider, 155 S. Roys-av, chairman of the Franklin County Republican Executive Committee and one of the delegates to the convention:

"My opinion as an active party worker is that the ticket of Dewey-Bricker is going so strong and so well accepted by newspapermen, radio commentators, and people generally that it will definitely be elected in November regardless of what ever the opposition might be."

Mr. Schneider pointed out that Bricker made a most favorable impression on the convention both as a candidate for the presidency and in his later role when he stepped down in favor of Dewey. It appeared they liked Bricker personally, liked his looks, liked the things he stood for, and liked the fact that he was big enough to step out in favor of the popular Mr. Dewey, he said.

F. E. Robertson, 65 S. Hague-av, member of the Franklin County Republican Executive Committee:

"I am very well satisfied with the ticket although I was all for Bricker in the beginning. I think we have the strongest nominees that the party has had since I have been old enough to know anything about politics. My belief is that the ticket will win by a big majority."

Bride Carries Pearl Rosary Carried By Maternal Grandmother 51 Years Ago

Miss Catherine Jane Hitchcock became the bride of Mr. Ernest W. Evans at 9 a. m. Saturday, June 10, at St. Mary Magdalene Church. Miss Hitchcock carried a pearl rosary which was carried by her maternal grandmother at her own wedding 51 years ago.

The bride was accompanied to the altar by her father, Mr. Robert C. Hitchcock, 472 S. Westgate-av, for the ceremony which was read by the Rev. Father Raymond Bauschard.

Inserted between the sheer marquisette yoke and the full gathered bodice of the bride's white taffeta wedding gown emerged an edging of seed pearls. The sleeves tapered to points above the wrists and the folds of the skirt formed a long train. Her fingertip veil of bridal illusion fell from a tiara of paralyzed orange blossoms. She carried a shower bouquet of snow white roses.

Miss Rosemary Hitchcock, sister of the bride, as maid of honor, wore a gown of aqua taffeta net. She carried an arm bouquet of golden charm roses. Miss Mary Alice Evans, sister of the bridegroom, was dressed in an identical gown of yellow shade and she carried happy day roses. They wore short veils to match their gowns. Miss Alice Martin as flower girl, was dressed in pink taffeta and carried a small colonial bouquet of mixed flowers. Each attendant wore a tiny gold cross on a gold chain, her gift from the bride.

An uncle, Mr. Edward Berghoff of Fort Wayne, Ind., served as best man for Mr. Evans, who is the son of Mrs. Ernest W. Evans, 1098 Franklin-av. Ushers were Mr. David Grassbaugh and Mr. Daniel Grassbaugh.

The bride chose a gray two-piece gabardine suit with white accessories and an orchid corsage for her trip to New York, where the couple will reside at 420 W. 119th-st.

Plenty To Eat, Drink, Boy In France Reports

People Generous; Country Beautiful

In two letters to his parents, a boy now stationed in France, revealed something of what life of an "invader" is like.

Mr. and Mrs. Charles Wright, 499 Whitethorne-av, received word from their son, Rav, in the Army that he had been in action since "D"-Day and that he was well.

Excerpts thought to be of interest have been taken from the letters.

"The people here sure are glad to see us and treat us well. We get all the wine and cider we want and have had some cognac—and we need it sometimes, too. The French people and most of the champagne hidden from the Germans and they are only too willing to give it to us.

"I can't understand the language very well but the people seem to know what we want and they get it for us, too.

"We are resting now and believe me, I am tired. A little French lad just came by with milk for us. It sure tastes good, too. We give them gum and K-ration crackers and that's all they want. This country is somewhat like England and I hope to get to see more of it before it's over.

In a letter dated June 10, Sgt. Wright said:

"Just had a bath (first in 10 days) and a shave and feel pretty good. You would laugh if you could have seen me trying to take a bath in a wooden tub. We get a few laughs out here, too, even among the trials we have to go through.

"Well it's about time to crawl in my foxhole and try and get a little sleep. Will say goodbye and hope to hear from you soon."

BISCUITS CAN BE DIFFERENT

July is a good month for quick bread — biscuits, muffins, popovers. Of course, shortcake is a form of biscuit, too. Through the summer you can have raspberry, blackberry, and peach shortcakes. Use large individual biscuits, made with extra shortening and some sugar, for foundations.

Did you ever stop to think that biscuit dough appears on the table in many forms? Size or shape may be different; flour and other ingredients may be different; the place in the meal or the time of day where the "biscuit" is served may be different.

Cut biscuits large, and serve them with meat or gravy over them, or creamed chicken or fish or vegetables—a good main course for dinner, lunch or supper. Or use them as the top of meat or chicken pie—separate rounds cook better than one large top spread over the baking dish.

Medium-sized biscuits go well as bread for breakfast or dinner. Tiny ones are nice for afternoon tea. Biscuits don't have to be round. Save time by cutting them square, instead of using a cutter.

Then there are dropped biscuits, biscuits baked in muffin tins with a surprise filling in the middle, and scones. In Scotland, scones are cut, in large triangles and baked on a griddle. Flavor biscuits by adding grated cheese to the dough, or peanut butter, nuts, grated orange peel, cinnamon, minced ham or bacon.

Or try some pinwheel biscuits. Spread the rolled-out sheet of dough with a filling, roll the sheet up, and slice the "pinwheels" across about an inch thick. Bake on a greased pan. Chopped ham, moistened with mustard, makes a good spread for pinwheels or peanut butter, or just cinnamon and sugar.

You can make almost any of the biscuits with different flours. Whole wheat flour, or part rye or soya flour will make biscuits with a different flavor. Or use peanut butter in place of part of the fat.

In making biscuits, the Bureau of Human Nutrition and Home Economics found that the old rule about light handling for tender biscuits still holds good. For drop biscuits, stir only enough to moisten the ingredients, then drop by spoonfuls on the baking sheet. The biscuits will be crisp, tender, but uneven in shape.

The same dough, spread on the board, cut and baked, produces even, crusty, flat biscuits. Dough which receives 15 to 18 strokes of kneading gives tall, light, flaky, tender biscuits. But too much kneading makes flat, tough biscuits.

The standard recipe for biscuits calls for 3 cups of sifted flour, 2 teaspoons of baking powder, 1 teaspoon of salt, 6 tablespoons of fat and 1 cup of milk, or enough to make a soft dough. The less flour added on the rolling board, the better. Bake at 450 degrees F.

Among Our Friends

Are You The
Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world — and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

IN MEMORIAM
In loving memory of our son and brother Roland A. Harmer who departed this life six years ago, July 9, 1938—
A step into the darkness—but he was brave and young,
And far ahead like a beacon, the torch of his hope was flung;
Who knows what wonderful beauty he found in that land afar,
Or how the path of his dreaming swings on from star to star?

A step into the darkness—but light breaks just ahead,
And God gives life eternal to ones that the world calls dead,
And somehow, somewhere, smiling, he looks in the face of truth
And finds in rich fulfillment the dreams of his eager youth!
Sadly missed by parents, Mr. and Mrs. A. O. Harmer and brothers Dick and Jack.

Vol. XXVIII, No. 12 | The Hilltop, Columbus 4, Ohio, Friday, July 14, 1944 | Total No. 1320

AND THE RAINS CAME

The Hilltop, as well as the entire city of Columbus, was grateful for the Wednesday afternoon showers, although quite a number of people got a soaking. One person was heard to exclaim that he "just wanted to take a real long walk right in the middle of the hardest part of it" . . . this person should have taken his walk down to Eureka and Palmetto and gone swimming while he was at it . . . Westgate victory gardens seemed to take a new lease on life as the stimulating H2O soaked down into the roots of those pathetic-looking vegetable plants . . . Here's hoping that the rain-barrel was tilted in time to keep late summer and fall vegetable and fruit prices somewhere below the ridiculous stage.

TENT TROUBLE

Three Legionnaires were very busy boys Wednesday afternoon when the rainstorm with accompanying wind toppled a tent at the Legion Carnival at Sullivant and Sandusky . . . it sure would have been a sight to see Messers. Swain, Davies and Bellar swinging those sledges in the midst of the downpour . . . it is reported that Bellar got the shock of his life when he tried to replace a light bulb during the mix-up.

HERE AND THERE

WAVE Jean Young blew in for a short visit this morning with her former co-workers at the Record. She sure looks mighty chic in that uniform. Guess you will enjoy your furlough, Johnny O'Neil.

We've spent a few very interesting hours listening to Pfc. Fred Perkins tell of some of the training, and experiences that the glider boys have been going through in their various training jaunts all over the country . . .

Several Hilltoppers are experiencing delays in obtaining sugar certificates because they have been mailing "Sugar stamp 37" when "Spare stamp 37" should be mailed to their ration board instead. We certainly don't envy the housewives these days, who must be bookkeepers on the side in order to keep their spares and strikes in order . . .

Note that the Columbus Accident casualties over a ten-year period ending in December of '43 include 1,628 killed and 154,832 injured with an economic cost of $21,772,220 . . . getting killed or hurt can be measured in dollars and cents, then.

The Record now has another addition to its staff in Ellen Clark, West High graduate of '44 . . . also another transferring to Uncle Sam's employ in Edwin Busch . . . bring out that scoreboard, Lee, and let's see who works here now . . .

JIVE SESSIONS POSTPONED

Mrs. Uridle called to notify us that the regular Friday nite jive sessions must be postponed temporarily, due to conditions beyond the Teen-Canteen's control . . . we take it that she meant for us to pass it on inas much as we are a little above that age.

QUITE A BOY

Little three-year-old Jimmy Pracht, who says he lives at 76 N. Huron-av, strolled into the Record office Wednesday morning with his mother . . . after shaking hands with everybody, he takes a chair, inquires as to the operation of a typewriter, trys out an adding machine and states very manfully that he is looking for a job. When told that he was kinda small for this type work, Jimmy informs us that he weighs 51 lbs. and is considered to be quite a boy, and he wasn't kidding . . . stick around, bub, the manpower shortage may develope a job for you yet.

USED CARS AND CEILINGS

There is quite a bit of discussion over the used car ceiling prices . . . ceilings start with '37 models and all cars older than this can be sold at the '37 ceiling, yet the largest turnover affects the older models . . . and there is all "as is" price and a "warranty" price, the "as is" meaning a car just as you drive it into the dealer and the "warranty" a car after the dealer has repaired it in

The award was announced at a meeting of the group at the home of Tom Lewis, 474 Wilson-rd, last Friday night.

Robert Draper

"It was the first time in my life that I ever saw Draper so surprised that he couldn't make a speech," was the comment one onlooker made when the award was presented.

Draper has been active in numerous city-wide and Hilltop civic activities. At present he is chairman of the Price Panel and adviser to Selective Service Board No. 13 in addition to serving as chairman of the Southwest District Boy Scouts of America, a position he has had for three years. He also served as a captain in the Civilian Police for two years, was chairman of the first Scrap Drive and together with Curt Wilcox was instrumental in getting the use of a large tract of school owned land north of Westgate Park for a community Victory Garden project.

Ohio State Graduate

He graduated from the College of Law at Ohio State University in 1930 and immediately went into the practice of law with Herbert Duffy, former attorney general. He was later associated with Brooklyn Bridge in a law office and is now a partner in the firm of Evans and Draper.

In 1939 he took his first plunge into politics and was elected to a position on the Columbus School Board, placing third in a field of 12 candidates. He served as president of the board for several months and was re-elected to his school board post last fall in an overwhelmingly Republican election, placing second in the race. Draper is a Democrat. He piled up 41,988 votes to lead the late Ray Haunts (city councilman), one of the most popular vote getters on the Republican ticket, by almost 600 votes.

What little spare time he may have is devoted to flower gardening and music. He plays in the Shrine Band is one of the originators of the suggestion to organize a Hilltop community band. Mrs. Draper too is a music lover, having taught music for several years. She is chairman of the West Side Philharmonic Club.

The Drapers reside at 74 N. Roys-av. They have two daughters, Nancy, 3½, and Deborah, 1 year.

Draper is also an active member of the Big Brother organization and is a former Bible School teacher. He served as chairman of the Franklin County Ministerial vacation Bible school for a year.

Hilltop Factory Rumored

Judge Turner Farm Believed To Be Site Of War Factory

Considerable speculation was heard on the Hilltop this week concerning the possibility that the Fisher Body Co., a subsidiary of General Motors, might be preparing to build a factory on the Judge Edward C. Turner farm just west of the Hilltop. The only points thus far definitely established are that a 200-acre tract of land is under option and that the engineering firm of Jennings and Lawrence are at work surveying the site.

The land under option lies between W. Broad-st and Sullivant-av and is immediately east of the Georgesville-rd. The New York Central Railroad runs diagonally across the tract.

Persistent reports indicate that the construction firm of Darin and Armstrong, builders of the Curtiss-Wright plant here in Columbus, have a contract and are already at work laying out a factory for some out-of-town concern. Officials of the company have not verified the report thus far.

At Detroit, officials of both General Motors and the Argonaut Realty Co., a subsidiary, said they knew nothing of any plans concerning a Columbus factory.

Large Factory Proposed

The proposed factory would occupy a space 900 by 1600 feet and would engage in war work, according to current reports.

Meanwhile Hilltoppers were inclined to be a bit skeptical of the outcome of a large factory so near the community. Some real estate men were apprehensive over the project, pointing out that it would prevent the natural westward growth of the residential section. Others saw the possibility of cheap housing projects that would tend to force real estate values down on better grades of property in the Westgate and Broadview sections.

Two Hilltop Homes Sold In Transferral

Several Hilltop homes were bought in recent transactions. Francis J. Quinn, field manager for the L. B. Price Merchantile Co., purchased 112 N. Westgate-av. Mr. and Mrs. Quinn will occupy it in the near future.

Mr. and Mrs. Reynolds have secured a home at 449 S. Huron-av, from Mr. and Mrs. Loran M. Mershon, who are moving to Cincinnati.

VALLEYVIEW-DR CLOSED

A representative of the County Engineering office states that Valleyview-dr will be closed to traffic for five days during a period of reconstruction.

Norman Kennedy, 27, of 2326½ W. Broad-st, was driving a Valley Public Service Bus at the time an accident occured which caused three Lockbourne soldiers to suffer fractured arms. He told police that he swerved the bus to avert striking a boy who had just alighted from a S. High-st car at Hosack-st, and the bus struck the pole.

FALL INJURES BACK

Frank Bowers, 70, 324 N. Haldy-av, suffered a back injury Wednesday when he fell from a ladder while painting a house on Brevoort-rd, emergency squadmen reported. He is reported in fair condition at University Hospital.

Here's First Hilltop Band

This is the original Hilltop band. Organized in 1912 and directed by George Shockey, it was active until about 1918.

Pictured in the front row, left to right: Ira Dean (deceased), Harry Biddle, George Parreti (deceased), Harley Carter, Director Shockey (deceased) and Ruth Shockey, vocal soloist and daughter of the director.

Second row, left to right: Mr. Budd (deceased), Ed Morrison, Morris Biddle, Frank Hogan, Frank Pencil and Homer Ellison (deceased).

Third row, left to right: The first two men were brothers but are unidentified, Charley Henderson(deceased), unidentified, and Ed Gatewood.

Fourth row, left to right: The first three men are unidentified, Harry Dennis and Floyd Ellison.

EDITOR'S NOTE: This is the second in a series of stories developing the history of community bands that have existed on the Hilltop at various times. Last week's letter by C. W. Folkner told something of the activity of the second Hilltop band.

• • •

What is believed to have been the first Hilltop community band was organized about the year 1912, according to Floyd Ellison, one of the original group. It functioned as an active organization for approximately half a dozen years when its membership was seriously depleted by American participation in the first World War.

The original band was directed by George Shockey, a former director of the Ringling Brothers Circus band. The aggregation was augmented each winter by four of his brothers, Bill, Jake, Chaney and Joe, all members of the same band form which their brother had retired.

Mention of the Shockey brothers recalls to many Hilltoppers another former circus bandsman, Milton Westlake, now deceased. Mr. Westlake, at the time of his death a city councilman and always a loyal Hilltopper, was always interested in bands, particularly the one with the "greatest show on earth," with which he spent several years touring these United States.

30 To 40 Members

Composed of 30 to 40 musicians the first Hilltop band rehearsed each week in the old carpenter shop at the Columbus State Hospital. One of the members, George Parreti, now deceased, was superintendent of the carpenter shop.

In addition to having lots of fun together the group played many concerts annually both on and off of the Hilltop touring most of the towns and small cities within a radius of 60 miles. One of the high spots of each year was the Fourth of July concert played at the State Hospital. The band also played in most of the churches that were then on the Hilltop in addition to man in other parts of the city.

Mr. Ellison in reminiscing over some of the activities of the band recalled a series of concerts played in the rotunda of the Capitol Building during a Christmas season.

After talking to him by telephone and discovering that he could give us some information about the original Hilltop band, this Record reporter went to his home at 369 Eldon-av and found him rummaging through trunks in the attic for pictures of the group, one of which appears with this story.

In addition to the director, Mr. Ellison recalls that at least six of the original band members have died, perhaps there may be even more for six of the 22 musicians pictured he could not identify. After all 32 years is a long time to remember names and faces some of which he has not seen since the band broke up in 1918.

He believes there is a definite place on the Hilltop for another community band, suggsted two weeks ago by the Hilltop Record and endorsed by numerous business men and representatives of various Hilltop groups.

Ellison himself played the baritone horn but has had little time or opportunity to devote to it in recent years. He is employed by the E. A. Kinsey Company here in Columbus and like many other Hilltoppers is working long hours to keep up with war-time demands.

Hilltoppers Take First, Third Places At Bridgeview

Paul Leighninger

A golfing combination of Paul Leighninger and George Smith won the Columbus Publinks Association's A and B "Amateur-Amateur" Tournament at Bridgeview course Sunday.

Paring up for the first time, the two men came through with a best 30 for the first nine holes and 36 for the second half of the course to total a 66, while four other teams came in with 67s.

Two other Hilltop men, Dick Rhyan and George Kanavel, took third place in the tourney after they scored a 67 to tie with three other teams. They were eliminated from the second place standing on the sixth hole in the playoff.

Leighninger who lives at 37 N. Chase-av, is associated with Seiller's Dept. Store. Smith, a former Hilltopper, operates the Spaulding Sporting Goods Store on E. Broad-st. George Kanavel operates the Oakley Market.

This popular type of golf tourney will be repeated at Twin Rivers later this month, and at Beacon Light sometime in August, according to Leighninger.

He has had experience in Industrial Denistry, having been associated with the Firestone Tire & Rubber Co. in Akron.

Two Hilltop Boys Dead, One Injured As Result Of Action

Knox, Ky., and was later transferred to Camp Chaffee, Ark. Since leaving the states a eyar ago, in August, Pvt. Tucker had seen action in Africa, an dwas at Cassino during the winter. He was killed in enemy action June 14 in Italy.

Pvt. Tucker, 20, enlisted in the service while still a student at West High School.

Also surviving are a brother, Walter, who is inspector at the Curtiss-Wright Corp., in Wildwood, N. J., and four sisters, Mrs. Lola Painter, Mrs. Harold Eigensee, Mrs. Betty Alsberg, a student at Otterbein College, all of Columbus, and Mrs. Nelson Calendine, Zanesville.

Purple Heart Given To Injured Soldier

Word was received by the parents of Pfc. Jack Houbler, 22, last Friday that he is now being hospitalized in an U. S. Army Hospital in England after having been wounded in action June 23 in France. Now a member of the Army Forces gorund crew and a possessor of the Purple Heart, Houbler entered the service Nov. 27, 1942 and has been overseas since last October.

Wilson Dies As Parents Are On Way

Enroute to the San Francisco Hospital where their son, RM3/c Earl Wilson lay seriously ill, Mr. and Mrs. Curtis Wilson, 234 N. Hague-av, were notified at St. Louis of his death.

Enlisting in the service July 2, 1942 and receiving his basic training at Alemedo, Calif., he was graduated from radio school at Atlantic City, N. J. He was returned to California for two month's duty with the Costal Patrol. Coast Guardsman Wilson served in the Aleutian Isles area, in Kiska and Attu and then was transferred to the S. Pacific last September where he spent several months in the Pearl Harbor Base Hospital.

The 22-ear-old 1940 West High School graduate had been at the California Hospital for a month. He had been employed by the Timpken Roller Bearing Co. previous to his entry in service.

He is also survived by two brothers, Jack, coastguardsman RM3/c, and Billie; and a sister, Mrs. Edward Sidey, Columbus. The body will be shipped home. Burial will be held in Kenton, O.

HOT?

Here's an opportunity to show your patriotism and yet be comfortable. Hilltop Red Cross Unit headquarters at West Broad St. School are cool; meetings are held Tuesday, Wednesday and Thursday from 9:30 to 3:30, and Wednesday evenings the unit is open from 6:30-9.

Last month the volunteer workers at the West Broad St. School surpassed every other unit in Franklin County by making an all-time record of 40,590 dressings.

The eastern area, of which the Hilltop unit is a part, is expected to ship 20,000,000 dressings monthly for the next six months.

To enable them to the even greater production which is demanded by the increase in quota, appeals are being made for more volunteer workers. Women should wear fresh wash dresses, and no fingernail polish.

Hoover To Toll For Merchants Sun. At Westgate

Hilltop baseball fans in general and followers of West High School baseball teams in particular will be treated to a familiar sight plus a good exhibition of pitching when Dick Hoover returns to the Hilltop in the uniform of the Hilltop Merchants Sunday afternoon at Westgate Park.

The double-header, which is scheduled to start at 1:30, will feature two Hilltop teams, the Merchants and Chubby's Market. First game battery is scheduled to be Hoover and Parkey, high school battery mates at West, followed by Phelps or Duffey and Ison behind the plate.

Dick Hoover, S 2/c, now stationed at Bunker Hill, Ind., pitched for Bristol, Tenn. in the Appalachian League last season, where he won 11 and lost 1. Prior to this he gave a fine three-year performance with West High. He is the son of Mr. and Mrs. Lloyd Hoover, 142 S. Ogden-av.

Split Last Sunday

The merchants spit a doubleheader with Port Columbus last Sunday afternoon at the port. The lost game was a make-up from the first round, thus they are still undefeated in second round play.

Johnny Duffey held the porters to six hits while his mates pounded out eight bingles to cop the first game 7 to 2. Phelps and Ison compriased the battery in the second fray which was dropped b a 5 to 1 score. Parkey received Duffey's alants in the opener.

Hilltop Office Fetes Retired Letter Carrier

Otto Seeds, retired letter-carrier, was feted Saturday evening by members of the Hilltop Station of the Columbus Post Office Department. Mr. Seeds, who resides at 103 N. Hague-av, retired May 30, after nearly 35 years of service in the department.

A reception was held at the home of Credit Pennel, N. Chase-av, which was then followed by a party.

Another Hilltop letter-carrier, Leo Vogel, S. Eureka-av, retired earlier in the year.

Mr. Smith was arraigned on charge of driving while intoxicated. His driving rights were revoked for three years.

Injured In Fall

Donald Mathews, son of Mr. and Mrs. Chas. Mathews, escaped serious injury when he fell from a ladder at the Marathon Service Station, corner Wheatland and Broad, recently.

The boy was taken to Mt. Carmel Hospital after emergency treatment by the Hilltop Fire Department. After X-rays showed no skull fracture, he was returned home.

Former Japanese Prisoner to Speak At Local Church

Rev. J. W. Pattee

Rev. J. W. Pattee, missionary returned from China on the Gripsholm where he was interned at Taming, Hopei, North China, will be the speaker at the Church of the Nazarene, 648 S. Warren-av, at 7:30 p. m. on July 16.

Rev. Pattee spent six years in China. During five years of that time he saw fighting between the Japanese and the Chinese. Three times he was in the battle. When the war between Japan and America started, he was taken prisoner by the Japanese and interned for six months.

In the above picture Rev. Pattee is shown ready to leave internment. When they left the internment camp, the missionaries were told that each could take only what he himself could carry. However, he was not permitted to take his typewriter and accordian.

Rev. Pattee will speak on his six years of missionary experience and the fighting he saw between the Japanese and the Chinese. He will also tell of his internment and the trip home.

Rev. Pattee was a class-mate of Rev. Harris B. Anthony in Northwest Nazarene College, Nampa, Ida. They both received their Bachelor of Arts degree in 1927.

He will also speak at the Central Ohio District Missionary Convention which will be held at the Nazarene Camp Ground, Morse-rd, July 17 and 18.

Memorial Drive Reaches ¼ Mark

Committee members of the War Veterans' Memorial Fund Drive announced this week that approximately one-fourth of the Hilltop had been covered by their "flying squadrons" of solicitors.

This territory, which includes the area west of Richardson-av and between Broad-st and Sullivant-av, has been covered by a group of 20 Legionnaires and auxiliary members working in pairs.

The drive committee is elated by the results of this first quarter of the drive, according to Ray F. McVay, past commander of Camp Chase Post.

Test Road Signs Are Installed

Road signs are being constructed by the County Engineering Office in co-operation with the Division of Traffic and Safety Highway Department. These signs are being placed north of the Hilltop on Trabue-rd, Hague-av, Fisher-rd, and on the Hilliard and Rome roads. The boards of various types and sizes, are being used for the purpose of determining their legibility and visibility.

Stakes are placed at every 100 ft. for six hundred feet from the name sign to help determine how far away the lettering can be distinguished.

County Engineer Allan Slade states that he invites any criticism or comment.

Local Board Announces Title Regulations

All persons who wish to sell their automobiles must have a "Receipt for Surrendered Gasoline Rations" before title can be transferred, it was announced this week by Theo. F. Webb, chairman of Ration Board 25-10.

This form, known as R-569, can only be obtained by surrendering all unused ration coupons, according to the schedule of use. Thus, it is necessary for anyone contemplating transfer of title to closely budget use of their gasoline in order to have the required number of coupons available upon the date of application for this receipt.

It was stated that a release would not be issued unless the owner could satisfactorily comply with the above regulations. Form R-569 must be transferred to the new owner of the automobile, along with the title to enable him to acquire a ration allowance.

GOIN' FISHING

'Tis reported that the Seiller brain-trust kinda rushed the closing clean-up period the other evening in order to get in a few hours with the rod and reel . . . It seems that Jack Merriman is the proud owner of a boat up the river and all that was needed was a little green shrimp to provide fish for all, but the fish didn't materialize . . . possibly because the boys couldn't stand the smell long enough to bait the hooks.

DOG TALE

Picked up a story over the week-end that might be worth passing on: It seems that the inevitable traveling salesman hit a small town with benches in the half-acre public square occupied by three-fourths of the village population. Sitting under the branches of a knarled oak tree was an ancient citizen and a large St. Bernard dog with a checker-board between them. After a closer scrutiny the salesman, to his utter bewilderment, determined that the man and dog were engaged in a checker game, whereupon he asked the old gentleman if he didn't realize that he was the possessor of one of the wonders of the world. The unconcerned character replied, "Heck, he ain't so hot. I just finished beating him three out of four."

GLENWOOD

By Evelyn Braden

The Outdoor Girls' Club held a picnic lunch at Glenwood last night. The lunch was pot luck style, after which several games were played. This picnic is just the beginning of many outdoor features for the girls and is under the supervision of Mrs. Braden.

Handicraft classes are increasing in attendance each day with new ideas being offered. To date there has been Indian bead wearing, waffle weaving, pot holder weaving, embroidering, stuffed toys and articles made of scrap oil-cloth. Next week novelty jewelry will be made.

Anyone having a team desiring to play either the Red Zephyrs or the Polar Bears, please contact either Mrs. Braden or Mr. Grant at the playground.

This afternoon at 2:30 o'clock a scavenger hunt will be held. Prizes, to be awarded to the winner.

Boys and girls! Now that school is closed be sure to bring all scrap paper, newspaper and old magazines to Glenwood for collection. Bring papers any and every day.

Five Alban Boys Serve In Various Branches Of Uncle Sam's Forces

S 1/c Herbie Alban

Pvt. David Alban

SK 3/c Jack Alban

Lt. Russell Alban

Matere Alban USMCR

The service career of the five Hilltop brothers believed to be the largest Hilltop family in service, appears to be equally as brilliant as their past.

This community points with pride to the five Alban boys, sons of Mrs. H. B. Alban, 165 N. Wayne-av, for they are all local "products." The boys attended local grammar schools and West High School.

Following are thumbnail sketches of their high school and business careers:

David, the oldest, was the most recent boy to enter the service. He enlisted in the Marines and left June 10 for his basic training at Parris Island, S. C. Previous to his enlistment he had worked at the Farm Bureau, a position he had held for the past eight years. He is married, and has a daughter who will be two in August. They live at 817 Bellows-av.

Herbie, aged 26 and two years younger than David, is a seaman first class. Just recently assigned to a ship, he had been stationed at Memphis, Tenn. He graduated from West High School in '37 where he was a baseball star, and he was with the Red Birds for one season. Previous to his induction he lived in Mt. Vernon with his wife and daughter, who will be two in September. While a resident there he was in the employee of the Shelmar Co.

Russell, now a lieutenant and a pilot in the Marine Corps, was a yard clerk with the C. and O. Railroad at the time he enlisted in December, 1942, in the Canadian Air Force. Reporting to the Canadian base, he was immediately sent back to the states after Pearl Harbor, where he enlisted again in the Marine Air Corps. Now stationed at Vero Beach, Fla., and living with his wife, the former Jean Austin, and his son, two-months-old Thomas Arthur, he still is actively engaged in photography. At the time he attended West, where he was an all-high center in '41 and accompanied other all-high stars from all over the state to Florida, he displayed talent in painting and drawing, also wood-work. He attended Findlay College, Findlay, O. Lt. Alban is 21-years-old.

Twenty-year-old Jack Alban was home recently for six days. He was accompanied here by his wife, the former Gloria Poling, whom he married last January in New York City. A storekeeper, 3/c at the Motor Torpedo Boat Training School at Newport, Rhode Island, Jack worked for David Davies Packing Co. before he enlisted in the service in December, 1941. He was a member of the June '41 graduating class from West.

Matere, 18, and a member of West's February, '44 graduating class, returned a week ago Sunday after a nine-day furlough to Michigan State Central College, Mich., where he has been stationed since March 1. A private in the Marine Corps Reserves, Matere was an all-high center in his last year at West.

Joins Maritime Service

Bill Garrett, son of Mrs. Walter Golden, 131 S. Eureka-av, left last Tuesday for Cincinnati where he will be with the Marine Maritime Service. He was a former student at West High School. His brother is S 1/c Robert Garrett.

★

Both Sons In Service

Phillip C. Bowser, ASTRP left a week ago last Wednesday for Morgantown, W. Va. The only one to pass the A-13 qualifying tests this past year at West High School, Phillip is receiving his college training at the W. Va State University.

His brother, Don has been stationed in New Guinea since early April, where he has been permanently assigned to aerial photography. In his letters he reports they have excellent equipment with which to take and finish pictures, and that his work is "fascinating." He also adds that the food "is super. It couldn't be better."

Don recently was able to spend 48 hours with a pal, Pvt. Walter E. Richardson, formerly of the Hilltop.

Both boys are the sons of Mr. and Mrs. J. G. Bowser, 35 N. Hague-av, and are graduates of West High School.

★

Two Service Men Visit At Residence

Pvt. James T. Neal, son of Mr. and Mrs. W. E. Neal, 2589 Ridge-av, has returned to Camp Howze, Tex., after spending a 14-day furlough here. Lt. and Mrs. Harold E. Neal were also visitors at the Ridge-av, address. Lt. Neal is stationed at Hill Field, Ogden, Utah.

★

3 Hilltop Boys At Eglin Field

Cpl. Harold L. Gamso, son of Mr. and Mrs. Herbert Hahn, 2207 Sullivant-av, will return next Wednesday to Eglin Field, Fla., where he is connected with the Army Air Forces Proving ground. He entered the service in November, 1942 when he was sent to Atlantic City, N. J. Later he was transferred to Seymour Johnson, Field, N. C. after which he was assigned to the Eglin base. While there he was sent on Dispatched Service to a Technical Training School at Lockheed, Calif. where he was given a two months course on the P-38.

With him at Eglin Field are two other boys from the Hilltop—the only ones from Columbus. Harold Crawford, whose wife and parents reside on the Hilltop, and "Rocky" Rothwell are in the same squadron and barracks.

Fuel Oil Records Are Furnished By Local Ration Boards

Along with fuel oil ration coupons for next winter, local War Price and Rationing Boards are mailing consumers a small folder which will help them to keep track of their use of oil throughout the heating season, Chairman Webb o Board No. 34-25.10 said today.

Mr. Webb urged all consumers to return their applications promptly. The storage space in consumers' tanks is needed to relieve the industry storage problem. In addition, the manpower and equipment problems faced by dealers everywhere will be eased if they can spread deliveries out over a longer period.

Each consumer will receive, along with his ration, a "Fuel Oil Ration Calendar and Delivery Record," Mr. Webb said. The folder contains:

(1) Space for recording the number of coupons received, and their gallonage value for each of the five heating periods.

(2) Space for keeping a record of deliveries to the consumer from his supplier.

(3) A table for ready reference throughout the heating season showing the maximum amount of a consumer's ration which should have been used up to any particular time.

A number of easy ways to save oil are outlined in the folder, Mr. Webb said. These include keeping room temperatures down, closing off unused rooms, limiting the amount of ventilation, keeping window shades drawn, particularly at night, avoiding wasteful use of hot water, keeping furnaces clean, and "keeping the heat inside" by use of proper insulation and storm windows and doors.

Attention is called to the fact that new Period 1 coupons, worth 10 gallons per unit, may be used by consumers as soon as they receive them from the board.

A BAND FOR THE HILLTOP

Plans are taking shape for a get-together of Hilltop music-lovers with the purpose in mind to bring back a community band such as was enjoyed by the citizens many, many years ago . . . several Hilltoppers have volunteered information and expressed a willingness to help in the organization of a musical aggregation which would benefit the Hilltop as a whole and provide moments of relaxation which can in no better way be obtained than from attending a good old community concert . . . thus, the Record feels that it has embarked on a worth-while project.

A call to the Record office brought the fact that George Shockey, director of the old band pictured in last week's issue, is now living in Dayton and that his wife died a short time ago.

CELEBRATES 92nd

Comes word that Mrs. Catherine Litzinger, who makes her home with her daughter and son-in-law, Mr. and Mrs. J. J. Walker, at 310 S. Ogden-av, has just celebrated her 92nd birthday.

Mrs. Litzinger, who has 12 grandsons, 10 of them serving over-seas with the armed forces, is a native of Somerset in Perry County, and, until five years ago has enjoyed excellent health . . . here's hoping that string of birthdays goes higher and higher.

HERE AND THERE

Bill Acord, son of Mr. and Mrs. Neal Acord, 275 S. Hague-av, is due home for a furlough from Nashville, Tenn. soon. Bill is a Cpl. T/5 and has been wearing the G I zoot-suit since July '42 . . . Melvin Griggs, S 2/c, was also home for a short leave from the Sampson, N. Y. Naval Training Base . . . WAVE Jean Young, in reply to last week's remark in this column, says, Quote: "There is only one man in my life and he is in the Pacific", Unquote. It's your story, Jean, so stick to it . . . It is reported that Martha Witherspoon and Luella Davis don't know whether to stand up or sit down after a beating from the sun on the Lake Erie beaches . . .

Curt Roberts, the flower man, is reported to be the proud father of a classy cabin cruiser which is stationed over on Buckeye Lake . . . and the rumors continue to pour in that something big is cooking out on the Judge Turner farm.

BUSY DOING GOOD

Mrs. Chet Hill over on S. Powell-av is spending her long days in bed in a very worthwhile manner . . . she keeps a continuous flow of mail going to all the boys in service from the Burgess Ave. U. B. Church of which she is a member . . . their birthdays, their promotions and troubles all draw the attention of this woman who hasn't time to think of her own suffering because she is too busy thinking of others . . . that, we need more of.

ON THE FAIRWAYS

Beacon Light Golf Course had a big play over the week-end, despite the heat, and also some pretty good scores . . . Saturday, Joe Case scored a 38 on nine holes and Dr. Earl Turner came up with an 87 on his first time out in two years . . . Sunday saw Stanley Russell score an 80, Whitey Marlowe 81, Al French 77 and Squire Lewis an 81 . . . Cpl. Jack Kidwell, who was home on a week's furlough from Ft. Benning, Ga., picked up a neat 70 and a 34 on nine holes . . . We got a bad sun-burn along with something between 100 and 150; we must have lost that score-card . . . and here's hoping no one finds it.

BOY INJURED IN ACCIDENT

Lester LeRoy Davis, age seven, received two broken legs, and two broken ribs when he was dragged by an automobile on Wayne-av last Monday evening. The son of Mr. and Mrs. Lester Davis, 2400 Ray-st, he is now in Children's Hospital.

Westgate Lake To Be Cleaned Up

Plans were made to take immediate steps to remedy the polluted condition of Westgate Park Lake when officials of the city and county met in the Franklin County Commissioners' office Wednesday a. m., according to Commissioner George W. Matson.

In the past few days there has been a large number of complaints on the condition of the lake, which is formed by the natural county waterway being widened inside the city limits and dammed to spread out over a larger area. The lake has been stocked with fish and is very popular with the youngsters as a fishing grounds.

The decision was reached that it would be the responsibility of the County Board of Health to enforce the construction of cesspools by residents of districts bordering on the county ditch. This, it was claimed, would eliminate the pollution of Westgate Park Lake by improving the sewage disposal of the area lying up-water from the lake.

Combined Project

According to Matson, the City Board of Health has agreed to cooperate with the County Department by testing the condition of the lake at intervals in order to check on the county's action. Also the State Department of Health is to cooperate with the county and city by enforcing the sewage restrictions in the area that is not under the jurisdiction of Franklin County.

The prompt action was brought about by local civic-minded men who brought the matter to the attention of C. H. Campbell, Sec'y. of the Hilltop Business Men's Association, who in turn contacted Mr. Matson.

Signs have been erected around the lake to plainly mark the unsanitary condition as it now exists.

Chubby's Market, Hilltop Merchants Split Twin-Bill

The Hilltop Merchants and Chubby's Market came out all even when the two Hilltop teams clashed in a Sunday Afternoon League double-header last Sunday at Westgate Park.

With Dick Hoover, former West High Great and now property of the New York Giants, hurling the first game, the Merchants defeated the Marketeers 5 to 0. Hoover, who was home on leave from naval training in Indiana, held the boys to six scattered hits and picked two men off base in a very professional style.

The second game of the twin-bill went to Chubby's Market by a score of 3 to 0. Hunter was the winning pitcher, yielding only three hits, with Barthehus behind the plate.

Knot-Hole Game to Merchants

The Merchants beat Arlington Knot-holers by a score of 3 to 2 Monday night on the losers diamond. Haines and Ison was the battery for the Merchants with Stewart and Minor working for Arlington.

Dick Ison belted a terrific home-run to left-center during the fray.

Pilot Wolf Cited For Achievement

The award of an air medal to 1st Lt. Daniel C. Wolf, has been announced by an 8th AAF Liberator station in England. The pilot was cited for exceptionally meritorious achievement in combat missions over enemy-held Europe.

Lt. Wolf, a former West High School student, was employed by the R & B Lazarus Co., before entering the service. The pilot of a B-24 Liberater, "That's all, Brother," is the son of Mrs. Emma Wolf, 1728 Walsh-av.

Two Injured As Car Strikes Parked Auto

C. W. Vance, 50, 3023 Palmetto-st, and his wife Addie received injuries when their auto struck a parked car in front of 2241 Sullivant-av early Wednesday. Mr Vance had apparently fallen asleep at the wheel, police said.

Taken to Mt. Carmel Hospital by the emergency squad, Mr. Vance was treated for a broken right arm, while Mrs. Vance suffered a severe cut on her forehead and the loss of several front teeth.

Veterans' Memorial Fund At $11,350

Carnival Proceeds To Increase Totla By $482; Solicitation To Continue

A total of $11,350 has been pledged for the War Veterans' Memorial Building through last Friday night, it was announced this week by Edgar G. Planck, drive chairman, and Ray McVay.

This amount has been obtained through a total of 1131 individual pledges for an average of approximately $10 per pledge, which is according to the schedule set by the committee of Camp Chase Post No. 98 American Legion, sponsors of the drive.

Hilltop Honor Roll Has 2625 Names

The Hilltop Honor Roll in Glenwood Park now has a total of 2625 names of local men and women serving in the U. S. Armed Forces.

A total of 1,797 names have been submitted to Camp Chase Post No. 98 American Legion through the Hilltop Record and directly to the Post.

Based on reports from local Selective Service Boards, Legion officers estimate that there are approximately 3500 men and women from the community now serving. All relatives of those serving are urged to submit their names if they have not as yet done so.

Names are placed on the board in panels of 105 to reduce the cost and conserve the fund set up for this purpose.

$7,020 in Cash

$7,020 has been paid in cash to either the Hilltop Office of the Ohio National Bank or the First Federal Savings & Loan Co., this amount being transferred into a special trust fund at the bank for the proposed Veterans' building.

The proposed plan for recognition of contributors to this fund constitutes the posting of all names of contributors on an inside wall of the building, which will be opposite the names of all Hilltoppers known to have been serving in the armed forces in World War II. It was pointed out by McVay that each pledge should be accompanied by a name of some service man or woman which the contributor would like to sponsor, which will insure a link between the names of service men and contributors. It was added, however, that this was not necessary in order to make a pledge to the fund.

Carnival Nets $482

Another $482.29 was added to the War Veterans' Memorial this week as the proceeds of the Camp Chase Post American Legion Carnival at Sunshine Park was reported by Arthur J. Bellar, chairman of the Ways and Means committee.

Of this amount a net of $102.25 was obtained from the operation of a refreshment stand and [illegible] from the Gooding Shows. The entire amount, after expenses were paid, was turned over to Chester W. Wagner, treasurer of the Veterans' Building Fund, according to Bellar, who reported that he wished to thank the public for their attendance.

Also serving on the show committee were Geo. Lacey, Howard C. Gourly and Horace Swain, with Wm. E. Davies in charge of the refreshment stand.

Home-Is-Home

The "flying squadrons" of Legionnaires and auxiliary members are to continue their house to house canvass of the community, and are attempting to complete this type of solicitation by September, according to Chairman Planck.

Marine Writes From Saipan; Uses "Nip" Pen and Watch

Goes Ashore On Second Morning

Pfc. Verl Stout, USMC, son of Mr. and Mrs. Dewey Stout, 90 N. Wayne-av, has been in action against the Japanese in the invasion of Saipan in the Marianne Islands, according to letters received this week by his parents.

In the first letter, dated July 4, Pfc. Stout, who was known to be in a Quartermaster Co. of the 2nd Marine division prior to the invasion, reported that he went ashore on the second morning of the battle for a foothold on the island. The letter further stated that he was "o. k. and not to worry" and that he would send more information later.

Uses "Nip" Pen

His second letter, just a few days later, stated that there was nothing new except that he hoped they didn't stay very long on this island. A humorous note was detected in the following excerpt:

"I broke my watch which I got in New Zealand and will send it home the first chance I get. I got myself a nice 'Nip' watch to take its place. This is also a 'Nip' fountain pen that I am writing with, and I am having a terrible time trying to make it write English.." He added that he was fine and in the best of health.

Pfc. Stout is a veteran of the Guadalcanal, Tarawa and New Guinea campaigns.

Stout, in his letters, frequently speaks of associating with Capt. Bob Calland, formerly living on Thirteenth-av, and a Johnny Saxton of Cleveland. The boy's mother reports

Verl Stout

that she has been corresponding with the parents of both these boys.

A varied display of souviners was recently received by Stout's parents, along with an authorization by his commanding officer to send them home. Included in this group was Japanese money and equipment which was captured in the various campaigns of the famed Second Marines.

He spent two days with the Naval Amphibian outfit in the Saipan operations, and then was immediately returned to the States, the sailor said. He added that he didn't know how soon he would be released from the hospital for a leave home.

The son of Mr. and Mrs. Elmer A. Howard, 346 Guernsey-av, enlisted in the Navy February, 1943 while still a student at West High School. After his basic training at Great Lakes, he went to the Amphibian Training Base, at San Diego. Later, at Oceanside, Calif., he trained with the Marines and was on one of the landing barges which was photographed for "Guadalcanal Diary."

Incentive Victory Garden Plan Is Proved Successful By Local Project

By Shalmir Springer

Here's a story that is a reminder of the old Mother Goose Rhyme; "There was an old woman who lived in a shoe," etc —only this is about a man who lived on a farm, and had so many acres he didn't know what to do. So he did a very patriotic thing by renting them out to people for victory garden space. He also provided an incentive to the farmers to really work.

How well the incentive worked was proven Wednesday evening when three Hilltoppers judged the prize-winning gardens of the 27 lots rented to the gardeners by H. F. Cunningham, 2860 Valleyview-dr. To those who had, in the judges' opinions, been most successful in farming their plots, Mr. Cunningham awarded a first prize of $10, second prize of $5.00 and third of $2.50.

Experimental Tomatoe Grown

The grand-prize winner was Roland Linscott, 261 S. Richardson-av, who proudly displayed a garden with no weeds, no 'dry-weather' cracks, but plenty of produce. Included in his garden space were some Heintz tomato plants which had been distributed throughout the country for experimental purposes. Already the company has spent $48,000 in trying to determine the best location for growing, so that the best can be used in their canneries.

Second prize-winners were James Dent, 1453 Sullivant-av, and his neighbor at 1455 Sullivant-av, John C. Lincoln, who had worked their two lots together. Claiming the $2.50 award was George Shau, 339 S. Terrace-av, who also had some Heintz tomato plants.

Honorary mentions went to Eddie Leach, 72 S. Eureka-av, Charles Heffron, 27 N. Terrace-av and Virgil Edwards, 30 N. Warren-av. Judges were Mrs. W. R. Hamilton, Dr. H. C. Shetrone, and Mrs. Ray Hauntz.

Crops Vary

This reporter thought one of the most interesting gardens was to be seen at the J. G. Davis plot. Mr. Davis, who lives at 243 N. Harris-av, took me on a tour through his garden and then gave me a bouquet from the corner which was devoted to some very colorful and dainty flowers. Included in his garden species were some tobacco plants which he had transplanted from Simm's creek in Gallia County, eggplants which were about to ripen and blossoming squash vines.

On the whole, all the plants looked surprisingly green for the hot weather they had suffered. The corn was not quite so high as one remembers in other years, but few gardens really looked as though "Love's labor lost."

Modern Poetry

By Esther Weakley

BID THE GUN SPEAK

Altars of war
Are Judas trees;
Let him be armed
Who comes to appease.

Fear is an irritant—
A hingeless door;
Soft spoken words
Are lost in war.

Bid the loud gun
Arbitrate this—
Let the decisive word
Be his.

—Sophie Himmell,
in KALEIDOGRAPH

WORDS

Were they but words I speak into your ear,
A hurdy-gurdy of familiar words,
Their sense would cease, their meaning disappear
More quickly than the whir of summer birds.
Believe me, friend, I know a thousand ways
To make the old seem new; it is no art
To match a rhyme, or turn a jeweled phase—
Were they but words with which I chose to part.

But who can bid a moonlit island rise
Within the blind heart's oceanic deep,
Unless the heart had first held secret-wise
What no command can make it yield or keep?
My words are splintered mirrors of the true,
Blurred echoes of the song I heard in you.

—Cornel Lengyel,
in THE SONNETEER.

HUMMING BIRD

You do not need a voice to sing;
Yours the beating vocal wing.

Jilting pinions hold you up,
Your bill deep in a scarlet cup.

Vibrating music you alone
Need no added throbbing tone.

—Jeanette Slocomb Edwards,
in THE LANTERN.

Arrow shows you
How to tie a Tie

1. Start the knot by putting the wide end over and then under the narrow end in this manner.
2. Then bring the wide over the narrow end again and up through the opening at the collar.
3. Put wide end through the loop loosely and smooth out carefully to prevent wrinkling or twisting.
4. Make lengthwise groove by pinching the sides together over the index finger. This forms a dimple under the knot.
5. Tighten knot and slide into place. The finished job looks like this . . . a perfect knot and drape.

You can always rely on an Arrow tie for making a neat knot every time. A special resilient lining sees to that. Moreover it insures a smoother drape—wards off wrinkles, helps the ties keep their smart good looks much longer. Come in and see our attractive new collection of Arrow ties. . . . . $1 and $1.50

WAVES in Action . . . *Teaching Gunnery*

OFFICIAL U. S. NAVY PHOTOGRAPH

Seated in turrets identical to those they will occupy as gunners on warplanes, Navy men are now being taught by Navy women (WAVES) to shoot 50-calibre machine guns with deadly accuracy. Wearing headphones linking her to the pupil in the turret, the WAVE expert—officially Specialist (G)—sits at the rear of the turret, observes the spraying of bullets on the high-speed target and corrects the marksmanship of the gunner. Shown above is one of the many training turrets in use at the Naval Air Gunners School at Hollywood, Fla. This is only one of the vital jobs done by WAVES. Navy Recruiting Stations and Offices of Naval Officer Procurement have full information about the Navy for young women between 20 and 36 and without children under 18.

Jackson Warns Hilltoppers To Stock Up Now

A special warning is given users of coal by J. M. Jackson, president of The J. M. Jackson Fuel Co., Dana and Thomas-avs, that with the Solid Fuel Administration limiting the amount of coal anyone can store to three-fourths of their total requirement up to Oct. 1, householders should not delay putting their coal in.

He satid that increasing movement of military supplies will greatly reduce coal transportation from mines and make it difficult for dealers to maintain yard stocks adequate to give prompt deliveries to consumers.

"That is why the government wants civilians to get the better part of their coal needs purchased and stored, and the longer they delay the greater chance they take of not being able to get the quality and kind of coal they prefer. Mr. Jackson averred that while his company can fill orders immediately on the better grades, the situation will change considerably as fall approaches.

He said, "soon it will be take what you can get when you can get it," and urges all to attend to this important necessity to next winter's comfort at the earliest possible moment.

PARK NEWS

GLENWOOD
By Evelyn Braden

The supervisors of Glenwood are well pleased with the effort of the children in putting the scrap paper drive over the top. Remember though, boys and girls, this week isn't the last week, bring in all your scrap paper, books and magazines every day during the summer. Let's help win this war and let our fathers and big brothers know we do something else on the playground besides play, that we are in back of them, to help them win.

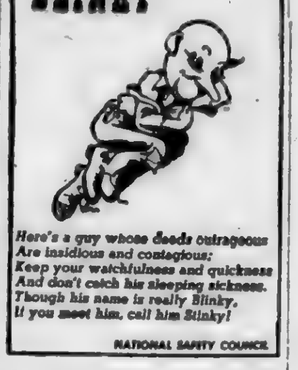
A surprise special event will be held on the playground at two-thirty this afternoon.

Friday, July 28th will be Carnival Night. There will be entertainment, contests, the tall man, the fat lady, dog-faced boy, gypsies and others. Everyone come over and see your friends dressed up as professional carnival people. There will be lots of fun and prizes. Starts at 6:30.

A horseshoe tournament will be held the first week in August. There will be three different age groups. Practice now and enter our tournament.

A representative of the story-telling league will be at Glenwood Park Tuesday evening at 3:00.

WESTGATE



Increased interest in handcraft, including the making of stuffed dolls, pot holders, bibs and ice-tea sets, was reported at Westgate Park this week, by both boys and girls from the five to 11 age group.

Baseball, softball and volleyball continues, with games in volleyball and softball being scheduled with Goodale and Glenwood for Wednesday and yesterday.

The park's horseshoe courts have been reconditioned and in good shape. A need for horseshoes to supplement the equipment was expressed by the park supervision Tuesday.

A new American Flag was flying at the park Tuesday, after reconditioning the pole.

Strictly G. I.

Carl Hudson who enlisted November, 1942, and who has been overseas for 13 months, enclosed a very clever little poem in a letter to his parents, Mr. and Mrs. Carl M. Hudson, 181 N. Oakley-av. It was brought to our attention and we pass it on to you.

G. I. Lament No. 25

Sitting on my G. I. bed,
My G. I. hat upon my head,
My G. I. pants, my G. I. shoes,
Everything free — nothing to lose.
G. I. razor—G. I. Comb
G. I. wish that I was home.

They issue everything we need:
Paper to write on, books to read.
They issue food that makes you grow.
G. I. want a furlough.

Your belt, your shoes, your G. I. tie:
Everything free—nothing to buy.
You eat your food from a G. I. plate,
Buy your needs at a G. I. rate.

It's G. I. this and G. I. that:
G. I. haircut, G. I. hat.
Everything here is government issue—
G. I. wish I could kiss you.

The above scene is from the Metro-Goldwyn-Mayer production "Gaslight" which opens at the Westmont Theatre Sunday for a three-day run. Ingrid Bergman and Charles Boyer play the leading roles in this beautiful production which has gotten beautiful reviews throughout the country from the leading motion picture critics.

The accompanying picture is "Lady Let's Dance" starring Belita. A light frothy musical with some beautiful scenes.

Two Receive Medals

The good conduct medal was recently awarded to Pvt. James E. Gingerall, Jr., son of James E. Gingerall, Sr., 285 Clarendon-av, who is stationed at Munroc, Calif.

Pfc. Howard W. Craig also received a good conduct medal at Governor's Island, N. Y. He is the husband of Mrs. Mary Craig, and the son of Mrs. Edith F. Craig, 88½ Midland-av.

LEARN AND EARN

AT CURTISS-WRIGHT'S NEW TRAINING SCHOOL--now at the plant where HELLDIVERS are built

Many of the thousands of women now at Curtiss-Wright were as totally inexperienced as you are . . . when they first made up their mind to help build Helldiver dive bombers and speed victory.

But they willingly spent a few interesting weeks at the Training School "getting the feel" of tools and mechanical processes . . . receiving pay for every hour of training. Now they are veterans on the assembly lines, working with precision and confidence. They know that in doing their job well, they help our Navy Flyers do their job better. Every Helldiver dive bomber leaving Curtiss-Wright means another headache for Hirohito.

So won't you enter the Training School and enter this work which is so vital, so urgent? This school is now right at the plant. At least, do this: Come out and have a talk with an employment interviewer. He'll explain clearly what it means to our country and you to maintain production schedules on Helldiver dive bombers—"the fist of the fleet."

You must comply with W. M. C. regulations.

'Target, Japan'

Scattering of Jap naval forces off Saipan, and capture of that Pacific stronghold itself, means Japan is open to devastating air attacks from land and sea. Carriers may steam close to enemy's home islands to unloose swarms of bombers. Twentieth Air Force's B-29s will attack from bases in India, China and Saipan. Possession of latter means that vital 100-octane gas, now flown "over the hump" from India to Chinese bases in painfully small quantities, can be brought direct from U. S. in huge tankers, to fuel the great Superfortresses, like one in photo-diagram below.

Fortress Gunner Holds Citation From President

One of the war's most colorful experiences to-date has been registered by an airman from the Hilltop area, Sgt. Paul Phillips, 22-year old B-17 Flying Fortress ball-turret gunner, who took part in the Eighth AAF's three-way shuttle bombing attack from England to Russia, to Italy and back to England.

Sgt. Phillips, son of Mr. and Mrs. Paul S. Phillips, Sr., 80 S. Letchworth-av, and formerly an assembler at the Curtiss-Wright Aircraft Corporation, was in a select force on the 7,000-mile battle flight, which saw Fortresses strike at Nazi Germany, Poland, Roumania, and France.

Phillips, and all the men of his group who made the flight prised the Russian people for their kindness. "For six days they took care of us as if we were their own people, giving us the best of everything they had. We held a much greater spirit of friendship and respect for the Russian people when we left," Sgt. Phillips declared.

The flyer has seen action over a number of enemy targets ranging from Berlin to the Normandy coast. His veteran Fortress group holds a Presidential citation for gallantry in action.

WAITING? FOR WHAT?
Interest on the public debt, plus excessive operating costs of government, alone, will make an economy of cheap dollars mandatory. Cheap dollars mean high commodity prices for a long time to come. If you are waiting, think it over.

A large 12 rm., dbl., good loc., nr. Broad. Gas, bath, elec., no furnace. Needs some repr., but the price is less than an ordinary 6 rm. sgl.

COMMERCIAL OPPORTUNITY—Good loc. on the Hilltop. 1 Acre, brick office bldg, with apt. above, gas, elec. and city water. 400' "BUY NOW" spur track, 20 ton scales, "DON'T WAIT" 15000 gal. gas storage tanks with pumps. The price is low for a quick turnover. This is a wonderful opportunity.
